

# UNDERGRADUATE PROSPECTUS 2025

UNIVERSITY OF ENGINEERING  
AND TECHNOLOGY, TAXILA

## Disclaimer

This prospectus is informational and should not be taken as binding on the University. Each aspect of the educational setup, from the admission procedure or criteria to the examination regulations or discipline, requires continuing review by the competent authorities. The university therefore reserves the right to change any rules and regulations applicable to students whenever it is deemed appropriate or necessary.

## Vision

To be a quality conscious institution of international standing imparting knowledge in the field of engineering and applied technologies in a caring environment for the socioeconomic development of the country.

## Mission

To fulfill the needs of the country by producing responsible graduates equipped with sound knowledge and skills along with highest moral values through conducive learning environment.

## Core Values

- i. Merit
- ii. Honesty
- iii. Justice
- iv. Fair Play
- v. Teamwork
- vi. Transparency
- vii. Accountability
- viii. Implementation of Rule of Law

IN THE NAME OF ALLAH, THE BENEFICENT, THE MERCIFUL

## ORGANIZATIONAL SETUP

### Chancellor

Sardar Saleem Haider Khan  
(Governor of the Punjab)

### Vice Chancellor

Prof. Dr. Muhammad Inayatullah Khan

### Pro-Vice Chancellor

Prof. Dr. Qaiser uz Zaman Khan

### Dean Faculty of Civil and Environmental Engineering

Prof. Dr. Qaiser uz Zaman Khan

### Dean Faculty of Telecommunication and Information Engineering

Prof. Dr. Hafiz Adnan Habib

### Dean Faculty of Industrial Engineering

Prof. Dr. Mirza Jahanzaib

### Dean Faculty of Electronics & Electrical Engineering

Prof. Dr. Gulistan Raja

### Registrar

Mr. Khalid Mahmood

### Treasurer

Mr. Muhammad Nawaz

### Controller of Examination

Engr. Muhammad Kashif Iqbal

**Chancellor**  
**Sardar Saleem Haider Khan**  
(Governor of the Punjab)

## Vice Chancellor's Message

Congratulations on all you have achieved during these past years and for your resilience and arduous work through the extraordinary circumstances during the Covid-19 pandemic. We are delighted to welcome you to the University of Engineering & Technology, Taxila. On behalf of the faculty, officers, and staff of the University, I thank you for having chosen the University of Engineering & Technology, Taxila as your next home.

The University since its inception has continued to provide quality training in various fields of Engineering, Science & Technology to all students. As a university dedicated to educating our future leaders in the field of Engineering & Technology, we encourage one another to foster a community free of biases and discrimination; and to promote a conducive academic environment that is welcoming, fulfilling, inclusive, respectful, supportive, and safe. Our core values allow us to provide a learning environment where we can all pursue our dreams and reach the highest level of excellence. As part of the Vision of the University, we continue to strive for excellence in three key domains namely research, learning and teaching and community service for the socioeconomic development of the country and to ensure that core values of merit, honesty, fair play, teamwork, transparency, and implementation of rule of law remain our hallmark.

As the impact of the COVID-19 pandemic continues to be felt around the country, we continue to provide regular updates including information for students and their families via the official website. During this time, your ability to adapt to an ever-evolving situation; is highly appreciated, as you continue to find opportunities for growth amid the drastic changes.

At UET Taxila, we have a zero-tolerance policy for politics on campus. Please understand that any violation in this respect will automatically lead to the initiation of disciplinary action as per university rules. I invite you to explore outstanding opportunities as well as wide-ranging support services related to various academic domains including teaching, research, health-based facilities, financial aid services, campus environment, student societies and clubs for extra-curricular activities.

I wish you success in all your academic endeavors. Stay safe, stay healthy, stay strong.

ALLAH bless you all.

**Prof. Dr. Muhammad Inayatullah Khan**

## ABOUT THE UNIVERSITY

### Introduction

The antique name 'Takshasila' means the city of cut stones. Taxila has gained worldwide eminence for its archaeological sites. Once a province of the powerful Achaemenian empire, Taxila was conquered by Alexander in 327 BC. It later came under the Mauryan dynasty and attained a remarkably mature level of development under the great Ashoka. Then appeared the Indo- Greek descendants of Alexander's warriors and finally came the most creative period of Gandhara. The great Kushan dynasty was established somewhere near 50 AD. During the next 200 years Taxila became a renowned center of learning, philosophy, art and religion, Jaulian being a center of excellence or a university of that age. Pilgrims and travelers were attracted to it from as far away as China and Greece. History took a new turn around 1950 when Ordnance Factories were founded at Wah, adjacent to Taxila. The country's largest Mechanical Complex and Foundry were established at Taxila in mid-sixties. In early seventies, the industrial progress attained a new dimension when Taxila was chosen to have Heavy Industries Taxila near its world-famous museum. At the same time Pakistan's largest Aeronautical Complex was established at Kamra which is about 45 km from Taxila. In mid-seventies, government of the Punjab found the city ideally suitable for establishing the constituent college of University of Engineering and Technology, Lahore. Industrial progress in and around Taxila is gaining a newer pace. The neighboring industrial organizations are in the process of rapid expansion. A new industrial zone has emerged in Hattar area, which is about 20 km away from Taxila. Taxila is emerging as a leading industrial region at the national level. The strategic location is paving way for the city to act as a gateway to historical "Silk Route".

### The University

With phenomenal increase in students' enrollment in 1970's, a plan to establish additional campuses of the University of Engineering and Technology Lahore was conceived. As a result of that, the University College of Engineering Taxila was established in 1975. For three years it functioned at Sahiwal. In 1978, it was shifted to its permanent location at Taxila. The College

continued its working under the administrative control of the University of Engineering and Technology, Lahore till October 1993.

During this month it received its charter as an independent university under the University of Engineering and Technology Taxila Ordinance 1993. At present total enrollment of undergraduate and postgraduate students is above 5500.

## Administration

The Governor of Punjab is the Chancellor and the Minister of Higher Education of Punjab is the Pro-Chancellor of the University. The Syndicate is the governing/legislative body and the Academic Council is the highest academic body of the University. The Vice-Chancellor is the Chief Executive and Academic Officer of the University. He is assisted by Deans of Faculties, Chairmen of Departments, Directors and Principal Officers of the University – the Registrar, the Treasurer, the Controller of Examinations and the Project Director, to ensure that the provisions of the University Act, the Statutes and the Regulations are faithfully observed and implemented.

## Location

The University campus is located on the outskirts of Taxila at a distance of 5 km from the city. It is situated near railway station Mohra Shahwali Shah on Taxila-Havelian branch line. The city of Taxila is 35 km from the twin cities of Islamabad and Rawalpindi on the main Rawalpindi-Peshawar highway. The University buses commute daily between the campus and the cities of Islamabad, Rawalpindi and Wah Cantt. The campus covers an area of 163 acres. All the teaching departments, residential colony for teachers/ employees, student hostels, guest house, post office and bank are housed on campus.

## International University Rankings

By the infinite grace of Allah Almighty, independent international world university ranking publishers place the University of Engineering and Technology, Taxila comfortably among the upper tier of the world's universities. In the Times Higher Education (THE) World University Rankings we have retained a position in the 601–800 band for three consecutive years (2023–25), establishing consistent research quality and teaching strength on a global stage. This makes UET Taxila top-ranked public sector engineering and technology University across Pakistan for the third consecutive year.

**601 - 800**

Our performance in THE's subject tables further underscores this depth: Engineering has ranked as high as 401–500, Computer Science 301–400, and Natural/Physical Sciences 401–500 during the same period, meaning you will study in departments that compete with—and often outperform—established international peers. Meanwhile, THE's Asia University Rankings list us inside the top quarter of more than 700 institutions across the continent, rising from 251–300 to 201–250 in 2025, and our placement in THE's Young University Rankings (for universities under 50 years old) shows the dynamism of an institution still on an upward trajectory.

QS has also acknowledged UET Taxila's growing impact. We debuted in the QS Asia University Rankings 2024 at 451–500 and nudged even higher into the 451–460 bracket in 2025. Within QS's Southern Asia subset, we stand among the very top institutions, moving from 125th to 124th in just one year. For prospective students, these placements mean your degree is recognized by employers and graduate schools throughout the region, and across the world.

Excellence at UET Taxila extends beyond classrooms and laboratories. Our commitment to environmentally responsible operations is reflected in the UI GreenMetric World University Rankings, where we have climbed steadily—from 735th in 2021 to 643rd in 2023 and holding strong at in 2024—demonstrating tangible progress toward a greener campus experience.

## ACADEMIC AND ADMINISTRATIVE DEPARTMENTS

### Chairmen of Academic Departments

#### Department of Civil Engineering:

Prof. Dr. Muhammad Yaqub

#### Department of Environmental

#### Engineering:

Prof. Dr. Faisal Shabbir

#### Department of Electrical Engineering:

Prof. Dr. Tahir Mahmood

#### Department of Electronics Engineering:

Prof. Dr. Yaseer Arafat Durrani

#### Department of Mechanical Engineering:

Prof. Dr. Riffat Asim Pasha

#### Department of Mechatronics Engineering:

Prof. Dr. Riffat Asim Pasha

#### Department of Computer Engineering:

Prof. Dr. Muhammad Haroon Yousaf

#### Department of Software Engineering:

Prof. Dr. Tabassam Nawaz

#### Department of Telecommunication

#### Engineering:

Prof. Dr. Yasar Amin

#### Department of Computer Science:

Dr. Syed Aun Irtaza

#### Department of Industrial Engineering:

Prof. Dr. Waseem Ahmad

#### Department of Mathematical Sciences:

Dr. Nasir Siddique

#### Department of Physical Sciences:

Dr. Malik Sajjad Mehmood

#### Department of Humanities and Social Sciences:

Dr. Naila Maqsood

### Establishment

#### Deputy Registrar

Mr. Muhammad Furqan Shahzad

#### Assistant Registrar

Mr. Farhat Iqbal Malik

#### Deputy Registrar (A&R)

Mr. Ahmad Noor

#### Transport:

Mr. Basharat Abbas Shah

# PROFILE OF UNIVERSITY FACULTIES

# 1

## Faculty of Civil and Environmental Engineering

### Dean:

**Prof. Dr. Qaiser uz Zaman Khan**

This faculty consists of two degree awarding departments:

- Department of Civil Engineering
- Department of Environmental Engineering

## DEPARTMENT OF CIVIL ENGINEERING

### Chairman

**Prof. Dr. Muhammad Yaqub**

### Professors

**Dr. Qaiser uz Zaman Khan**

BSc Eng. (Hons., Gold Medalist, UET, Lahore)  
MSc Eng. (University of Leeds, UK)  
PhD (Saitama University, Japan)

**Dr. Muhammad Yaqub**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (Uni. of Manchester, UK)

**Dr. Ayub Elahi**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (Taxila & Queen's Univ., UK)  
Post Doc. (Queen's Univ. of Belfast, UK)

**Dr. Imran Hafeez**

BSc Eng. (UET, Lahore)  
MSc Eng. (UET, Taxila)  
PhD (UET, Taxila)  
Post Doc. (USA)

**Dr. Usman Ghani**

BSc Eng. (Hons., Gold Medalist, UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (UET, Taxila & Queen Mery Univ., UK)  
Post Doc (Univ. of Birmingham, UK)

**Dr. Naeem Ejaz**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Lahore)  
PhD (UET, Taxila)

**Dr. Naveed Ahmad**

BSc Eng. (Hons., UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (Univ. of Nottingham, UK)  
Post Doc. (Univ. of Nottingham, UK)  
(on leave abroad)

**Dr. Faisal Shabbir**

BSc Eng. (Hons., UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (The Univ. of Auckland, NZ)

**Dr. Muhammad Fiaz Tahir**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Lahore)  
PhD (UET, Taxila)  
Post Doc. (UK)

**Associate Professors**

**Dr. Usman Ali Naeem**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (UET, Taxila)

**Dr. Jawad Hussain**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (Univ. of Auckland, NZ)

**Dr. Syed Bilal Ahmed Zaidi**

BSc Eng.(Hons., UET, Taxila)  
MSc Eng.(UET, Taxila)  
PhD (Uni. of Nottingham,UK)

**Assistant Professors**

**Engr. Muhammad Salman**

BSc Eng. (UET, Taxila)  
MSc Eng. (NUST)

**Dr. Faheem Butt**

BSc Eng. (UET, Lahore)  
MSc Eng. (UET, Taxila)  
PhD (Univ. of Auckland, NZ)

**Dr. Shahzad Saleem**

BSc Eng. (Hons., UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (Thammasat Univ., Thailand)  
(On Post Doc. Leave, Thailand)

**Dr. Muhammad Usman Arshid**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (UET, Taxila)

**Dr. Naveed Ahmad**

BSc Eng. (Hons., UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (Tokyo University, Japan)

**Dr. Saqib Mehboob**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (UET, Taxila)

**Engr. Muhammad Saad**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)

**Dr. Irshad Qureshi**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
M. Eng. (AIT, Thailand)  
PhD (AIT, Thailand)  
Post Doc. (USA)  
(on leave abroad)

**Dr. Ghufran Ahmad Pasha**

BSc Eng. (Hons., UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (Saitama University, Japan)

**Lecturers**

**Dr. Afzal Ahmed**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (UET, Taxila)

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (UET, Taxila)

**Engr. Muhammad Arshad**

BSc Eng. (NUST, Islamabad)  
MSc Eng. (NUST, Islamabad)  
MS in RS & GIS (COMSATS, Isb)

**Engr. Abdul Qadeer**

BSc Eng. (UET, Taxila)  
MSc Eng. (NUST, Islamabad)

**Lab Engineers**

**Engr. Hammad Haider**

BSc Eng. (UET, Lahore)  
MSc Eng. (UET, Taxila)

**The Department**

Department of Civil Engineering is actively engaged in disseminating civil engineering education for the last forty years. The Department has produced several eminent engineers who have made significant contributions in the planning and execution of Civil Engineering projects in Pakistan as well as abroad. The Department of Civil Engineering has an approved faculty strength of 52 (including lab engineers), nearly 50% of whom contribute to postgraduate teaching and are involved in PhD research work. Approximately 736 undergraduate and 209 postgraduate students are registered in the department. Civil engineers cater to the national needs for buildings, highways, dams, bridges, irrigation network & water supply systems, and are the world's largest users of building materials.

**Outcome Based Education (OBE)**

The department felt the need for adoption of outcome based education (OBE) system as it is significant both for the graduating engineers and the university. Consequently, it was planned to adopt OBE system during 2014, hence after, courses were reviewed through statutory bodies and trainings for faculty members were arranged.

Further, the student awareness seminars on OBE systems were also conducted. The department completely switched over to OBE in Fall-2017. Implementing this system will enable the program to impart an education compatible to the international standards and to enable students to compete in international market.

PEC has already granted accreditation for the BSc Civil Engineering degree program under the Outcome-Based Education (OBE) system, starting from the 2014 batch, and accreditation has been extended up to the 2020 session following the fulfillment of all necessary requirements by the department.

### Program Educational Objectives (PEOs)

BSc Civil Engineering graduates will demonstrate the;

**PEO-1:** Sound technical knowledge and skills towards Civil Engineering profession.

**PEO-2:** Planning, design, and management of civil engineering projects through professional growth and development activities.

**PEO-3:** Effective communication skills and teamwork to contribute in multi-disciplinary projects.

**PEO-4:** Zeal for continuous learning and societal services in context of social, environmental, and ethical aspects.

### Courses of Study

The Department offers full-time course of four years duration leading to the Bachelors' Degree in Civil Engineering. The department also offers graduate courses of study leading to MSc and PhD degrees in Civil Engineering.

In the bachelor's course, emphasis is laid on the fundamental concepts and principles, which inbuilt the basis of civil engineering practice. To foster their creative abilities, the students are assigned projects on design, construction, or laboratory investigation for self-directed execution. The classroom and laboratory work are supplemented by the instructional tours to acquaint students with civil engineering projects of national importance. Survey camp is held to impart intensive field training, where the students plan and execute survey of large areas, independently.

### Adaptation of HEC Undergraduate Education Policy (UEP) of 2023

Committed to provide a modern and relevant education, the Civil Engineering Department has implemented the Higher Education Commission's (HEC) Undergraduate Education Policy (UGEP) 2023 since Fall-2023. This framework, aligned with national standards set by the HEC and conveyed through PEC Letter No. PEC/EAD/P&C/UEP/2023, ensures our program equips students with the necessary competencies to excel in their chosen field. The changes in regard to the implementation of the policy are recommended in the 54th meeting of the Academic Council held on December 08, 2023.

### Laboratories

The department has the following well-equipped laboratories to meet the academic requirements of students and teachers as well as the professional needs of the government and private organizations:

1. Soil Mechanics and Foundation Engineering
2. Concrete Technology
3. Strength of Materials
4. Transportation Engineering
5. Hydraulics and Irrigation Engineering
6. Structural Engineering
7. Surveying Lab
8. Environmental Analytical Techniques
9. CAD Lab
10. Postgraduate Research Laboratory

Department upgrades the laboratories from time to time through the funds provided by the Higher Education Commission (HEC) and its own resources. Hydraulics/Fluid Mechanics Laboratory is working in new building and installed with latest research equipment.

Department is also equipped with Postgraduate Research Laboratory which has latest ample units of computers along with civil engineering software and research tools.

### Postgraduate Studies & Research

To satisfy the increasing demand for relevant advanced technological education, the department offers MSc degree courses in Structural Engineering, Water Resources & Irrigation Engineering, Transportation Engineering, and Geo Tech Engineering covering the most recent developments. The courses contain a balance of analytical and professional aspects and are designed to suit the needs of fresh graduates and those with professional experience.

The faculty has completed several research projects funded by HEC through the Directorate of Advanced Studies, Research and Technological Development. Research papers addressing applied research have been published in journals and conferences of national and international repute.

Most of the postgraduate students belong to the construction industry and act as a bridge for university-industry linkage that makes research in the department to be practical and useful for the country. The introduction of PhD program has further enriched the research activities in the department. 52 students have been awarded PhD degrees in various fields of Civil Engineering. Presently about 84 PhD scholars are pursuing their PhD research work. Research is being carried out in the following areas:

- a. Structural Engineering
  - b. Geo Technical Engineering
  - c. Transportation Engineering
  - d. Water Resources and Irrigation Engineering
- Numerical modeling and computer-application in all the research activities are being given special attention. The courses of

studies have been designed based on present needs of the Industry. The students are also trained to work independently for solving complex real-world problems.

**Courses Under Semester System**  
**BSc Civil Engineering**  
**Semester - I**

Course Code	Course Title	Credit Hours
MD-101	Geology for Engineers	2
HU-102	Islamic Studies/Ethics	2
NS-103	Applied Physics & Electro- Mechanical Fundamentals	2
NS-103-L	Applied Physics & Electro- Mechanical Fundamentals Lab	1
CE-104	Engineering Drawing	1
CE-104-L	Engineering Drawing Lab	2

## DEPARTMENT OF ENVIRONMENTAL ENGINEERING

### Chairman

**Prof. Dr. Faisal Shabbir**

### Associate Professor

**Dr. Sadia Nasreen**

MSc (FJWU, Rwp)

M. Phil (CIIT, Abbotabad)

PhD (China University of Geo-sciences,  
Wuhan, China)

### Lecturers

**Engr. Sadia Fida**

BSc Eng. (UET, Lahore)

MSc Eng. (UET, Lahore)

**Engr. Muhammad Zeeshan**

BSc Eng. (UET, Lahore)

MSc Eng. (UET, Lahore)

(on higher studies abroad)

**Dr. Abaid Ullah**

BSc Eng. (Hons., UET, Taxila)

MSc Eng. (UET, Taxila)

(Gold Medallist)

PhD (UET, Taxila)

**Engr. Bilal Asif**

BSc Eng. (UET, Taxila)

MS Eng. (NUST Islamabad)

**Dr. Afzal Ahmed**

BSc Eng. (UET, Taxila)

MSc Eng. (UET, Taxila)

PhD (UET, Taxila)

**Dr. Jamal Ahmed Khan**

BSc Eng. (CECOS, Peshawar)

MSc Eng. (NUST, Islamabad)

PhD (NUST, Islamabad)

**Dr. Mujahid Iqbal**

BSc Eng. (UET, Taxila)

MSc Eng. (UET, Taxila)

PhD (UET, Taxila)

**Engr. Muhammad Tausif**

BSc Eng. (UET, Taxila)

MSc Eng. (UET, Taxila)

**Engr. Nayab Zahra**

BSc Eng. (UET, Lahore)

MSc Eng. (UET, Lahore)

PhD (UET, Lahore)

### Lab Engineers

#### Engr. Muhammad Usman Saleem

BSc Eng. (UET, Taxila)

MS Eng. (NUST, Islamabad)

### The Department

The Department of Environmental Engineering was established in 2010. The department is working under the faculty of Civil & Environmental Engineering. Considering the overall environmental crises and issues throughout the country, it has been decided to produce well trained professionals in the field of Environmental Engineering.

The graduates will be highly motivated and trained to undertake the environmental issues like water and wastewater treatment, air and noise pollution, river, and land pollution etc.

### Outcome Based Education (OBE)

- Knowing the need of technical educational program and to exercise quality assessment of the offered program(s), the department has adopted outcome-based education (OBE) system since 2017.
- To implement OBE system effectively the faculty members and staff are trained. The importance of OBE System is also introduced to students through awareness seminars. Through implementation of this system, graduated students will be able to compete in International market by meeting its standards.
- All passed out sessions are accredited by Pakistan Engineering Council (PEC) and recent sessions are accredited on Level-II of OBE system.

### Program Vision

To promote sustainable solutions by implementing the knowledge of engineering for environmental impact reduction.

### Program Mission

To create, disseminate and integrate knowledge of environmental engineering for sustainable use and management of environmental resources.

### Program Educational Objectives (PEOs)

**PEO-1** Apply the acquired knowledge for design, operation and development of sustainable solutions related to environmental systems.

**PEO-2** Exercise ethical, social and professional practices while making engineering-based decisions to communicate in cross-functional teams.

**PEO-3** Pursue continual learning through knowledge acquisition, investigation, value addition and research for development.

### Laboratories

The department has following state of the art laboratories equipped with advance instruments:

- Environmental Analytical Techniques
- Environmental Microbiology
- Water Treatment Technology
- Air & Noise Pollution Control
- Environmental Chemistry
- Advanced Analytical
- Waste Analysis Lab
- Computer Lab

### Courses of Study

The Department of Environmental Engineering offers full time course of four years duration, leading to the bachelor's degree in Environmental Engineering. The courses are built on a strong foundation of mathematical, physical, computing sciences and civil engineering.

Emphasis is laid on the fundamental concepts and principles, which constitute the basis of environmental engineering practice. The curriculum is designed to cover a broad range of areas. The department offers a series of courses in the following areas:

- Health Safety and Environment
- Environmental Engineering Lab. Techniques
- Geo-Graphical information Systems
- Water Supply and Sewerage Network Design

- Environmental Management Systems
- Membrane Based Treatment Technologies
- Solid & Hazardous Waste Management
- Industrial Waste Management
- Environmental Laws and Policies
- Air & Noise Pollution Control
- Environmental Impact Assessment and Management
- Water & Wastewater Treatment and Design

The provided course contents are up to date and well arranged. The designed course contents will support the graduates to enhance their knowledge up to the international standards.

#### Future Plans

The Department will offer Master and Doctoral Programs in the field of Environmental Engineering in near future.

## Courses Under Semester System BSc Environmental Engineering

### Semester - I

Course Code	Course Title	Credit Hours
EN-111	Introduction to Environmental Engineering	3
NS-112	Environmental Chemistry	2
NS-112-L	Environmental Chemistry Lab	1
MA-113	Engineering Calculus	3
CE-114	Engineering Drawing	1
CE-114-L	Engineering Drawing Lab	2
HU-115	Applications of ICT	2
HU-115-L	Applications of ICT Lab	1
HU-116	Islamic Studies or Ethics	2
<b>Semester Total</b>		<b>17</b>

### Semester - II

Course Code	Course Title	Credit Hours
EN-121	Introduction to Microbiology	3
CE-122	Engineering Mechanics	2
CE-122-L	Engineering Mechanics (Lab)	1
CE-123	Surveying and Leveling	2
CE-123-L	Surveying and Leveling (Lab)	1
MA-124	Linear Algebra and Differential Equations	3
HU-125	Functional English	3
EE-126	Electrical Technology	2
EE-126-L	Electrical Technology (Lab)	1
QT-101*	Quran Translation-I (Imaniyat)**	0
<b>Semester Total</b>		<b>18</b>
<b>Total for First Year</b>		<b>35</b>

### Semester - III

Course Code	Course Title	Credit Hours
EN-211	Environmental Microbiology	2
EN-211-L	Environmental Microbiology Lab	1
CE-212	Hydrology and Water Resource Management	3
CE-213	Soil Mechanics	2
CE-213-L	Soil Mechanics Lab	1
HU-214	Environment and Human Interaction	2
MA-215	Numerical Analysis	3
HU-216	Ideology and Constitution of Pakistan	2
<b>Semester Total</b>		<b>16</b>

Semester - IV

Course Code	Course Title	Credit Hours
EN-221	Environmental Engineering Lab. Techniques	1
EN-221-L	Environmental Engineering Lab. Techniques Lab	2
CE-222	Fluid Mechanics	2
CE-222-L	Fluid Mechanics Lab	1
HU-223	Expository Writing	3
MD-224	Thermodynamics	2
MD-224-L	Thermodynamics Lab	1
MA-225	Probability and Statistics	3
CS-226	Introduction to Geographical Information Systems and Remote Sensing	2
CS-226-L	Introduction to Geographical Information Systems and Remote Sensing Lab	1
QT-202	Quran Translation-II (Ibadaat)	0
<b>Semester Total</b>		<b>18</b>
<b>Total for Second Year</b>		<b>34</b>

Semester - V

Course Code	Course Title	Credit Hours
EN-311	Water Treatment and Design	3
EN-311-L	Water Treatment and Design (Lab)	1
EN-312	Cleaner Production Techniques	3
MD-313	Occupational Health and Safety	1
EN-314	Environmental Laws and Policies	3
CS-315	Applied Geographical Information Systems and Remote Sensing	2
CS-315-L	Applied Geographical Information Systems and Remote Sensing (Lab)	1
MS-316	Project Management	2
	Community Service**	0
<b>Semester Total</b>		<b>16</b>

Semester - VI

Course Code	Course Title	Credit Hours
EN-321	Water Supply and Sewerage Network Design	2
EN-321-L	Water Supply and Sewerage Network Design Lab	2
EN-322	Environmental Impact Assessment and Management	3
EN-323	Wastewater Treatment and Design	3
EN-323-L	Wastewater Treatment and Design Lab	1
EN-324	Environmental Impact of Transportation Systems	2
HU-325	Engineering Economics	2
MS-326	Quality, Health, Safety and Environment	2
QT-303*	Quran Translation-III (Muamlaat)	0
<b>Semester Total</b>		<b>17</b>
<b>Total for Third Year</b>		<b>33</b>

**Semester - VII**

Course Code	Course Title	Credit Hours
EN-411	Environmental Modeling	3
EN-412	Solid and Hazardous Waste Management	3
EN-413	Climate Change Adaptation and Mitigation	3
MS-414	Entrepreneurship	2
HU-415	Civics and Community Engagement	2
EN-416	Final Year Design Project-I	3
<b>Semester Total</b>		<b>16</b>

**Semester - VIII**

Course Code	Course Title	Credit Hours
EN-421	Industrial Waste Management	3
EN-422	Air and Noise Pollution Control	3
EN-422-L	Air and Noise Pollution Control Lab	1
EN-XXX	Depth Elective	2
ME-423	Renewable Energy Resources	2
HU-424	Professional Ethics	2
EN-425	Final Year Design Project-II	3
QT-404*	Quran Translation-IV (Akhlaqiyat)**	0
<b>Semester Total</b>		<b>16</b>
<b>Total for Fourth Year</b>		<b>32</b>
<b>Total Credit Hours of Four Years</b>		<b>134</b>

\* For Muslim students only

\*\* 6 weeks internship and other courses are non-credit mandatory courses

**Elective Courses**

Course Code	Course Title	Credit Hours
EN-XXX	Marine Pollution and Control	2
EN-XXX	Membrane Based Water and Wastewater Treatment	2
EN-XXX	Environmental Nanotechnology	2

# 2

## Faculty of Electronics and Electrical Engineering

### Dean:

**Prof. Dr. Gulistan Raja**

This faculty consists of following two degree awarding departments:

- Department of Electrical Engineering
- Department of Electronics Engineering

## DEPARTMENT OF ELECTRICAL ENGINEERING

### Chairman

**Prof. Dr. Tahir Mahmood**

### Professors

**Dr. Muhammad Iram Baig**

BSc Eng. (UET, Lahore)  
MSc Eng. (UET, Lahore)  
PhD, (UET, Taxila)  
(On LPR)

**Dr. Gulistan Raja**

BSc Eng. (UET, Taxila)  
MSc Eng. (Osaka University, Japan)  
PhD (UET, Taxila)

**Dr. Tahir Mahmood**

BSc Eng. (Hons., UET, Lahore)  
MSc Eng. (UET, Lahore)  
PhD (UET, Taxila)

**Dr. Shabbir Majeed Chaudhry**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (UET, Taxila)

**Dr. Muhammad Obaidullah**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (Uni. of Manchester UK)

**Dr. Salman Amin**

BSc Eng. (Hons., UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (UET, Taxila)

### Associate Professors

**Dr. Shaikh Saaqib Haroon**

BSc Eng. (UET, Lahore)  
MSc Eng. (UET, Taxila)  
PhD (UET, Taxila)

**Dr. Ing. Ahsan Ali**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (TUH, Germany)

**Dr. M. Faisal Nadeem Khan**

BSc Eng. (AU, Islamabad)  
MSc Eng. (UET, Taxila)  
PhD (UET, Taxila)  
Post Doc. (NYU, USA)

**Dr. Malik Intisar Ali Sajjad**

BSc Eng. (UET, Lahore)  
MSc Eng. (UET, Taxila)  
PhD (POLITO, Italy)

**Dr. Furqan Shaukat**

BSc Eng. (UET, Lahore)  
MSc Eng. (UET, Taxila)  
PhD (UET, Taxila)

**Assistant Professors**

**Engr. Ilyas Ahmad**

BSc Eng. (UET Peshawar)  
MSc Eng. (UET, Taxila)  
(On LPR)

**Dr. Inam ul Hasan Shaikh**

BSc Eng. (Hons., UET, Lahore)  
MSc Eng. (UET, Taxila)  
PhD (Uni. of Manchester, UK)

**Dr. Hafiz M. Irfan Arshad**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (UET, Taxila)

**Dr. Junaid Mir**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (Uni. of Surrey, UK)

**Engr. Muhammad Usman**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)

**Dr. Laiq Ur Rahman Shahid**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (Jacob University, Germany)

**Engr. Ghulam Ali**

BSc Eng. (UET, Taxila)  
MSc Eng. (NUST, Islamabad)  
(On Higher Studies Abroad)

**Engr. Ahmad Umar Niazi**

BSc Eng. (UET, Lahore)  
MSc Eng. (UET, Taxila)

**Dr. Muhammad Rafiq**

BSc Eng. (UET, Taxila)  
MSc Eng. (Chalmers Uni. of Tech., Sweden)  
PhD (NCEPU, China)

**Dr. Munira Batool**

BSc Eng. (BZU, Multan)  
MSc Eng. (UET, Taxila)  
PhD (Univ. of Curtin, Australia)

**Dr. Aamir Rashid**

BSc Eng. (UET, Lahore)  
MSc Eng. (UNS, France)  
PhD (INPT, France)

**Lecturers**

**Engr. Hammad Shaukat**

BSc Eng. (Hons., UET, Taxila)  
MSc Eng. (UET, Taxila)

**Dr. Mamoona Khalid**

BSc Eng. (Hons., UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (Uni. of South Australia)

**Dr. M. Mansoor Ashraf**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (UET, Taxila)

**Engr. Abubakar Waqas**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)

**Dr. Faisal Siddiq**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (UET, Taxila)

**Dr. Nouman Qamar**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (UET, Taxila)

**Engr. Tanveer Khursheed**

BSc Eng. (PU, Lahore)  
MSc Eng. (UET, Taxila)

**Engr. Usama Ashfaq**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)

**Dr. Habib ur Rahman Habib**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (HUST, China)  
(On Post Doc. abroad)

**Engr. Hafiz Mehboob Riaz**

BSc Eng. (UET, Lahore)  
MSc Eng. (NUST, Islamabad)

**Engr. Zainab Shahid**

BSc Eng. (NUST, Islamabad)  
MSc Eng. (COMSATS, Islamabad)

**Engr. Muhammad Kashif Sattar**

BSc Eng. (COMSATS, Abbottabad)  
MSc Eng. (UET, Taxila)

**Dr. Sadaqat Ali**

BSc Eng. (IUT, Bangladesh)  
MSc Eng. (UET, Taxila)  
PhD (UET, Taxila)

**Lab Engineers**

**Engr. Farzana Kausar**

BSc Eng. (UET, Taxila)

**Engr. Komal Munir**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)

**Engr. Shuja Irfan**

BSc Eng. (UET, Taxila)

**The Department**

The Department of Electrical Engineering was established in 1975 with creation of University College of Engineering & Technology, Taxila at Sahiwal. In 1978, the college was shifted to its permanent location at Taxila. The Electrical Engineering program provides basic preparation for a career in the discipline of Electrical Engineering. The department

aims to develop abilities in the students for the application of the knowledge of Electrical Engineering. The students are provided with an educational foundation that prepares them for leadership roles along diverse career paths in the fields concerned with Electronics, Communications, Energy & Power Systems, and Industrial IT: Control & Automation. Presently, 200 undergraduate students are enrolled annually. The department has produced more than 3650 graduate students so far.

**Program Mission**

Learning and research with values to address the socio-economic challenges

**Program Educational Objectives (PEOs)**

The graduates will;

**PEO-1:** Possess knowledge and skills to address complex engineering problems in an optimized manner.

**PEO-2:** Serve as a valuable member in industry and research organization for socio-economic uplift while ensuring high moral values.

**PEO-3:** Demonstrate quest for continuous professional development through effective communication, teamwork, lifelong learning and sharing.

The undergraduate program offers degree in "Bachelor of Science in Electrical Engineering" with following streams:

- **Power**
- **Communication**
- **Electronics**
- **Computer**
- **Electric Vehicle**

An independent and spacious building with a covered area of 70,600 sq. ft. is available for the department. The department has three blocks namely: Main Block, Extension Block and Laboratory Block.

## Laboratories and other Facilities

The Electrical Engineering Department has following well equipped laboratories. The detail of labs are as follows:

### 1. Basic Electrical Engineering

In this lab, the freshmen use appropriate lab tools for measurement of basic electrical quantities. They reproduce theoretical results of basic electrical laws and theorems by constructing the basic electrical circuits. The sophomores investigate and simulate RLC networks in time and frequency domain to perform various analysis in the network theory. They also use oscilloscopes, function generators, digital multimeters, and state of art circuit trainers.

### 2. Computer Simulation

The Computer Simulation Lab comprises 46 core I-7 computers to help students in completing course work. The computers are installed with a variety of software like MATLAB, Dev C++, Packet Tracer and MS Office for students of various subject covers in the Department of Electrical Engineering. The subjects covered during BSc Electrical Engineering in lab are Programming Fundamentals, Signal and Systems, Computer Communication Networks, Digital Image processing and Digital Signal processing.

### 3. Digital Systems

The Digital Systems Lab is one of the basic labs of Electrical Engineering Department. It's KL-31001 series Digital Logic Lab kits and ETS-5000 Digital Training Systems facilitate hands-on analysis of different combinational and sequential logic circuits by utilizing. Its key strength lies in the collection of microprocessors and microcontroller based trainers that empowers the development of concepts and design of embedded systems.

### 4. Electrical Machines

The electrical machines lab comprises of a variety of AC as well DC machines and transformers to educate the undergraduate students about the practical aspects related to their construction and working. This lab is also equipped with workstations to demonstrate the basic concepts related to

power distribution and its utilization.

### 5. Electronics

The Electronics Lab comprises 5 workstations and a project area, where each workstation is equipped with essential tools such as a CRO (Cathode Ray Oscilloscope), a function generator, DMM, as well as Electronics Lab Trainer Kits and regulated DC power supply. These resources allow students to carry out practical experiments in both basic and advanced electronics courses. One of the main strengths of this lab is its emphasis on hands-on learning, enabling students to develop practical skills and knowledge that will help them excel in their future careers. Additionally, the lab's experienced instructors are dedicated to supporting students in achieving their academic goals.

### 6. High Voltage

The high voltage lab of electrical engineering department is purposely built lab for conducting undergraduate level experiments, projects and postgraduate and doctorate level research in area of high voltage and dielectrics and electrical insulation. The lab is equipped with state of the art equipment. The lab was established is equipped with 140kV energization facility which can generate AC, DC and Impulse Voltages. The lab also has a state of the art Partial Discharge Measuring Facility which is an advanced tool for Postgraduate and doctorate level research. The lab is frequently used for commercial activities other than teaching and research. This lab has developed a lot of activities and facilities for learning of students and industrial liaison. The lab is managed by well trained staff and supervised by a Director having excellent specialty in High Voltage Field.

### 7. Instrumentation and Measurements

The electrical instrumentation & measurements lab is a state-of-the-art facility equipped with a wide range of high-quality electrical measuring instruments. Its key strengths lie in its advanced collection of digital multimeters, True RMS meters, oscilloscopes, energy meters, and various DC and AC bridges. Additionally, the lab offers

a diverse range of instrument transformers, resistive, capacitive, and inductive loads, and sensor module kits from renowned manufacturers like National Instruments. These tools enable cutting-edge research and experimentation in the field of electrical engineering, making the lab an invaluable asset for academic, research, and industry professionals.

### **8. Photonics and Communications**

Photonics and communications lab is a research facility in the Electrical Engineering department that is currently at its initial stage of development. It is focused on the study of light and its applications in communication systems. The lab is dedicated to advancing the field of photonics and developing new and innovative communication systems. The lab's research has important applications in telecommunications, healthcare, and environmental monitoring, among other fields. The lab aims to use cutting-edge technologies to develop new and advanced systems for transmitting and receiving information using light waves. Some key strengths of the Photonics and communications lab include expertise in Photonics, Advanced equipment, Interdisciplinary research, collaborative research, and innovation.

### **9. Power Systems**

Power Systems Lab provides facility to conduct experiments related to different courses offered in power systems specialization at undergraduate level. Lab is equipped with state-of-the-art power transmission, protection and electrical machines training systems. This lab also provides facilities to test cables, conductors, earthing rods etc.

### **10. Power Electronics**

The power electronics lab is an invaluable resource for the Electrical Engineering Department of our university. Equipped with a variety of advanced tools and technologies, such as Industrial Electronic Trainer sets KL-500, National Instrument Power Electronics Trainers and Accessories, DSP Board R&D Controller Kits, 4 channel Oscilloscopes, different types of Motor sets,

National Instrument Virtual Benches, a LPKF S63 ProtoMat PCB milling machine and accessories, the lab provides students with hands-on experience in the field of power electronics. By utilizing this equipment, we can create a comprehensive and immersive learning environment, equipping students with the skills and knowledge necessary to pursue a career in the power electronics industry. Additionally, the lab's research and development work support the teaching curriculum, ensuring that it remains current and relevant

### **11. Power Systems Simulation**

This Lab comprised of 50 state of the art computing machines. The computers are installed with different power system computation software i.e., MATLAB, PSSE, ETAP. This Lab covers different power systems stream courses for lab conduction. In addition to these, the lab also facilitates the postgraduate students to complete their research work.

### **12. Workshop and Projects**

The workshop Lab of electrical engineering department is purposely built lab for conducting undergraduate level experiments regarding learning of basic skills related to electrical engineering including but not limited to cabling, wiring, lighting, metering, testing and other hands on work related to basic traits necessary for an electrical engineer working in the field. The lab is equipped with all necessary equipment including meters, meggers, Earth Testers, Workshop equipment, measuring tools, wiring mental, lighting sources, meters and other necessary equipment for performing all the required tasks in lab. This lab is managed by a well trained staff and supervised by a director.

### **13. Basic Control**

The Basic Control Lab has been furnished with equipment to create basic understanding of control systems. There are multiple servo-control units to carry out experiments along with associated computers and peripherals.

#### 14. Advance Control

The Advance Control lab has been established with the vision to conduct post grad research of international level in the area of control systems. There are many specialized kits such as three wheeled robot, twin rotor aerodynamic system, inverted pendulum, ball in gravitational field, gyroscope, electrohydraulic system, air ship etc.

These laboratories are regularly upgraded as and when required.

#### Courses of Study

The Electrical Engineering curriculum develops a thorough understanding of the physical and mathematical principles underlying basic electrical processes and devices. Curriculum also provides students with a foundation in basic science, mathematics and the humanities. Written and oral communication skills are also emphasized and developed. The computers as a tool for mathematical analysis, design, data analysis and instrumentation are extensively used. Most of the courses have an integrated lab component which is supported by modern laboratories and state-of-the-art equipment and computers. Strong emphasis is placed on "hands-on" experience.

Laboratory projects are encouraged in second and third years, whereas final year projects are assigned keeping in view the industrial problems and, in most of the cases, in consultation with industrial experts. The campus is located in an industrial environment and the students have a fair

chance of industrial visits.

The curriculum of Electrical Engineering includes core and elective courses. The Elective Courses are included in the program to provide more breadth to the knowledge. In 3rd and 4th years, the students must register for Elective Courses according to their interests. Our degree is highly regarded by industry and independent assessors. The program is accredited by the Pakistan Engineering Council Under Level-II as satisfying the academic requirements for Registered Engineer (RE) status.

#### Postgraduate Studies & Research

The department started its postgraduate program in 1984 and doctoral study program in 2001. Until now 585 MSc and 46 PhDs have been produced. The post-graduate program offers a degree in "Master of Science in Electrical Engineering" with specializations in:

- **Electronics**
- **Communication & Signal Processing**
- **Control & Automation**
- **Power**

The master's degree courses are aimed at bringing the students abreast with the most recent developments in their fields of specialization. Most of the Postgraduate students are working with major engineering organizations of the country.

The faculty members and postgraduate students are actively involved in research. Currently, the department has 24 PhD and 16 MSc faculty members. The Department regularly arranges conferences, seminars, and workshop in various areas of electrical engineering. The faculty members, postgraduate students and prominent researchers from Pakistan and abroad participate in these seminars. The department has a well-stocked and up to date library for use of teachers and postgraduate students.

**Courses Under Semester System**  
**BSc Electrical Engineering**  
**Semester - I**

Course Code	Course Title	Credit Hours
EE-111	Linear Circuit Analysis	3
EE-111-L	Linear Circuit Analysis Lab	1
EE-112-L	Workshop Practice Lab	1
CS-113	Applications of ICT	2
CS-113-L	Applications of ICT Lab	1

**Elective Courses**

**Depth Electives for Power Stream**

	Course Title
<b>9A</b>	<b>Power System Analysis (Breadth Core I)</b>
<b>9B</b>	<b>Power Distribution &amp; Utilization (Breadth Core II)</b>
9C	Instrumentation & Measurements
9D	Power Electronics
9E	Electrical Power Transmission
9F	Power System Protection
9G	Power System Operation & Control
9H	Renewable Energy Systems
9I	High Voltage Engineering
9J	Industrial Automation
9K	Digital Signal Processing
9L	Power Generation
9M	Smart Grid
9N	Electrical Machine Design
9O	Industrial Drives

9P	Advanced Electrical Machines
9Q	FACTS & HVDC Transmission
9R	Electrical Estimation, Installation & Planning

**Depth Electives for Communication Stream**

	Course Title
<b>8A</b>	<b>Electronic Circuit Design (Breadth Core I)</b>
<b>8B</b>	<b>Computer Communication Networks (Breadth Core II)</b>
8C	Instrumentation & Measurements
8D	Power Electronics
8E	RF & Microwave Engineering
8F	Digital Image Processing
8G	Antenna & Wave Propagation
8H	Digital Communication
8I	Optical Communication

8J	Industrial Automation
8K	Digital Signal Processing
8L	Wireless & Mobile Communication
8M	Communication Electronics
8N	Satellite Communication
8O	Navigation & Radar Systems
8P	Microelectronics

### Depth Electives for Electronics Stream

	Course Title
<b>7A</b>	<b>Electronic Circuit Design (Breadth Core I)</b>
<b>7B</b>	<b>Power Electronics (Breadth Core II)</b>
7C	Instrumentation & Measurements
7D	Optoelectronics
7E	RF & Microwave Engineering
7F	Integrated Electronics
7G	Antenna & Wave Propagation
7H	Digital System Design
7I	Industrial Electronics
7J	VLSI Design
7K	Digital Signal Processing
7L	Solid State Device Physics
7M	Introduction to Nanotechnology
7N	Biomedical Instrumentation
7O	Microelectronics

### Depth Electives for Computer Stream

	Course Title
<b>8A</b>	<b>Operating Systems (Depth Core-I)</b>
<b>8B</b>	<b>Computer Communication Networks (Depth Core-II)</b>
8C	Database Systems
8D	Machine Learning
8E	Artificial Intelligence
8F	Data Communication
8A	Computer Graphics
8H	Computer Vision
8J	Image and Video Coding
8K	Computer Organization
8M	Computer Architecture
8N	Network Protocols and Standards
8P	Network Security
8Q	Network and System Programming

8R	Unmanned Aerial Vehicles
8S	Cloud Computing
8T	Cyber Security Systems
8U	Geo-Informatics
	Any other relevant course decided by the department

### Electives for Electric Vehicle Stream

	Course Title
<b>9A</b>	<b>Automotive Engineering (Depth Core-I)</b>
<b>9B</b>	<b>EV Charging Devices and Technologies (Depth Core-II)</b>
9C	Sensors and Actuators
9D	EV Batteries and Ancillaries
9E	EV Software
9F	EV Control Systems
9G	EV Integration with Power Grid
9H	Autonomous Vehicles
9J	EV Circuits and Electronics
9K	EV Body and Chassis Design
9M	Vehicular Networking
9N	EV Dynamics
	Any other relevant course decided by the department

### Common / Flexible Electives

	Course Title
5D	Instrumentation and Measurements
5F	Power System Operation and Control
5H	Industrial Automation
6C	Digital Signal Processing
6E	Digital Communication
6J	Internet of Things
7B	Power Electronics
7P	Robotics
7Q	Nanotechnology
8D	Machine Learning
8E	Artificial Intelligence
8F	Data Communication
8T	Cyber Security Systems
9A	Automotive Engineering
9B	EV Charging Devices and Technologies
9D	EV Batteries and Ancillaries

9F	EV Control Systems
9H	Autonomous Vehicles
9J	EV Circuits and Electronics
	Any other relevant course decided by the department

### Arts and Humanities Elective

Course Title	
	Communication and Presentation Skills
	Beginners Spanish
	Elementary Arabic
	Elementary French
	Elementary Chinese
	History
	Philosophy
	Professional Ethics
	Any other relevant course decided by the department

### Multi-Disciplinary Engg. Electives

Course Title	
	Applied Mechanics
	Fluid Mechanics
	Thermodynamics
	Surveying and Levelling
	Bio-Mechanics
	Environmental Engineering
	Software Engineering
	Optimization Techniques
	Any other relevant course decided by the department

### Computing Electives

Course Title	
	Data Structures & Algorithms

Machine Learning
Software Engineering
Databases
Artificial Intelligence
Mobile Application Development
Web Application Development
Network Security

### Natural Science Electives

Course Title	
	Numerical Analysis
	Multivariable Calculus
	Discrete Mathematics
	Chemistry
	Biology

### Management Science Elective

Course Title	
	Engineering Economics & Management
	Engineering Project Management
	Entrepreneurship
	Principles of Management
	Leadership & Personal Grooming

### Social Sciences Elective

Course Title	
	Professional Ethics
	Sociology for Engineers
	Critical Thinking
	Organizational Behavior
	Professional Psychology

## DEPARTMENT OF ELECTRONICS ENGINEERING

### Chairman

**Prof. Dr. Yaseer Arafat Durrani**

### Professor

#### **Dr. Yaseer Arafat Durrani**

BSc (Uni. of Peshawar)  
BSc Eng. (EMU, Turkey)  
MSc Eng. (KTH, Sweden)  
PhD (UPM, Spain)

### Assistant Professors

#### **Dr. Syed Azhar Ali Zaidi**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (POLITO, Italy)

#### **Dr. Khawaja Shafiq Haider**

BSc Eng. (Dawood Uni, Karachi)  
MSc Eng. (NUST Islamabad)  
PhD (NUST Islamabad)

#### **Dr. Bilal Aslam**

BSc Eng. (UET, Taxila)  
MSc Eng. (NUST, Islamabad)  
PhD (UET, Taxila)

#### **Dr. Hammad Zaki**

BSc Eng. (DCET, Karachi)  
MSc Eng. (UET, Taxila)  
PhD (SABANCI Uni, Turkey)

### Lecturers

#### **Dr. Adil Usman**

BSc Eng. (AU, Islamabad)  
MSc Eng. (AU, Islamabad)  
PhD (UET, Taxila)

#### **Dr. Syed Zohaib Hassan Naqvi**

BSc Eng. (IIU, Islamabad)  
MSc Eng. (IIU, Islamabad)  
PhD (UET, Taxila)

#### **Dr. Muhammad Faraz**

BSc Eng. (IIU, Islamabad)  
MSc Eng. (UET, Taxila)  
PhD (SKKU, South Korea)

#### **Dr. Sajjad Ahmed**

BSc Eng. (UET, Lahore)  
MSc Eng. (UET, Lahore)  
PhD (UET, Lahore)

**Engr. Muhammad Tahir Iqbal**

BSc Eng. (COMSATS, Abbottabad)  
MSc Eng. (UET ,Taxila)

**Engr. Muhammad Atif Imtiaz**

BSc Eng. (MAJU, Islamabad)  
MSc Eng. (UET ,Taxila) (on study leave)

**Lab Engineers**

**Engr. Hafiza Misbah Younis**

BSc Eng. (UET, Taxila)  
MSc Engg. (NUST, Islamabad)  
(on study leave abroad)

**Engr. Sumair Aziz**

BS Eng. (IIU, Islamabad)  
MSc Engg. (COMSATS, Islamabad)  
(on study leave abroad)

**Engr. Muhammad Umar Khan**

BSc Eng. (COMSATS, Abbottabad)  
(on study leave abroad)

**Engr. Shujaat Hussain Shah**

BSc Eng. (UET Peshawar)

**Engr. Tahir Khan**

BSc Eng. (IIUI, Islamabad)  
MSc Eng. (HITEC Uni, Taxila)

**The Department**

The Department of Electronics Engineering was established in 2010 to fulfill the needs of the country by producing responsible graduates equipped with sound knowledge and skills along with highest moral values through conducive, learning environment. The department offers Electronics Engineering degree programs at undergraduate and graduate level. Currently, undergraduate program in “Bachelor of Science in Electronics Engineering” is accredited with Pakistan Engineering Council at Level-II (i.e. OBE based) and postgraduate program is approved and registered with Higher Education Commission Pakistan.

The current enrollment of undergraduate students is 50 per year. The students are provided with an educational foundation that prepares them to choose their carrier in Academic, Industrial or other areas. Students of the department often participate and win multiple national competitions related to technical and co-curricular activities that depict the strength of our program.

**Program Mission**

Provide quality education in Electronics Engineering imparting sound engineering knowledge and skills in order to fulfill the demands of industry and service sector.

**Program Educational Objectives (PEO's)**

The broad objectives of the undergraduate Electronics Engineering Program are as follows:

- PEO-1:** Proficiency in engineering knowledge and tools for the design, analysis and evaluation of complex engineering problems.
- PEO-2:** Enhance their knowledge and skills while providing effective solutions keeping in view the environmental and societal aspects.
- PEO-3:** Contribute as a team member or manager, demonstrating professionalism.

**Laboratories and other Facilities**

Lab is an integrated part of most of the theory courses. The laboratories in the Department have state-of-the-art equipment for fulfilling

the needs of the modern era. The lab sessions are designed in order to enhance the concepts studied in the theoretical session, to gain hands-on experience and to explore the practical applications of the subject. The Electronics Engineering Department has following state-of-the-art laboratories::

1. Basic Electronics Lab
2. Digital Electronics Lab
3. VLSI Design Lab
4. Embedded Systems Lab
5. Instrumentation Lab
6. Control Systems Lab
7. DSP & Communication Lab
8. Computer Lab
9. Project Lab

### Post Graduate Studies

The department has been mandated by the university to start its postgraduate program since 2014. It has an academic staff of 14, among those 17 faculty members are involved in postgraduate teaching and are involved in PhD research work. The department offers both MSc. and PhD. postgraduate programs recognized by the HEC with the following specializations:

- Electronics System Design
- Microelectronic Materials & Devices
- Biomedical Electronics

The courses contain a balance of professional and analytical aspects and are designed to suit the needs of fresh graduates and those with

professional career development. The faculty of Electronics Engineering Department is highly qualified and holds diverse research interests in the above mentioned areas. In addition to their academic responsibilities, the faculty is involved in conducting quality research in their respective fields of investigation.

### Courses of Study

The Department has taken the initiatives for implementing the Outcome-based Education (OBE) system effectively in 2015. In this regard, the department defined its broad objectives about the Engineering, leadership and continuous professional development skills for BSc Electronics Engineering program. The courses offered by the department prepares the students to achieve these skills and are built on the strong foundation on the basic principles of the electronic devices, circuits, systems and technology including mathematics, basic sciences and humanities. The written and oral communication skills are being developed among students.

The undergraduate curriculum is carefully designed to cover different areas of the Electronic Engineering. The department offers following areas of courses:

- Electronics
- Computer
- Robotics
- Telecommunication
- Embedded and Control Systems

EN-436	Biomedical Instrumentation	3	1	Instrumentation & Measurements

**Note:** All the above mentioned Elective courses are either 3+0 credit hours or 3+1 credit hours. The Elective courses (either 3+0 or 3+1) offered by the department in a semester can be changed depending on the availability of teachers and related Lab facility and will be notified before the start of the semester.

**Multidisciplinary Electives Courses**

Code	Course Title	Lec.	Lab	Pre-Requisites
CS-437	Computer Communication Networks	2	1	Analog and Digital Communications
CS-438	Telecommunication & Networks	2	0	Analog and Digital Communications
CS-439	Digital Image Processing	2	1	Digital Signal Processing
CS-440	Introduction to Neural Networks	2	0	
CS-441	Fuzzy Logic	2	0	
MT-442	Introduction to Robotics	2	0	Linear Algebra
BH-443	Numerical Methods	2	0	
BH-444	Statistical Methods	2	0	

**Note:** All the above mentioned Elective courses are either 2+0 credit hours or 2+1 credit hours. The Elective courses (either 2+0 or 2+1) offered by the department in a semester can be changed depending on the availability of teachers and related Lab facility and will be notified before the start of the semester.

**Social Sciences Elective Courses**

Course Title
Professional and Social Ethics
Sociology and Development
Social Anthropology
Understanding Psychology and Human Behavior
Applied Psychology
Organizational Behavior
Introduction to Sociology
Critical Thinking
Introduction to Philosophy

**Language Electives Courses**

Course Title
National Languages
International Languages

# 3

## Faculty of Mechanical and Aeronautical Engineering

This faculty has two degree awarding departments:

- Department of Mechanical Engineering
- Department of Mechatronics Engineering

## DEPARTMENT OF MECHANICAL ENGINEERING

### Chairman

**Prof. Dr. Riffat Asim Pasha**

### Professors

**Dr. Riffat Asim Pasha**

BSc Eng. (UET, Lahore)  
MSc Eng. (UET, Taxila)  
PhD (UET, Taxila)

**Dr. Muzaffar Ali**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (UET, Taxila)  
(on leave abroad)

**Dr. Muhammad Ali Nasir**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (UET, Taxila)

### Associate Professors

**Dr. Shahid Mehmood**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (UET, Taxila)

**Dr. Mubashir Gulzar**

BSc Eng. (NUST, Islamabad)  
MSc Eng. (NUST, Islamabad)  
PhD (Uni. of Malaya, Malaysia)

### Assistant Professors

**Engr. Zahid Suleman Butt**

BSc Eng. (Hons., UET, Lahore)  
MSc Eng. (UET, Taxila)

**Engr. Muhammad Kashif Iqbal**

BSc Eng. (Hons., UET, Taxila)

**Dr. Tanzeel-ur-Rashid**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Lahore)  
PhD (UET, Taxila)

**Engr. Abdul Mobeen**

BSc Eng. (UET, Lahore)  
MSc Eng. (Aachen Uni., Germany)

**Engr. Syed Turab Haider**

BSc. Eng. (UET, Taxila)  
MSc. Eng. (Brunel University, UK)

**Dr. Waqar Ahmad Qureshi**

BSc Eng. (NUST)  
MSc Eng. (UET, Taxila)  
PhD (POLITO, Italy)

**Dr. Abid Hussain**

BSc Eng. (Hons. UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (HKUST, Hong Kong)

**Dr. Rana Atta-ur-Rahman**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (OvGU Magdeburg, Germany)

**Dr. Aneela Wakeel**

MSc (PU Lahore)  
PhD (Chongqing, China)

**Dr. Azhar Hussain**

BSc Eng. (UET, Lahore)  
MSc Eng. (Hanyang, South Korea)  
PhD (POLITO, Italy)

**Dr. Rizwan Ahmed Malik**

BSc Eng. (PU Lahore)  
MSc Eng. (Uni. of Ulsan, South Korea)  
PhD (Changwon National Uni, South Korea)  
Post Doc (Changwon National Uni, SK)  
(on higher studies abroad)

**Dr. Javed Akhter**

BSc Eng. (UET, Lahore)  
MSc Eng. (UET, Lahore)  
PhD (Uni. Tech. PETRONAS, Malaysia)

**Lecturers**

**Engr. Aneela Anum**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)

**Dr. M. Sajjad Sabir**

BSc Eng. (NUST, Islamabad)  
MSc Eng. (NUST, Islamabad)  
PhD (Queen Mary Uni., UK)

**Dr. Waqas Asghar**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (Chinese Academy of Sciences, China)

**Engr. Muhammad Ebrahim Khalid**

BSc Eng. (Air Uni. Islamabad)  
MSc Eng. (UET, Taxila)

**Engr. Aamir Sohail**

BSc Eng. (UET, Taxila)  
MSc Eng. (PIEAS Islamabad)  
(on higher studies abroad)

**Engr. Muhammad Noman**

BSc Eng. (PU Lahore)  
MSc Eng. (UET, Taxila)

**Dr. Muhammad Usman**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (SU Saarbrucken, Germany)

**Dr. Najam ul Hasan**

BSc Eng. (UET, Lahore)  
MSc Eng. (UET, Taxila)  
PhD (ASU Arizona, USA)

**Dr. Muhammad Imran**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (Harbin Institute of Technology, China)

**Engr. Rehan Saghir**

BSc Eng. (UET, Taxila)

PhD (UET, Taxila)

**Engr. Muhammad Sumair**

BSc Eng. (UET, Lahore)  
MSc Eng. (UET, Lahore)

**Engr. Muhammad Awais Islam**

BSc. Eng. (PU, Lahore)  
MSc. Eng. (PU, Lahore)

**Engr. Ahmed Zaheer**

BSc Eng. (NUST, Islamabad)  
MSc Eng. (University of Leicester, UK)

**Lab Engineers**

**Dr. Muhammad Ahmed**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (BIT, China)

**Engr. Sullah ud Din**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)

**Engr. Abdul Rehman**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)

**Engr. Syed Muhammad Kashif**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
(on leave abroad)

**The Department**

**Program Mission**

To produce competent Mechanical Engineers who possess professional ethics.

**Program Educational Objectives (PEOs)**

The program educational objectives for the Mechanical Engineering program are to educate graduates who will be ethical, productive, and contributing members of society.

Our objectives are that the graduate;

**PEO-1:** Apply knowledge and skills to solve engineering problems effectively.

**PEO-2:** Demonstrate management skills and professional ethics for productive team work.

**PEO-3:** Exhibit quest for continual learning to provide socio-technical solutions.

**Courses of Study**

The Mechanical Engineering courses are built on a strong foundation of mathematical, physical, and computing sciences. Emphasis is laid on the fundamental concepts and principles, which constitute the basis of mechanical engineering practice. The curriculum is designed to cover a broad range of areas. The department offers a series of courses in the following areas:

- Thermo Fluids
- Applied Mechanics and Design
- Manufacturing Processes
- Engineering Management
- Natural Sciences and Humanities

The courses in Thermo-Fluid Engineering include applied Thermodynamics, Refrigeration and Air conditioning, Heat and Mass Transfer, Power Plant, Fluid Mechanics and Gas Dynamics. The department offers a wide range of courses in Applied Mechanics and Design. Starting from a basic course in Engineering Statics, a series of courses are offered in Mechanics of Materials and Mechanics of Machines. These theoretical concepts are fostered in a series of Machine Design courses enabling the students to try their skills and design small mechanical equipment. Product design is of no use without product development studies. Manufacturing Processes Engineering deals with the smart

and economical product development methodologies. Students start with Workshop Technology in this area. Successive courses in Engineering Materials, Manufacturing Processes and Production Automation provide the students further insight to this area. Additional courses like Engineering Management and Economics in senior year introduce students to the efficient management of the productive resources. Computer based mechanical engineering concepts have been embedded in various courses like Computer Programming, Machine Design, CAD and Thermo-Fluids Engineering etc.

The University has a rich industrial neighborhood. The students can make maximum use of this industrial environment by engaging themselves in short term as well as long term training. These industries include HIT, HMC, POF, PAF complex at Kamra, HEC, KSB, TIP, CTI, ARL, OGTI, Railway Carriage Factory, Research Establishments of PAEC, NESCOM and many units in the Hattar area. The students pick real world problems either for their semester papers or as final year project from these organizations and brush their skills.

### Postgraduate Studies & Research

The department is offering master's degree program since 1983. Many engineering graduates have made use of this program in a variety of areas. The program involves two years of part time as well as full time study and consists of lectures, design, office work, laboratory investigation, software usage and application of computational methods and research. The emphasis is on introducing students to modern trends and techniques and advanced knowledge in their fields of specialization. The department has adequate research facilities including licensed software, state of the art laboratories and access to published literature to meet the needs of postgraduate students to do their master's program. The department is also offering PhD Program since 2001. Up till now 40 students have completed their PhD degrees. Presently, 41 students are enrolled in PhD program and 61 students are enrolled in MSc program.

### Laboratories & other Facilities

The department has the following well-equipped laboratories to meet the academic requirements of students and teachers as well as the professional needs of the government and private organizations:

1. Applied Thermodynamics
2. Mechanics of Materials
3. Refrigeration & Air Conditioning
4. Fluid Mechanics
5. Heat and Mass Transfer
6. Mechanics of Machines
7. Power Plants Lab
8. Internal combustion Engines
9. Engineering Materials
10. Modelling and Simulation
11. Engineering Mechanics
12. Drawing Hall
13. Control/M&I
14. Mechanical Vibrations
15. Fracture Mechanics & Fatigue
16. Fluid Structure Interaction
17. Machine Tool
18. Advanced Microscopy & Imaging
19. Workshops
20. Renewable Energy Research & Development Center (RERDC)
21. Composite Materials and Smart Structures

Mechanical Engineering Department (MED) is continuously upgrading and strengthening its laboratories in terms of modern research equipment at both undergraduate and postgraduate levels. The strengthening of the laboratories in the Mechanical Engineering Department is being carried out through the grant of Rs. 74.9 M received from the planning commission under the central project of UET, Taxila titled "Strengthening and Upgradation (SAUG)" of Labs. In this project the equipment includes the wide range of design and thermal fields of mechanical engineering such as supersonic wind tunnel, advanced spectrum analyzer, tribo tester, thermal chamber for thermal analysis, scanning electron microscope (SEM), buckling tester, gyroscope apparatus etc. The bulk of the equipment is already installed and under operation in various relevant labs of MED i.e. Mechanics of Machines, Mechanics of Materials, Fracture Mechanics and Fatigue, Thermodynamics, Fluid Mechanics and Fluid Structure Interaction Labs.

The scope of research in the field of material science remains always a challenging job. The testing of materials: their analysis is always

helpful for the new researcher to explore the various properties and characteristics of materials. The Fracture Mechanics & Fatigue laboratory is established in the extension block of Mechanical Engineering Department at ground floor comprising a covered area of 3500 sqft. The idea to establish this advance laboratory was to enhance the research and development activities in the field of fatigue and fracture. The laboratory is equipped with many state-of-the-art highly precise testing equipment along with related specimen preparation facility. The laboratory is equipped with experimental facilities capable to satisfy the needs of postgraduate and undergraduate studies as well as industry R&D. Furthermore, this laboratory is potentially able to produce internationally scaled research work in the field of fracture mechanics, fatigue of engineering materials and structures and failure analysis of engineering components and related equipment, particularly defense organizations. Scanning Electron Microscope is an addition to the Fracture Mechanics and Fatigue Lab. It can deliver micrographs at 1-million-time magnification, principally used to see material phases, fracture morphology and other properties of materials.

The Composite Materials and Smart Structures laboratory is a state-of-the-art lab which constitutes latest manufacturing techniques for Advanced Composite Materials, Nanocomposites, and Smart Structures. It has diversified facility of synthesis of different Nanomaterials like Graphene Nanoplatelets, Silver Nanoparticles, Gold Nanoparticles, Carbon Nanotubes, and Polymer based Composites. These sensors developed here are being used for different mechanical applications like structural health monitoring of composite structures and mechanical characterization of advanced materials. Fiber Metal Laminates (FMLs) like ARALL, CARALL, GLARE, and Hybrid AI-Fabric composites are also developed and characterized.

Fluid Structure Interaction is a newly established lab comprising of Supersonic Wind Tunnel, a Subsonic Wind Tunnel and a FIV Monitoring Test

Rig. This lab will provide an opportunity to the graduate/ undergraduate students to perform wind tunnel experiments over a wide range of wind velocities ranging from low subsonic to supersonic i.e. Mach No. of 1.8.

The Fluid Mechanics lab in the department was renovated and brought up to the state of the art under the “strengthening of labs project” of HEC. A considerable amount was spent under the project to procure new experimental equipment. The Fluid Mechanics Lab today boasts twelve state of the art experimental equipment, including sub-sonic wind tunnel, forced and free vortex generator and parallel and series pump test bed.

A Modelling and Simulation Laboratory has been established to provide facilities for 2D/3D automated drafting, C++ programming and Digital Simulation. Computer based design and optimization techniques are being employed for teaching various courses in the networking environment and considerable

number of modern computers are available in the Department.

The Department shares AMS Lab with Department of Industrial Engineering, which include the state-of-the-art manufacturing facilities with CNC (M100), computer Integrated manufacturing with AGVs/ASRS and virtual prototyping models.

The department has also established a new Renewable Energy Research & Development Center (RERDC). The purpose of the RERDC is to reduce the existing deficiency in research facilities in the Pakistani universities especially in energy sector to support the Pakistani energy policy and departmental priorities for increasing the viability and deployment of renewable energy through system design and prototype development and optimization that enhance domestic benefit from renewable energy development.

MSc Engg. (UET, Lahore)

### The Department

Mechatronics is the synergistic combination of precision mechanical engineering, electronic control, and systems thinking in the design of products and manufacturing processes. To meet the quality and productivity demands, industries are compelled to use sophisticated electromechanical systems. Mechatronics Engineering caters to the national needs of industries in the fields of Robotics, Automated Manufacturing Equipment, Automobiles,

Security Systems, Treatment Plants Medical Equipment, etc.

### Program Mission

To fulfill the needs of the country by producing responsible graduates equipped with sound knowledge and skills along with highest moral values through conducive learning environment.

### Program Educational Objectives (PEOs)

The Program Educational Objectives are a set of goals that are to be attained after five years of graduation. The department has defined its educational objectives in line with the university's mission and vision. PEOs of the program are as follows:

**PEO-1:** Mechatronics Engineering Graduates will demonstrate their knowledge and skills to solve industrial problems.

**PEO-2:** Mechatronics Engineering Graduates will exhibit strong moral values and demonstrate respect towards society.

**PEO-3:** Mechatronics Engineering Graduates will pursue their professional careers effectively.

### Laboratories

#### CAD and Simulation Lab

Modeling and simulation is an integral part of the mechatronics design approach. This lab offers computer facilities that can be used by students for developing models of real systems and testing these systems by simulation. The laboratory has desktop computers like core i7 along with LED displays to support courses like Computer Programming, Computer Aided Design (CAD), Modeling and Simulation, Artificial Intelligence, and Image Processing.

#### Electronics and Embedded Systems Lab

Electronics and Embedded Systems Lab, where theory meets practice in an immersive environment equipped with oscilloscopes, function generators, power supplies, sensors, actuators, and an array of ICs and electronic components. In this lab,

students will delve into electronic circuit design, digital logic design, and circuit analysis, transforming theoretical concepts into tangible solutions. From crafting circuit diagrams to programming microcontrollers for embedded systems, participants will improve their problem-solving skills and cultivate a deep understanding of electronic systems, bridging the gap between theory and application.

#### Shared Laboratories

To cater to the requirements of students, the Department of Mechatronics collaboratively shares laboratories with other departments: Workshop Lab (Industrial Engg Dept.), Electrical Machines Lab (Electrical Engg Dept.), Engineering Mechanics Lab (Mechanical Engg Dept.), Materials Lab (Mechanical Engg Dept.), Measurement, Instrumentation, and Control Lab (Mechanical Engg Dept.), etc.

#### Electronics and Embedded Systems Lab

Electronics and Embedded Systems Lab, where theory meets practice in an immersive environment equipped with oscilloscopes, function generators, power supplies, sensors, actuators, and an array of ICs and electronic components. **Introduction**

Industrial and Manufacturing Engineering involves two main streams: systems engineering and manufacturing engineering. Systems engineering is concerned with the design, analysis, operations, management and maintenance of systems and processes. These can range from a consumer product or single piece of equipment to large business, social, and environmental systems. Systems engineering is focused on modelling and simulation of systems to identify its best performance through recent digital manufacturing tools and techniques of optimization including digital twins, simulation-based optimization, industry 4.0, human centric digital systems, industry 5.0, smart manufacturing for efficient and effective and operations management.

Manufacturing engineering on the other hand, deals with the design and manufacturing of products by employing conventional, non-conventional and recent smart manufacturing technologies including digital 3D printing, digitalized welding, digitalized molding, laser cutting, sheet metal forming, and industry 4.0 etc. Manufacturing engineering tends to choose the best materials, technology, efficient workforce, and optimum use of resources to produce quality products.

Industrial engineers determine the most effective and efficient way to utilize the basic factors of production including, man, machines, materials, information, and energy to make a product or provide a service. The graduates of industrial and manufacturing engineering program got unique opportunities to work in national and international manufacturing and service sectors including manufacturing industries (automobile, discrete part manufacturing industries, heavy industries), process industries (textile sector, chemical industries, food processing industries), service industries including (hospitals, airports, banking sector, logistics and distribution, e-business) etc. The employability of graduates is excellent, and a significant number of graduates got job opportunity within 3 months of graduation.

## The Department

Industrial Engineering with Production and Manufacturing major was the first MSc degree program offered at the university way back in 1983. Industrial Engineering had assumed a distinctive place as sub-discipline in Mechanical Engineering Department since then. With the creation of Industrial Engineering Department, this program has been shifted to the department. Department has unique history of getting Accreditation on Washington Accord based on Outcome Based Education (OBE) system by Pakistan Engineering Council (PEC) under Level II from its intake of Year 2014 to Year 2025. Recently Industrial and manufacturing engineering program of industrial engineering department has been accredited by Pakistan Engineering Council (PEC) on Outcome Based Education (OBE) program (Level II) for next 5 years and stand best Engineering Program in all over Pakistan by PEC (Intake of 2K21 to 2K-25).

Apart from BSc Engineering program, the department is also offering BSc Manufacturing Engineering Technology program in evening and MSc and PhD degree programs in the field of Industrial Engineering and Engineering Management.

### Program Mission

To produce Industrial Engineers who are prepared to fulfill the needs of manufacturing and service sector.

### Program Education Objectives (PEOs)

The program educational objectives are to enable graduates;

**PEO-1:** To become successful Industrial Engineers in their career.

**PEO-2:** To practice knowledge, skills and abilities gained for the advancement of society.

**PEO-3:** To promote professionalism in engineering practice.

## Courses of Study

The Industrial and Manufacturing Engineering courses are built on fundamentals courses of humanities, management sciences, natural sciences, computer and information sciences, engineering fundamentals with their breadth and depth courses. The curriculum is designed to educate students in diverse areas of theory and practices in engineering and management domains. The following areas are specifically enriched for disseminating state-of-the-art knowledge to future builders of the nation.

1. Computational Industrial Engineering
2. Human Resource's Skill Development
3. Managerial Capabilities Inculcation
4. High-tech Manufacturing Technology & Management
5. Quality, Productivity and Cost Effectiveness

On the core technology side, BSc in Industrial and Manufacturing Engineering offers a unique opportunity for students to learn classical production technologies in courses like Workshop Practice, Manufacturing Processes, Metrology and statistical quality control, Metal Forming & Cutting Analysis. The high-tech courses embed the capabilities in students to learn and acquire modern production systems in courses like Computer aided design and modeling, smart manufacturing, Industrial Automation, Robotics and Computer Integrated Manufacturing. Soft technologies encompassing Statistical Analysis, Economics, Optimization and Simulation Modelling courses prepare students to design and build large and complex systems for efficiency and effectiveness. Moreover, strong emphasis has been ensured to inculcate managerial capabilities in industrial engineering students by including a host of courses in management electives.

Rich industrial neighborhood around the University offers prospective industrial engineering students an ideal environment

to groom their professional skills. These industries include HMC, HIT, POF, KSB, TIP, PAF complex at Kamra, BESTWAY Cement and a host of SME's in nearby Hattar Industrial Estate.

### Laboratories and Other Facilities

The department has seven laboratories and a fully functional workshop.

1. Industrial Automation and Control
2. Computer Integrated Manufacturing
3. Human Factors and Safety
4. Prof. Rafi Center of Management System Modeling and Simulation
5. Machining Precision and Metrology
6. Machine Tool and Machining
7. Management System Planning & Design
8. Workshops

Industrial Automation and Control Lab is equipped with industrial process fault finder,

data acquisition and micro-controllers. Computer integrated manufacturing lab is equipped with state-of-the-art CIM (Intellitek) equipment. Human Factors and Occupational Safety lab consisting of treadmill, weighing scale, pin boards, sound meters, light meter, spectra light meter and various analysis tools with RULA software. Management System, Modeling and Simulation lab is equipped with modern software like TORA, LINGO, SIMU, ARENA (Student version), Expert Choice, Primavera, Pro Engineering, Minitab, CATIA, Python and other related software.

The Machining Precision and Metrology lab is equipped with basic to intermediate level equipment to teach the students. Machine Tool and Machining Laboratory consists of Denford machining suit, Boxford, Intellitek milling centers, ZCorp Rapid Prototyping and automation modules.

**Courses Under Semester System  
BSc Industrial and Manufacturing Engineering**

**Semester - I**

Course Code	Course Title	Credit Hours
HU-101	Functional English	3
IE-111	Data Analytics	1
IE-111-L	Data Analytics Lab	1
IE-112	Applications of ICT	2
IE-112-L	Applications of ICT Lab	1
IE-113-L	Engineering Drawing and Graphics Lab	2
NS-101	Probability and Statistics	3
NS-102	Calculus and Analytical Geometry	3
<b>Semester Total</b>		<b>16</b>

**Semester - II**

Course Code	Course Title	Credit Hours
HU-102	Logic and Critical Thinking	2
NS-103	Linear Algebra and Differential Equations	3
IE-114	Mechanical Technology	2
IE-114-L	Mechanical Technology Lab	1
HU-103	Islamic Studies/Ethics	2
IE-112-L	Workshop Practice Lab	1
CS-102	Computer Aided Design and Modeling	2
CS-102-L	Computer Aided Design and Modeling Lab	1

IE-436	Supply Chain and Logistics Management	3
IE-XXX	Elective II**	2
IE-XXX-L	Elective II** Lab	1
IE-XXX	Elective I*	2
IE-XXX-L	Elective I* Lab	1
IE-XXX	Elective II**	3
IE-440	Health Safety and Environment	2
IE-492	Project Phase II	3
<b>Semester Total</b>		<b>17</b>
<b>Total for Final Year</b>		<b>34</b>
<b>Total for Four Years</b>		<b>129</b>

\*Manufacturing Track

\*\* Systems Engineering/Management Track

**Electives I (Manufacturing Track)**

Course Code	Course Title	Credit Hours	
		Theory	Lab.
IE-413	CAD/CAM	2	1
IE-414	Process planning and Lean Systems	3	0
IE-415	Smart Manufacturing	2	1
IE-416	Metal Forming & Cutting Analysis	3	1
IE-417	Tool & Die Design	2	1
IE-418	Feed Back & Control	2	1
IE-419	Total Quality Management	2	1
IE-420	Optimization via Simulation	2	1
IE-421	Maintenance & reliability Analysis	3	0
IE-422	Lean Manufacturing	3	0
IE-423	Productivity Improvement Tools & Techniques	3	0
IE-424	Product Development & Concurrent Engineering	3	0
IE-425	Modeling & Analysis of Manufacturing Systems	3	0
IE-426	Contemporary issues in Industrial Manufacturing Engineering	3	0
IE-427	Special Topics	3	0
IE-429	Applications of AI in manufacturing and materials engineering	3	0
IE-430	Product development	3	0
IE-431	Application		

**Electives II (Systems Engineering / Management Track)**

Course Code	Course Title	Credit Hours	
		Theory	Lab.
IE-432	Human Resource Management	3	0
IE-433	Financial Management	2	1
IE-434	Quantitative & Qualitative Decision Making	3	0
IE-435	Knowledge management	3	0
IE-437	Management Information System	2	1
IE-439	Soft Computing & Data Mining	2	1
IE-441	Production & Operation Management	3	0
IE-442	Special Topics	3	0
IE-443	Expert System Applications	3	0
IE-444	Professional Engineering practices	3	0
IE-445	Artificial Intelligence	3	0
IE-446	Industrial Ecology and Sustainable Engineering	2	0
IE-447	Responsibilities of Engineers in society	2	0
IE-448	International Management Systems and Standards	2	0
IE-449	Risk Management	2	0
IE-450	Marketing Management	3	0
IE-451	Entrepreneurship***	3	0
IE-452	Technopreneurship for digital business development	3	0

\*\*\* Courses are mandatory as per HEC/PEC UG policy 2023

## Faculty of Telecommunication and Information Engineering

Health care

Computing

Agriculture

### Dean

**Prof. Dr. Hafiz Adnan Habib**

This faculty consists of four degree awarding departments:

- Department of Computer Engineering
- Department of Software Engineering
- Department of Telecommunication Engineering
- Department of Computer Science

## DEPARTMENT OF COMPUTER ENGINEERING

### Chairman

**Prof. Dr. Muhammad Haroon Yousaf**

### Professors

#### **Dr. Hafiz Adnan Habib**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (UET, Taxila)

#### **Dr. Muhammad Haroon Yousaf**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (UET, Taxila)

### Associate Professors

#### **Dr. Muhammad Majid**

BSc Eng. (UET, Taxila)  
MSc Eng. (Sheffield, UK)  
PhD (Sheffield, UK)

#### **Dr. Farhan Qamar**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (UET, Taxila)

### Assistant Professors

#### **Engr. Malik Muhammad Asim**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
(on higher studies abroad)

#### **Dr. Fawad Hussain**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (UET, Taxila)

#### **Engr. Sana Ziafat**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)

**Dr. Afshan Jamil**

BSc Eng. (UET, Taxila) (Gold Medalist)  
MSc Eng. (UET, Taxila)  
PhD (UET, Taxila)  
(on leave abroad)

**Dr. Naveed Khan Baloch**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (UET, Taxila)

**Dr. Waqar Ahmad**

BSc Eng. (CIIT, Abbottabad)  
MSc Eng. (UET, Taxila)  
PhD (POLITO, Italy)

**Dr. Abdul Rehman Aslam**

BSc Eng. (UET, Taxila)  
MSc Eng. (LUMS, Lahore)  
PhD (LUMS, Lahore)

**Dr. Romana Shahzadi**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (UET, Taxila)

**Dr. Muhammad Asif Khan**

BSc. Eng. (UET, Taxila)  
MSc Eng. (Petronas, Malaysia)  
PhD (Petronas, Malaysia)

**Lecturers**

**Engr. Mona Zafar**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)

**Dr. Noshina Ishaque**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (UET, Taxila)

**Dr. Zahid Mehmood**

BSc Eng. (COMSATS, Islamabad)  
MSc Eng. (IIU, Islamabad)  
PhD (UET, Taxila)

**Engr. Asim Raza**

BSc Eng. (CIIT Wah)  
MSc Eng. (UET, Taxila)

**Dr. Asim Raheel**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (UET, Taxila)

**Dr. Sanay Muhammad Umar Saeed**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (UET, Taxila)

**Engr. Sharoon Saleem**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)

**Engr. Muhammad Tariq Javed**

BSc. Eng. (CIIT, Wah)  
MSc Eng. (UET, Taxila)

**Lab Engineers**

**Engr. Usman Rauf**

BSc Eng. (CIIT, Wah)  
MSc Eng. (Sweden)

## Introduction

### Undergraduate Degree Programs

This department offers two BS degree programs:

1. BSc Computer Engineering
2. BS Artificial Intelligence

### BSc Computer Engineering

Computer Engineering refers to the development of hardware and software needed for functional computers. These computer systems may vary in physical size, capabilities, computational powers, and interfaces, depending upon the application or service they are involved in. These computing systems are now serving in homes, offices, industries, banks, and everywhere as embedded systems, internet of things, cloud computing systems, workstations, etc. Computer Engineers are playing important role in the advancements in the fields of autonomous driving, home automation, industry 4.0, environment monitoring, health care, robotics, etc. Computer engineers are expected to have tremendous job opportunities in Pakistan as well as international jobs market as hardware engineers, software engineers, embedded system engineers, artificial intelligence engineers, IOT engineers, robotics, etc. The department offers training that prepares students for the international job market. Students are given technical knowledge to practice as a computer engineers. The department also focuses on the development of soft skills among students for success in their carrier. Entrepreneurship and business skills are also developed among students enabling them to have their startups and businesses.

Computer engineering degree program was started in year 2001 with an intake of fifty students. Initially, it was setup in the building of Electrical Engineering Department and classes were conducted in evening session only. In the meantime, construction of a separate building for the department worth

Rs. 40 million with funding from HEC (Higher Education Commission) was started, which completed in year 2006. Building comprises of two floors out of which ground floor is for Computer Engineering Department. This floor has four class rooms, five labs, one examination hall, twenty five offices and other utility rooms. Department has five laboratories with sufficient hardware and computing facilities for practical work. All labs are provided with high speed network and the department also has Wi-Fi coverage for internet connectivity in general. Computer engineering department also arranges various events in order to encourage students to take part in those events and groom their technical as well as social skills.

### Intensive hands-on experience:

Intensive hands or experience is offered to students to master the skills taught during this degree program. Students are required to develop projects in almost every technical course. On average students will be developing 30 projects during this degree program. Students will further develop one final year project to solve some bigger problem based-on technical skills acquired by these development projects. Students will be offered latest development tools to work on these projects for four years. The experience of using the latest development tools prepares students for the international jobs market.

Additionally, the department has adopted industry-developed curriculums for lab work subjects. Intel, NVIDIA, AND XILINX have developed a curriculum for the lab work of university students.

They give development tools to the universities. The students get experience with these tools, and it helps our students to get jobs in the international market.

### Program Educational Objectives (PEOs)

Graduates of the Computer Engineering Program are expected to have following PEOs:

**PEO-1:** Demonstrate growth in careers related to Computer Engineering through in-depth knowledge and skills.

**PEO-2:** Collaborate and communicate within a team to solve real-world problems.

**PEO-3:** Maintain professional integrity and dedication to social and ethical responsibilities.

**PEO-4:** Engage in continuous learning, innovation and entrepreneurship.

### Laboratories

The department has the following Labs;

- 1- SWARM Robotics
- 2- Electronic Systems
- 3- Data Communication & Networking
- 4- Computing
- 5- Digital Systems
- 6- Video and Image Processing

### Swarm Robotics lab:

The Swarm Robotics Lab (SRL) is a prominent research facility operating under the auspices of the National Center of Robotics and Automation (NCRA) since its establishment in 2018. Located within the Department of Computer Engineering at the University of Engineering and Technology Taxila, SRL is spearheaded by Prof. Dr. Muhammad Haroon Yousaf. The lab's primary objective revolves around the development of innovative solutions using swarm intelligence principles applied to Unmanned Aerial Vehicles (UAVs), Unmanned Ground Vehicles (UGVs), and Autonomous Underwater Vehicles (AUVs). These solutions are geared towards applications such as video surveillance, disaster management, and other related fields.

Key focus areas of research within SRL encompass swarm intelligence, computer vision and AI, and decentralized communication systems. The lab boasts a dedicated team of young researchers who actively engage in various project domains. Over the past four years, SRL has made significant contributions to the academic community through the publication of numerous research papers and active participation in national and international conferences, expos, and events.

Collaboration is at the heart of SRL's ethos, with active partnerships established with both academic researchers and industrial entities. Moreover, the lab has developed several prototypes aimed at STEM education,

poised for commercialization. Infrastructure-wise, SRL is equipped with cutting-edge technology, including unmanned aerial vehicles, marine robots, and unmanned ground vehicles, all equipped with advanced computing capabilities, sensors, and GPS technology.

Notably, SRL's expertise extends to graphical processing units (GPUs), facilitating tasks such as computer vision, machine learning, and intelligent data acquisition and processing. Collaborative ventures with organizations like NECOP, RADWI, and Aquatic Drones/C4Micro further bolster the lab's hardware design and embedded systems capabilities. SRL's successful execution of proof of concepts using UAVs and UGVs underscores its commitment to innovation and technological advancement in the realm of swarm robotics.

#### **Electronic system:**

The electronic system lab contains specialized hardware in electrical and electronics engineering which comprises twenty workstations. Lab offers services in the courses of electronic circuit, circuit analysis, and digital logic design. It also helps to understand the core concepts of electronics used for robotics design and development. All sessions can access the resources in the lab for the term project and final year projects.

#### **Data communication and networking:**

Data Communication and networking lab is equipped with CISCO-sponsored network-related hardware along with 40 Dell-760 computing machines. The lab is also providing vibrant services as CISCO local academy. Lab offers services in the areas of computer communication and networks. This lab prepares the students for future cyber security challenges and jobs.

#### **Computing Lab:**

The computing lab is equipped with the latest forty HP Prodesk-400 Computing machines. Lab offers services for core computing areas e.g., computer fundamentals programming database management systems, OOP and data structures, and algorithms and planning to offer advanced courses like Blockchain technologies.

#### **Digital systems Lab:**

The digital system lab contains specialized hardware in the domain of digital system design. The lab is equipped with microcontroller kits (80C51, PIC-18, and AVR series) and FPGA Kits. This lab is also equipped with twenty Dell Optiplex-790 machines. Digital Systems Lab offers courses in microprocessor & interfacing, microcomputer systems, VLSI systems, and digital systems design. Hardware equipment can be utilized for edge computing, IoT, mapping of machine learning and AI algorithms into the hardware and utilizing the TinyML with ESP-32 microcontrollers.

#### **Video and image processing Lab:**

The video and image processing lab was established as a project funded by Higher Education Commission Pakistan. The lab is equipped with state-of-the-art equipment for video and image processing. This lab offers services in the areas of signals and image processing and computer vision. This Lab is dedicated to final year projects.

#### **Technical Societies in the Department**

Technical societies are established in the department that serves guidelines for the students to choose their profession after completion of their degree. Students entering

the first semester are given orientation about these societies so that they can later join these societies to have technical grooming. The major objective of these technical societies is to develop strong interaction among the students and faculty in their corresponding areas of interest. Computer Engineering students have been divided into three categories for this reason. Scholars from undergraduate and postgraduate programs and members of the faculty share their work. Each society is headed by specialists in the respective area from the faculty. Other faculty members also coordinate. One student is also selected as the student chair for each society.

### Taxilian Robotics & Automation Club (TRAC)

#### Society Counselor:

Dr. Naveed Khan Baloch

Through the primary research, it was established that the Industrial Robotics Market was valued approximately **USD 41.7 Billion** in **2021** and is projected to reach to roughly **USD 81.4 Billion** by **2028**. Taxilian Robotics and Automation Club is also known as TRAC is a technical society working purely in the domain of **Robotics, IoT, Automation, Software, and interpersonal development**. We aim to empower our students, provide them with a proper platform and resources and guide them so they can practice and polish their skills. TRAC has its own Women Empowerment Wing known as **WEW** for female students. The purpose of this wing is to let the female students have comfortable learning and work environment.

Our goal is to make our students able to learn a diverse skill set and to enable them to support themselves financially in their academic as well as a professional career. TRAC has developed many collaborations with national industries and other academic institutes to spread the knowledge and transform the people.

### Elance Phantom

#### Society Counselor:

Dr. Fawad Hussain

The global e-commerce market size was valued at USD 9.09 trillion in 2019 and is expected to grow at a compound annual growth rate (CAGR) of 14.7% from 2020 to 2027. Elance Phantoms aim to provide students with an opportunity to learn various web skills and gain high-level expertise to be self-employed and boss. We aspire to become the university's learning-intensive society/ platform and evolve as the leading community for students' betterment by making them skillful. Keeping in view the high demand for various web skills (e.g., e-commerce, graphics designing, web development, digital marketing, etc.), the Department of Computer Engineering took the initiative to start the society, named "ELANCE PHANTOMS," on campus to provide awareness as well as training to students on various web skills on demand. Following are the further details regarding the upcoming event.

The society is collaborating with eCommerce Success Pakistan (ESP) for future endeavors, and this is one of the well-known groups of Pakistan working in the domain of Ecommerce on Amazon. They are the pioneers in introducing the wholesale business model on Amazon in Pakistan. In addition to wholesale, they are also working on other variations of the Amazon eCommerce businesses like Etsy, drop shipping, etc. They are training thousands of students all around Pakistan, and we are proud to collaborate with them.

### Artificial Intelligence R&D

#### Society Counselor:

Dr. Asim Raheel

The global Artificial Intelligence (AI) market size was valued at **USD 328.34 billion** in **2021**. The market is projected to grow from **USD 387.45 billion** in **2022** to **USD 1,394.30 billion** by **2029**, exhibiting a **CAGR of**

**20.1%** during the forecast period. Artificial Intelligence (AI) today is a huge benefit to humanity because it boosts our efficiency and throughput, while creating new prospects for income generation, cost savings and job creation. Innovations in AI have opened new prospects for progress in critical areas such as health, finance, national security, education, energy, and the environment. In recent years, machines outperformed humans in performing certain specialized tasks, such as some aspects of image recognition. It is predicted by experts that rapid progress in the field of artificial intelligence will continue. Though it is very implausible that machines will exhibit broadly applicable intelligence comparable to or beyond that of humans in the next 20 years, yet it is to be expected that machines will reach and surpass human performance on more and more tasks.

AIRD society will enable students to rethink how we integrate information, analyze data, and use the resulting insights to improve decision making, survey the current state of AI and its existing and potential applications. Students will get more opportunities to learn, experiment and explore. Surely the future of higher education is inherently linked with developments on new technologies.

### Entrepreneurship:

The students are taught entrepreneurship and leadership. The department promotes students for entrepreneurship, provides guidance, and plans opportunities to pitch their startup ideas. University has set up a technology incubation center in collaboration with the Plan-9 program of the Punjab Information Technology Board. Two students' projects have been selected from Computer Engineering Department for incubation in this Plan-9 center at UET, Taxila.

### Directorate of Undergraduate Studies

To manage academic activities in Computer Engineering Department UGS office works under supervision of the chairman. Scheduling of all academic and support activities such as registration, attendance records, placement of students in different industries for internship, examination, student study trips etc. are managed by this office. UGS office also arranges onsite job interviews to facilitate various employers, like IBM Pakistan, Arbisoft, AWC, PMO and PAEC etc. Industrial liaison and industry-academia collaboration at university level is also a function of UGS office.

Biomedical Engineering	3	0
Business Process Re-engineering	3	0
Wireless and Mobile Networks	3	0
Natural Language Processing	3	0
Applied Engineering Mathematics	3	0

\*MDEE courses may be offered by the department as (3+0) or (2+1) subject to the availability of faculty, resources, and lab facility.

## Bachelors of Science in Artificial Intelligence (Future Program)

### Introduction

This Program has been approved by the Academic Council of UET Taxila in its 55/2024 meeting. After necessary arrangement and approval from the NCEAC, this program will be offered soon inshallah.

The Bachelor of Science in Artificial Intelligence (AI) degree program will be offered at the Department of Computer Engineering, Faculty of Telecommunication and Information Engineering, University of Engineering and Technology Taxila. The BS AI program will be initially started for the intake of 50 students. This program will enable the students to capitalize on the broad spectrum of career opportunities provided by AI, preparing them to work in industry, take an entrepreneurial route, or pursue further research. By producing AI experts, the program will contribute to the growth of the local and regional economy by addressing industry needs and attracting investment.

This BS AI degree program will be aligned with the latest trends and demands of the local and

international markets, and the department aims to produce highly skilled researchers in the field to meet our country's current and future demands for AI employment in government, industries, businesses, applied sciences, research, health, and security. This program will provide students with a solid theoretical foundation as well as practical experience to apply AI techniques to real-world problems.

***The primary aim of a BS AI program is to produce highly skilled professionals capable of addressing complex challenges and advancing the frontiers of AI technologies.***

### Program Educational Objectives (PEOs)

Graduates of the BS Artificial Intelligence Program are expected to have following PEOs:

**PEO-1:** Demonstrate acquired knowledge of computing and AI in professional roles.

**PEO-2:** Skilled in leading teams or in entrepreneurial settings.

**PEO-3:** Prioritize ethical and societal considerations, particularly in AI contexts.

**PEO-4:** Explore new computing and AI realms for organizational or academic advancement.

## DEPARTMENT OF SOFTWARE ENGINEERING

### Chairman

**Prof. Dr. Tabassam Nawaz**

### Professor

**Dr. Tabassam Nawaz**

BSc Eng. (UET, Taxila)  
MCS (BIIT, Rwp)  
MSc Eng. (UET, Taxila)  
PhD (UET, Taxila)

### Associate Professor

**Dr. Syed Muhammad Anwar**

BSc Eng. (UET, Taxila)  
MSc Eng. (Sheffield, UK)  
PhD (Sheffield, UK)  
Post Doc. (USA)  
(On Leave)

**Dr. Ali Javed**

BSc Eng. (Hons., UET, Taxila)  
MSc Eng. (UET, Taxila), Gold Medalist  
PhD (UET, Taxila & Uni. of Michigan, USA)  
Post Doc. (Oakland Uni., USA)

**Dr. Hassan Dawood**

BSc Eng. (CIIT, Wah)  
ME (BNU, China)  
PhD (BNU, China)

### Assistant Professors

**Dr. Muhammad Rizwan**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (UET, Taxila)

**Engr. Muhammad Asjad Saleem Raja**

BSc Eng. (Hons., UET, Taxila)  
MSc Eng. (UET, Taxila)

**Engr. Wajahat Abbas**

BSc Eng. (Hons., UET, Taxila)  
MSc Eng. (UET, Taxila)

**Dr. Huma Ayub**

MCS (QAU Islamabad)  
MS (NUST)  
PhD (UET, Taxila)

**Dr. Raja Mubashir Ayub Minhas**

BSc Eng. (Hons., UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (UET, Taxila)

**Dr. Saima Zareen**

BSc Eng. (Hons., UET, Taxila)  
MSc Eng. (NUST, Islamabad)  
PhD (UET, Taxila)

**Engr. Wajeeha Yasser Awan**

BSc Eng. (Hons., UET, Taxila)  
MSc Eng. (UET, Taxila)

**Dr. Madiha Liaqat**

BSc Eng. (Hons., UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (NUST Islamabad)

**Lecturers**

**Engr. Tasawer Khan**

BSc Eng. (Hons., UET, Taxila)  
MSc Eng. (UK)

**Engr. Sahar Javaid**

BSc Eng. (Hons., UET, Taxila)  
MSc Eng. (NUST, Islamabad)

**Dr. Arta Iftikhar**

BSc Eng. (Hons., UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (UET, Taxila)

**Dr. Kanwal Yousaf**

BSc Eng. (Hons., UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (UET, Taxila)

**Engr. Maria Andleeb**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila)

**Dr. Tehmina Kalsoom**

BSc Eng. (UET, Taxila)  
MSc Eng. (UET, Taxila) Gold Medal  
PhD (UET, Taxila)

**Dr. Marriam Nawaz**

BSc Eng. (UET, Taxila) Gold Medal  
MSc Eng. (UET, Taxila)  
PhD (UET, Taxila)

**Lab Engineers**

**Dr. Nazia Bibi**

BSc Eng. (Hons., UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (UET, Taxila)

**Engr. Sidra Shafi**

BSc Eng. (Hons., UET, Taxila)  
MS (NUST, Islamabad)

**Dr. Rabia Arshad**

BSc Eng. (Hons., UET, Taxila)  
MSc Eng. (UET, Taxila)

**Engr. Saba Awan**

BSc Eng. (Hons., UET, Taxila)  
MSc Eng. (UET, Taxila)  
PhD (UET, Taxila)

**The Department**

Software Engineering degree Program was started in 2002. Initially, it was setup in Electrical Engineering Department and classes were conducted in evening session only. In the meantime, the construction of separate building for department worth Rs. 40 million with funding from HEC (Higher Education Commission) was completed in year 2006. Department is housed on first floor of the building which comprises of five classrooms, five labs, one girl's common room, one examination hall and fifteen offices. Department has laboratories with enough hardware and software facilities. Each lab is equipped with thirty PCs. These labs are networked, and the department has wireless network coverage as well.

Software engineering department organizes

different events to encourage student's participation and to groom their technical as well as non-technical skills. The events that have been arranged so far are programming exhibition (Term projects exhibition in JAVA, C# etc.), Database exhibitions, annual students' day, seminars, and workshops related to Software Engineering topics.

### Program Mission

Delivering state-of-the-art knowledge and skills of Software Engineering to improve society.

### Program Educational Objectives (PEOs)

The program aims to;

**PEO 1.** Train students to proficiently apply their knowledge and skills in diverse organizations.

**PEO 2.** Develop responsible and ethical professionals having strong interpersonal skills.

**PEO 3.** Enable students to become entrepreneurs, managers, and life-long learners.

### Laboratories

There are following Labs in the department;

1. Software Engineering
2. Computer Graphics
3. DOT IT
4. Elementary Computer
5. Multimedia Signal Processing Research Lab

**Software Engineering Laboratory** provides general purpose computing facilities to the students of Software Engineering discipline. The lab is equipped with thirty computers with latest specifications and the state-of-the-art software tools and applications. This lab is fulfilling the requirements of courses related to software technologies, computer networks and internet technologies.

**Computer Graphics Lab** provides students a facility to conduct experiments related to Computer Graphics and visual programming courses of Software Engineering.

**DOTIT Lab** was solely constructed for research and development in the field of Databases, Web Engineering, Artificial Intelligence and Data mining.

**Elementary Computer Lab** is used for introductory courses including basic programming and computing. The lab is equipped with latest equipment and software to facilitate students.

**Multimedia Signal Processing (MSP) Research Lab** focuses on generating cutting-edge research results in the field of multimedia signal processing. The research at MSP group focuses on extracting useful information from the multimedia content to design various state-of-the-art computer vision, image and audio processing based mobile, web and desktop applications. The members at MSP research lab including both the postgraduate and undergraduate students also design various quality engineering frameworks to evaluate the performance of multimedia applications.

### Placement Bureau & Industrial Liaison Office

A placement bureau has been established by the department to facilitate the placement of students in the industry. The Bureau communicates with public and private sector organizations and broadcast opportunities among the students. Interview arrangements are also made to facilitate employers. Industrial liaison officer has been designated at

departmental level who co-ordinates the process of internships for students and hence serves the purpose of industry-university linkage.

### Societies

Societies are developed to bring out potential qualities of students and enhance their skills. The major objective of these societies is to develop strong interaction among the students and faculty in their corresponding field of interests.

#### 1) Soft Desk

##### Advisor:

**Dr. Ali Javed**

Domain of software development is touching new heights for the past few years and software technologies are rapidly being developed and become obsolete within months. There is every need to keep an eye on changing trends in the field. For the above stated purpose, a society has been established in the Department of Software engineering named SOFT- DESK. The major achievement of SOFTDESK is to organize UET, Taxila Olympiad at National level where universities from all over Pakistan participate every year.

#### 2) Software Technologies Incubation Centre (STIC)

Due to technological advancements in Software industry and to reduce the gap between academia and industry, Department of Software Engineering, UET, Taxila established Software Technologies Incubation Centre (STIC). STIC offered different workshops in networking field like Microsoft Certified System Engineer (MCSE-Microsoft Windows Server 2003), Microsoft Certified Information Technology Professional (MCITP-Microsoft Windows Server 2008), Microsoft Certified Solutions Associate (MCSA-Microsoft Windows Server 2012), LINUX Redhat Certified Engineer (RHCE), Cloud Computing/ Virtualization, Cisco Certified Network Associate (CCNA) and workshops in Software field like PHP, Wordpress, Joomla, Magento, Android and Search Engine Optimization (SEO). After successful completion of these workshops, students can get best jobs either

in Software field or in networking field.

#### 3) Microsoft Learn Student Ambassadors- UET, Taxila

##### Advisor: Dr. Kanwal Yousaf

The Microsoft Learn Student Ambassadors (MLSA) is a program that aims to enhance students' awareness of Microsoft technologies. At UET Taxila, the MLSA initiative is not only fostering a vibrant community of technology enthusiasts but also mentoring them to become Microsoft Ambassadors. Under the hood of MLSA, the student ambassadors are given access to the latest Microsoft software, development tools, reference material, industry events, and training opportunities. Some student ambassadors (based on selection criteria) are provided peer mentorship with Microsoft employees. Key achievements of MLSA-UET Taxila include the successful organization of diverse events such as Hacktoberfest, Machine Learning Workshops led by experts from Microsoft, Women in Tech series, Quantum Technology, and Cloud Computing.

#### 4) Google Developer Student Club- UET Taxila

##### Advisor: Dr. Kanwal Yousaf

Google Developer Student Club (GDSC) is a community group for students interested in Google technologies and programming. GDSC-UET Taxila empowers students to hone their knowledge and skills through dynamic workshops, hands-on training, and project activities. Joining GDSC allows students to immerse themselves in a diverse, peer-to-peer learning environment, fostering growth and innovation. They also contribute to creating impactful solutions for community challenges. GDSC members teach about Machine Learning, Android app development, Google Cloud, Flutter, and other exciting technologies. Main events organized under the umbrella of GDSC-UET Taxila are Google Solution Challenge, Game Jam Mastery, Web Development Bootcamps, Content Writing Bootcamps, Android Training Workshops, Flutter Training Workshops and Info Sessions for fresh entrants.

**Introduction**

After the successful implementation of globalization, privatization and liberalization, the importance of telecommunication has increased significantly. Telecommunication services have emerged as central issue. Digital technology that integrates transmission, switching, processing, and retrieval of information provides opportunities to merge various service modes into an integrated unit. Satellites and optical fibers, among other technologies, contribute significantly to the globalization of telecommunications services. Standardization and interoperability of system have become global issues, as have compatibility of regulatory measures that ensure free trade in telecommunication products and services.

**The Department**

Established in 2007, Telecommunication Engineering department is concerned with the theory, development and application of telecommunication systems, their design and integration. The objective of the program is to provide students with a strong theoretical and practical background in the field of telecommunication along with the engineering analysis, design, and implementation skills necessary to

work between the two. The department offers 4 years degree program of BSc Telecommunication Engineering.

### Program Vision

To foster innovation, excellence, and access at different levels of education for the telecommunication engineering profession.

### Program Mission

To cultivate industry focused human resource that benefits the global demand of Telecommunication industry by:

- Providing value-added education through driven and qualified faculty
- Upholding a supportive environment for imparting affordable education
- Stimulating industry-academia linkage by industry involvement and entrepreneurial activities.

### Program Educational Objectives (PEOs)

**PEO-1:** Our engineers will pursue professions in public or private sector industry, R&D organizations or initiate their own business. Some of them may opt to seek higher professional education.

**PEO-2:** They will exhibit the capability to remain abreast of recent development in Telecommunication Engineering.

**PEO-3:** Their dealings and behavior will reflect sound morals and sensitivity towards socio-environmental concerns.

**PEO-4:** They will have the capacity to be leaders in their respective organizations.

### Laboratories

At present, Department of Telecommunication Engineering has six laboratories for practical demonstration and research work graduates. The semester projects associated with courses taught are carried out in the same laboratories. These laboratories are equipped with high quality equipment to provide students with hands-on training. There are following labs in the department;

1. Electronics & Communication Systems
2. Antenna and Microwave
3. Radio Frequency (RF)
4. DSP and Microprocessor
5. Telecommunication Innovation Center
6. Embedded Systems Research & Development Center

Electronics and Communication Systems Lab is basically developed for experiment of subjects like Electronic devices and circuits, digital logic design, circuit analysis and amplifiers and oscillators etc. This lab is equipped with latest equipment and all required software packages for simulation process.

Antenna and Microwave lab is basically developed for the subjects like Antennas & Wave propagation and Microwave Engineering. The lab is equipped with latest equipment and all required software packages used for simulation purposes.

The purpose of RF lab is conducting the practical work subject like RF planning. The lab also provides the fabrication and testing facility for Antennas and RFID tags. This lab is equipped with all the necessary hardware and software facilities.

The purpose of DSP and Microprocessor lab is to conduct lab experiments for Digital Signal Processing and Micro- processors and Interfacing techniques. This lab is equipped with all the necessary hardware and software facilities.

Telecommunication Innovation Center has been established with collaboration of Telecom industry to equip the TED with state-of-the-art equipment and infrastructure. The

equipment donated by industry is in practice and functional. Transmission & Switching Systems Lab is conducted over here.

Embedded Systems Research & Development Center has been developed to carryout design and synthesis of VLSI systems and advanced level packaging. The lab also hosts a broad spectrum of engineering simulation and scientific computing software. The labs that are conducted here are optical fiber communication, Operating Systems, Introduction to Computing, VLSI Systems, Object Oriented Programming, Control Systems, Computer Aided Engineering Drawing, Next Generation Networks and Radar Systems Engineering.

**Courses Under Semester System  
BSc Telecommunication Engineering**

**Semester - I**

Course Code	Course Title	Credit Hours

## DEPARTMENT OF COMPUTER SCIENCE

### Chairman

**Dr. Syed Aun Irtaza**

### Associate Professors

#### Dr. Syed Aun Irtaza

BSCS (AIOU Islamabad)  
MSCS (FAST-NU, Islamabad)  
PhD (FAST-NU, Islamabad)  
Post Doc (Univ. of Michigan, USA)

### Assistant Professors

#### Dr. Muhammad Munawar Iqbal

BSc (IU Bahawalpur)  
MSc (PU Lahore), MSCS (COMSATS Islamabad)  
PhD (UET, Lahore)

#### Dr. Farrukh Zeeshan Khan

B.Com (PU Lahore), MCS (IU Bahawalpur)  
PhD (Vienna Univ. of Tech., Austria)

#### Dr. Zeeshan Iqbal

BSc (IU Bahawalpur)  
MSc (PU Lahore), MSCS (COMSATS, Islamabad)  
PhD (UET, Taxila)

#### Dr. Syed Muhammad Adnan Shah

BSc (PU Lahore)  
MSc Computer Engg. (CASE Islamabad)  
PhD (UET, Taxila)

#### Dr. Muhammad Javed Iqbal

BSCS (BZU Multan)  
MSCS (UA Faisalabad)  
PhD (UTP, Malaysia)

#### Dr. Qamas Gul

BSCS (AIOU, Islamabad)  
MSc Eng. (UET, Taxila)  
PhD (BIT, China)

### Lecturers

#### Dr. Rao Wakeel Ahmad

BCS (PU Lahore)  
MCS (UO Sargodha)  
MSIT (NUST SEECS, Islamabad)  
PhD (UET, Taxila)

#### Dr. Abid Rauf

BSc Math (PU Lahore)  
MS Info. Security (SU, Chengdu, China)  
PhD (NUST, Islamabad)

#### Dr. Rashid Amin

BSc Math (BZU, Multan)  
MCS (IIU, Islamabad)  
PhD (COMSATS, Wah Cantt.)

#### Mr. Mehmoon Anwar

BSc Math (PU, Lahore)

**Ms. Asmia Asmial**  
MSCS (IIU, Islamabad)

## The Department

The Department of Computer Science is offering BS Computer Science, MS Computer Science, MS Data Science, and PhD Computer Science programs.

Computer science is a field that combines scientific principles and practical applications to solve computational problems. Computer scientists specialize in designing and developing computational systems, as well as studying the theory of computation. Pursuing a degree in computer science offers a wide range of career opportunities with competitive salaries worldwide.

The impact of computer science has been felt across all aspects of human life, from personal to business. With the evolution of computing, new mechanisms and services have been created, providing numerous job opportunities for computer scientists. Top careers in this field include Software Development, Data Science, Data Engineering, Cloud Computing Experts, Database Administration, Business

Intelligence, Android/IOS Application Development, Game Programming, Artificial Intelligence Engineers, and Cyber Security.

To ensure that students are prepared for the demands of the international job market, computer science department in UET Taxila has focused on the latest job trends in the field. The primary objective is to equip students with high-demand skills required to pursue the career in the field of Computer Science.

The department also collaborates with leading companies in the computer science industry, such as Cloudera, Oracle, VMWare, Huawei, Amazon Web Services, SAP, and Microsoft. These partnerships provide students with an industry-developed curriculum and exposure to software being used in the industry, enhancing their job readiness upon graduation. The department's academic partnerships reflect its commitment to staying current with industry standards and equipping its students with the skills needed to excel in their future careers.

## Program Mission

Imparting up-to-date knowledge and skills of Computer Science to achieve the socio-economic goals for the betterment of society.

## Program Educational Objectives (POEs)

The Program aims:

**PEO-1:** To produce competent computer scientists that can apply the knowledge and skills of computer science in diverse fields.

**PEO-2:** To prepare students to demonstrate professional and ethical practices and a responsible behavior in their respective organization.

**PEO-3:** To inculcate a zest to enhance their professional development by pursuing advance degrees in their fields.

**PEO-4:** To impart interpersonal skills so that they can become successful managers, entrepreneurs, and leaders.

### Laboratories

There are following labs in the department:

1. General Computing
2. Cloud Computing
3. Digital Logic Design
4. Final Year Project

The General Computing lab serves as a multipurpose facility for students to conduct experiments in computer programming, web development, and mobile application development.

In contrast, Cloud computing provides on-demand access to shared computer processing resources and data via the Internet, reducing the need to store data locally and potentially cutting costs.

The Digital Logic Design Lab features top-of-the-line hardware and software to enable students to perform necessary experiments.

Similarly, the Final Year Project Lab is a dedicated space that supports students in designing, developing, completing, and testing their final year projects.

### COMPTECH (Society of Computer Technology)

#### Advisor:

Dr. Muhammad Munwar Iqbal (Assistant Professor)

#### Patron:

Dr. Syed Aun Irtiza

### Society Mission & Objectives

- To invite the speakers from all over Pakistan, so they can guide the students in their respective fields.
- To provide the chance to collaborate with international computing and scientific societies.
- To able participation in the competitions being held by other institutions, and international hackathons.
- To organize Extra Curricular activities and events for the Students to foster their intellectual, and literary potentials.

### Events Organized

1. Web Programming
2. Poster Design
3. Crypto Challenge/Cryptography
4. UNO Card Game
5. Rubik's Cube
6. Minute to Win it
7. Quick Coding

### Courses of Study

To complete the BS Computer Science degree:

- 1) The minimum credit hours shall be 134 including computing related courses.
- 2) The program shall comprise 8 semesters spread over 4 year with two semesters a year.

In all matters regarding courses of study and others, the department strictly follows the policies and guidelines of Higher Education Commission. The following are the relevant details of courses offered:

**Courses Under Semester System  
BSc Computer Science**

**Semester - I**

Course Code	Course Title	Credit Hours
GE-01	Application of Information and Communication Technologies	3
GE-101-L	Application of Information and Communication Technologies Lab	1
CS-101	Programming Fundamentals	3
CS-101-L	Programming Fundamentals Lab	1
GE-102	Calculus and Analytical Geometry	3
GE-103	Functional English	3
GE-104	Ideology and Constitution of Pakistan	2
GE-105	Islamic Studies/Ethics	2
QT-101	Quran Teaching	0
<b>Semester Total</b>		<b>18</b>

**Semester - II**

Course Code	Course Title	Credit Hours
CS-102	Object Oriented Programming	3
CS-102-L	Object Oriented Programming Lab	1
CS-103	Digital Logic Design	2
CS-103-L	Digital Logic Design Lab	1
EN-101	Technical and Business Writing	3
MT-101	Probability & Statistics	3
GE-107	Applied Physics	3
GE-108	Pak Studies	2
<b>Semester Total</b>		<b>18</b>
<b>Total for First Year</b>		<b>36</b>

**Semester - III**

Course Code	Course Title	Credit Hours
CS-201	Data Structures	3
CS-201-L	Data Structures Lab	1
CS-202	Computer Organization and Assembly Language	2
CS-202-L	Computer Organization and Assembly Language Lab	1
GE-201	Discrete Structure	3
GE-202	University Elective – I (Introduction to Management)	3
MT-201	Linear Algebra	3
QT-101	Quran Teaching	0
<b>Semester Total</b>		<b>16</b>

**Semester - IV**

Course Code	Course Title	Credit Hours
CS-204	Operating Systems	2
CS-204-L	Operating Systems Lab	1
CS-205	Software Engineering	3
CS-206	Computer Architecture	2
CS-206-L	Computer Architecture Lab	1
GE-203	Expository Writing	3
CS-207	Database Systems	3
CS-207-L	Database Systems Lab	1
MT-202	Multivariable Calculus	3
	<b>Semester Total</b>	<b>19</b>
	<b>Total for Second Year</b>	<b>35</b>

**Semester - V**

Course Code	Course Title	Credit Hours
CS-301	Human Computer Interaction & Computer Graphics	2
CS-301-L	Human Computer Interaction & Computer Graphics Lab	1
CS-302	Theory of Automata	3
CS-303	Advance Database Management System	3
CS-304	Artificial Intelligence	2
CS-304-L	Artificial Intelligence Lab	1
CS-305	Domain Elective -I	3
CS-306	Domain Elective -II	3
QT-301	Quran Teaching	0
	<b>Semester Total</b>	<b>18</b>

**Semester - VI**

Course Code	Course Title	Credit Hours
CS-307	Domain Elective – III	3
SS-301	Elective Supporting Course- (Introduction to Marketing)	3
CS-308	Domain Elective –IV	3
CS-309	Computer Networks	3
CS-309-L	Computer Networks Lab	1
CS-310	Domain Elective - V	3
CS-311	Analysis of Algorithms	3
	<b>Semester Total</b>	<b>19</b>
	<b>Total for Third Year</b>	<b>37</b>

Semester - VII

Course Code	Course Title	Credit Hours
CS-400	Final Year Design Project - I	2
CS-401	Domain Elective – VI	3
CS-402	Compiler Construction	2
CS-402-L	Compiler Construction Lab	1
CS-403	Parallel and Distributed Computing	2
CS-403-L	Parallel and Distributed Computing Lab	1
GE-401	Civics and Community Engagement	2
CS-405	Domain Elective – VII	3
QT-401	Quran Teaching	0
<b>Semester Total</b>		<b>16</b>

Semester - VIII

Course Code	Course Title	Credit Hours
CS-406	Final Year Design Project - II	4
GE-402	Entrepreneurship	2
CS-408	Information Security	3
GE-403	Arts & Humanities – (Professional Practices)	3
<b>Semester Total</b>		<b>12</b>
<b>Total for Final Year</b>		<b>28</b>
<b>Grand Total for Four Years</b>		<b>136</b>

**Computer Science (CS) Elective (21/130) 7 Courses**

Course Title	Credit Hours
Operations Research	3
Simulation and Modeling	3
Computer Graphics	3
Digital Image Processing	3
Digital Signal Processing	3
Computer Vision	3
Software Engineering	3
Advance Software Engineering	3
Principles of Programming Languages	3
Data Communication	3
Distributed Computing	3
Data and Network Security	3
Wireless Networks	3
Telecommunication Systems	3
Microprocessor Interfacing	3
Web Engineering	3
System Programming	3
Distributed Database Systems	3
Data Warehousing	3
Numerical Computing	3
Expert Systems	3
Artificial Neural Network	3
Fuzzy Logic	3

Course Title	Credit
Software Quality Assurance	3
Advance Object-Oriented Programming	3
Network Analysis and Design	3
Network Management	3
Game Programming	3
Cryptography	3
Network Programming	3
Cloud Computing	3
Visual Programming	3
Object Oriented Software Engineering	3
Computer Law	3
Computer Animation	3
Modern Programming Language	3
Information Security	3
Data and Network Security	3
Advance Topics in Computer Science	3
Financial Analytics	3
Natural Language Processing	3
Malware Development and Analysis	3
Cyber Threat Detection Intelligence	3
Digital Forensic	3
Critical Infrastructures Security	3

**Social Science and General Education Requirement as per HEC UG Education Policy are Courses (3/130) 1 Course and (30/130) 12 Courses**

Course Title	Credit Hours
Application of Information & Communication Technologies	3
Functional English	3
Expository Writing	3
Quantitative Reasoning – 1 (Discrete Structures)	3
Quantitative Reasoning – 2 (Calculus and Analytic Geometry)	3
Islamic Studies	3

Course Title	Credit Hours
Ideology and Constitution of Pakistan	3
Social Sciences (Example: Introduction to Management)	3
Natural Sciences (Applied Physics)	3
Arts & Humanities (Professional Practices)	3
Civics and Community Engagement	3
Entrepreneurship	3

Course Title	Credit Hours
Social Science (Introduction to Marketing)	3
Social Science (Financial Accounting)	3
Social Science (Human Resource Management)	3
Social Science (Economics)	3
Social Science (Psychology)	3

Course Title	Credit Hours
Social Science (International Relations)	3
Social Science (E-Commerce)	3
Social Science (Social Media Marketing)	3
Any other relevant course of Social Science and General Education and Domain elective may be offered.	

### E-ROZGAAR PROGRAM PARTNERSHIP

PITB under the Chief Minister E-Rozgaar Training Program in collaboration with Computer Science department UET, Taxila started the 3rd E-Rozgaar training center. This partnership provides the training and career development opportunities to young professionals of the province to help the counter, the menace of unemployment and provide them with the necessary means to earn an honorable living. Three main tracks are offered:

1. Technical
2. Non-technical
3. Creative Designing

The main objectives of this initiative are as follows:

- To provide training opportunities to youth

for self-employment using internet-based freelancing

- Provision of career growth for young degree holders.
- Development of soft critical skills to enhance the employability of our youth.
- To ensure that our youth can earn a sustainable income.
- Empower youth by giving them an opportunity to not only work on their own but also to contribute positively to Pakistan by bringing in much needed foreign exchange for themselves and the country.
- To give an international face to Freelancing in Pakistan – Ultimately have a group of premium, top-notch Freelancers housed at the same place to work on international projects.
- To provide young individuals with opportunities for upward economic and social mobility.
- To provide exposure to unexplored yet lucrative career opportunities for our youth.
- Empower and alleviate the status of women by giving them the opportunity to earn an honorable living while working from home.

# 6

## Faculty of Basic Sciences and Humanities

This faculty consists of three academic departments:

- Department of Mathematical Sciences
- Department of Physical Sciences
- Department of Humanities and Social Sciences

### DEPARTMENT OF MATHEMATICAL SCIENCES

#### Chairman

**Dr. Nasir Siddiqui**

#### Associate Professors

**Dr. Muhammad Muddassar**

PhD (UET, Lahore)

**Dr. Nasir Siddiqui**

PhD (QAU, Islamabad)

**Dr. Azeem Shahzad**

PhD (QAU, Islamabad)

#### Assistant Professors

**Dr. Safeera Batool**

PhD (CUI, Islamabad)

**Dr. Zaffer Elahi**

PhD (PU, Lahore)

**Dr. Muhammad Altaf**

PhD (USTC, China)

**Dr. Muhammad Touqeer**

PhD (PU, Lahore)

#### Lecturers

**Dr. Syed Sabyel Haider**

PhD (NUST, Islamabad)

**Dr. Jawad Ahmad**

PhD (QAU, Islamabad)

(on leave)

**Ms. Andleeb Abbasi**

M.Phil (QAU, Islamabad)

(on leave)

**Ms. Sumaira Rashid**

M. Phil (QAU, Islamabad)

**Mr. Syed Zulqarnain Haider**

M. Phil (QAU, Islamabad)

(on leave)

**Ms. Haleema Sadia**

M. Phil (QAU, Islamabad)

## The Department

The Department of Mathematical Sciences is a vital component of any academic institution, encompassing a broad range of mathematical and statistical disciplines and research areas. Its primary goal is to advance understanding and knowledge in mathematics through teaching, research, and outreach activities.

within a university setting, the Department of Mathematical Sciences typically offers undergraduate and graduate programs, providing students with foundational knowledge in mathematical theory, problem-solving skills, and applications across various fields such as science, engineering, data analysis, and computer science.

The faculty within the department are often engaged in cutting-edge research, exploring topics ranging from pure mathematics, like algebra, analysis, and geometry, to applied mathematics, including mathematical modeling, computational mathematics, and mathematical physics.

In addition, the department is also responsible for teaching mathematics and statistics courses to all undergraduate programs in each Engineering Programs of the University.

## Programs

In the ever-evolving landscape of knowledge and technology, the importance of mathematics as a foundational discipline cannot be overstated. Recognizing the critical

role that mathematics plays in shaping various fields, we take pride in introducing our Bachelor of Science (BS) program in Mathematics.

The distinguished faculty members, who are experts in various branches of mathematics, will guide students through a curriculum that encompasses both theoretical and practical aspects of the discipline. The program offers a blend of core courses, electives, and hands-on projects to ensure that students not only grasp the fundamental concepts but also apply them in real-world scenarios.

Moreover, the BS Mathematics program encourages interdisciplinary collaboration, allowing students to explore the intersections between mathematics and other fields. This interdisciplinary approach enhances students' ability to address complex challenges and contribute meaningfully to the advancement of knowledge.

At UET Taxila, we are committed to fostering a supportive learning environment that encourages curiosity, creativity, and innovation. The BS Mathematics program is designed to nurture the next generation of mathematicians and professionals who will play a pivotal role in shaping the future. Embark on a transformative academic journey with us as we delve into the exciting world of mathematics, unraveling its mysteries and unlocking its immense potential. Join us in paving the way for a future where mathematical prowess is not only valued but serves as a catalyst for positive change.

Welcome to the BS Mathematics program at UET Taxila, where the power of mathematics meets limitless possibilities. BS Mathematics is a four-year degree program comprising of eight regular semesters.

The Department of Mathematical Sciences has well equipped Computational LAB. Combined with cutting-edge computational techniques with domain-specific expertise to address complex problems and drive innovation in our field.

Category	Course Code	Course Title	Credit Hours
Math Core	MTH-421	Number Theory	3
Math Core	MTH-422	Numerical Linear Algebra	3
Specialization Elective	MTH-XXX	Distribution Course –III	3
Specialization Elective	MTH-XXX	Distribution Course –IV	3
Specialization Core	MTH-410	Capstone Project	3
<b>Total Credit Hours</b>			<b>15</b>
<b>Total for Final Year</b>			<b>30</b>
<b>Total for Four Years</b>			<b>126</b>

### List of Distribution Elective Courses

Course Code	Course Title	Credit Hours
MTH-401	Real analysis-II	3
MTH-402	Advanced Group Theory	3
MTH-403	Fuzzy Set Theory	3
MTH-404	Introduction to Graph Theory	3
MTH-405	Measure Theory and Lebesgue Integration	3
MTH-406	Fixed Point Theory and Applications	3
MTH-407	Functional Analysis-II	3
MTH-408	Combinatorial Mathematics	3
MTH-409	Theory of Partial Differential Equations	3
MTH-411	Nonlinear Waves	3
MTH-412	Dynamical Systems	3
MTH-413	Special Theory of Relativity	3
MTH-414	Waves and Oscillations	3
MTH-415	Fluid Mechanics-I	3
MTH-416	Computational Physics	3
MTH-417	Computer Graphics	3
MTH-418	Theory of Automata	3
MTH-419	Theory of Splines	3
MTH-420	Optimizations	3

Note:z The distribution courses will be offered from the above list of courses subject to the availability of concerned teacher.

## DEPARTMENT OF PHYSICAL SCIENCES

### Chairman

**Dr. Malik Sajjad Mehmood**

### Associate Professor

**Dr. Malik Sajjad Mehmood**  
PhD (PIEAS, Islamabad)

### Assistant Professors

**Dr. Muhammad Sultan**  
PhD (QAU, Islamabad)  
Post Doc. (Loughborough University UK)

**Dr. Muhammad Nadeem Badani**  
PhD (Universiti Teknologi Malaysia)

### Lecturers

**Dr. Kulsoom Rahim**  
Ph.D. (QAU, Islamabad)

**Dr. Muhammad Tariq**  
PhD (MLU Halle-Wittenberg, Germany)  
Post Doc. (MLU Halle-Wittenberg, Germany)

### The Department

The Department of Physical Sciences is a teaching and research Department of the University of Engineering and Technology, Taxila.

At the Department of Physical Sciences, the aim is to take pride in fostering a dynamic learning environment, where students can explore the wonders of Physics and allied Sciences while engage themselves in cutting-edge research. The dedicated faculty of the Department is here to guide and inspire student's academic journey.

### Vision

To be a leading center of academic and research excellence in the field of Physical Sciences, fostering innovation, knowledge, & technological development.

### Mission

To impart quality education, cutting-edge research, and contribute to the advancement of knowledge in the physical sciences while nurturing a learning environment that promotes critical thinking, creativity, and the holistic development of individuals.

### Courses of Study

The Department of Physical Sciences currently offers two comprehensive degree programs:

#### **Undergraduate Program (BS Physics):**

A four-year program designed to provide students with a solid foundation in Physics.

**Postgraduate Program (MS Physics):** A two-year program offering advanced studies in Physics.

While MS Physics program is running since 2014, the BS Physics is newly introduced by the Department at the University. The first intake of students in BS Physics is started in the Fall-2023 session.

In addition to our degree programs, the Department of Physical Sciences also provides their instructors to various Engineering Departments for teaching the Applied Physics and Chemistry courses.

### Laboratories

The Hands-on exploration of theoretical concepts is extremely important in any degree program. The state-of-the-art laboratories of the Department provide an immersive learning experience. Equipped with all necessary instruments and guided by experienced faculty, these laboratories are the heart of our commitment to empowering students with real-world applications of theoretical knowledge. The Department of

Physical Sciences have the following three major labs for undergraduate students.

- Optics and Mechanics Lab
- Electromagnetism and Thermodynamics Lab
- Modern Physics and Material Lab

Department also has Postgraduate Research facilities for various kind of sample preparation.

### BS Physics Programs

The BS Physics is a full-time 4 years (8 semesters) degree program. Various core Physics courses along with interdisciplinary as well as general education courses, as per guideline of HEC are offered to the students of BS Physics degree program. Briefly, the students will study the 135 credit hours in total. In 7th semester, each student will attend a 3 credit hours internship, in which they are required to gain the field experience of six to eight weeks (preferably undertaken during semester or summer break). The students are required to submit their report at the end of the semester. The internship must be graded by a faculty member in collaboration with the field supervisor. In 8th semester, the students are required to write a project of 3 credit hours on a topic approved by the Chairman of the Department along with the theory courses. There will be viva-voce examination of the project.

**Courses Under Semester System  
BS Physics  
Semester - I**

Category	Course Code	Course Name	Credit Hrs.
General Education	GE-111	Ideology and Constitution of Pakistan	2
General Education	GE-112	Functional English	3
General Education	GE-113	Natural Sciences (Applied Chemistry)	2
General Education	GE-113-L	Natural Sciences (Applied Chemistry (Lab))	1
General Education	GE-114	Application of Information & Communication Technologies	2
General Education	GE-114-L	Application of Information & Communication Technologies (Lab)	1
Interdisciplinary	MTH-111	Calculus and Analytical Geometry	3
Core	PHY-111	Mechanics	3
Core	PHY-111-L	Lab I – Mechanics (Lab)	1
		Basic Mathematics (Non-Credit)*	0
General Education	QT-101	Quran Translation-I (Imaniyat)	0
		<b>Total</b>	<b>18</b>

\* The Basic Mathematics (Non-Credit) is a "crash course" of the FA/F.Sc level only for those students of BS Physics, who did not study Mathematics in their Intermediate/HSSC degree. Passing the course is compulsory.

**Semester - II**

Category	Course Code	Course Name	Credit Hrs.
General Education	GE-121	Islamic Studies/Ethics	2
General Education	GE-122	Expository Writing	3
General Education	GE-123	Social Sciences (Social Psychology)	2
Interdisciplinary	CP-107	Computer Programming	3
Interdisciplinary	CP-107-L	Computer Programming (Lab)	1
Interdisciplinary	MTH-121	Linear Algebra	3
Core	PHY-121	Electricity and Magnetism	3
Core	PHY-121-L	Electricity and Magnetism (Lab)	1
		<b>Total</b>	<b>18</b>
		<b>Total for First Year</b>	<b>36</b>

**Semester - III**

Category	Course Code	Course Name	Credit Hrs.
General Education	GE-211	Arts & Humanities (Professional Practices)	2
General Education	GE-212	Civics and Community Engagement	2
General Education	GE-213	Quantitative Reasoning-I	3
Interdisciplinary	MTH-211	Multivariable Calculus	3
Core	PHY-211	Heat and Thermodynamics	3
Core	PHY-212	Waves and Oscillations	3
Core	PHY-212-L	Heat, Waves and Oscillations (Lab)	1
General Education	QT-202	Quran Translation-II (Ibadaat)	1
		<b>Total</b>	<b>17</b>

### Semester - IV

Category	Course Code	Course Name	Credit Hrs.
General Education	GE-221	Entrepreneurship	2
General Education	GE-222	Quantitative Reasoning-II	3
General Education	GE-223	Pakistan Studies	2
Interdisciplinary	MTH-221	Differential Equations	3
Core	PHY-221	Modern Physics	3
Core	PHY-222	Optics	3
Core	PHY-222-L	Optics (Lab)	2
		<b>Total</b>	<b>18</b>
		<b>Total for Second Year</b>	<b>35</b>

### Semester - V

Category	Course Code	Course Name	Credit Hrs.
Core	PHY-311	Research Methodology	3
Core	PHY-312	Electrodynamics-I	3
Core	PHY-313	Classical Mechanics	3
Core	PHY-314	Mathematical Methods of Physics-I	3
Core	PHY-315	Electronics-I	3
Core	PHY-315-L	Electronics (Lab)	2
General Education	QT-303	Quran Translation III (Muamlaat)	1
		<b>Total</b>	<b>17</b>

### Semester - VI

Category	Course Code	Course Name	Credit Hrs.
Core	PHY-321	Nuclear Physics	3
Core	PHY-322	Electrodynamics-II	3
Core	PHY-323	Quantum Mechanics-I	3
Core	PHY-324	Mathematical Methods of Physics-II	3
Core	PHY-325	Electronics-II	3
Core	PHY-325-L	Modern physics, Spectroscopy (Lab)	2
		<b>Total</b>	<b>17</b>
		<b>Total for Third Year</b>	<b>34</b>

### Semester - VII

Category	Course Code	Course Name	Credit Hrs.
Core	PHY-411	Statistical Physics	3
Core	PHY-412	Atomic and Molecular Physics	3
Core	PHY-413	Quantum Mechanics-II	3
Core	PHY-414	Solid State Physics-I	3
Core	PHY-414-L	Atomic physics, Solid State Physics (Lab)	2
Core	PHY-410	Internship	3
General Education	QT-404	Quran Translation IV (Akhlaiqiyat)	1
		<b>Total</b>	<b>17</b>

### Semester - VIII

Category	Course Code	Course Name	Credit Hrs.
Core	PHY-421	Solid State Physics-II	3
Core	XXX	Elective-I	3
Core	XXX	Elective-II	3
Core	XXX	Elective-III	3

**Dr. Syed Muhammad Abdul Rehman Shah**

PhD (IIUI)

MS (IIUI)

**Mariam Batool**

M.Phil (AU, Islamabad)

(on higher studies abroad)

**Tehmina Farrukh**

M.Phil (AU, Islamabad)

**Muhammad Irfan**

MS (IIUI)

**Ms. Rabia Ramzan**

M.Phil (FJWU)

### The Department

The Humanities & Social Sciences Department (HSSD) was established independently under the auspices of the Faculty of Basic Sciences and Humanities in 2023, and entrusted with the responsibility of providing instructors to various engineering departments. Presently, the HSSD has expanded its academic purview to encompass a range of subjects including

Quran Translation Modules, Islamic Studies, Pakistan Studies, English, Social Sciences, Professional & Social Ethics, Economics, and Management. This evolution reflects the department's commitment to providing a comprehensive and interdisciplinary education, aligning with the evolving needs and demands of contemporary academia and society at large.

The curricular contents of our courses undergo regular scrutiny to ensure alignment with the rapid advancements observed across diverse engineering faculties. Specialized courses in Islamic Studies have been meticulously crafted to cater the intellectually spiritual development of Muslim students across all engineering disciplines, with overarching aim to cultivate a profound understanding of Islamic principles, equipping students with the moral compass necessary for discharging their future societal duties with utmost integrity and diligence. Furthermore, non-Muslim students are afforded the opportunity to engage with courses centered on ethics, fostering a holistic educational experience that transcends cultural and religious boundaries. The introduction of Pakistan Studies as mandatory course, is meticulously structured to explore multifaceted dimensions, encompassing the historical and ideological underpinnings of Pakistan, the intricacies of governance, national development paradigms, and contemporary challenges confronting the nation.

It is widely acknowledged that proficiency in the English language is indispensable for effective participation in the global arena. Consequently, various departments offer a spectrum of courses meticulously designed to enhance students' English language proficiency tailored for professional contexts. Through these courses, students are afforded the opportunity to refine their communication acumen, thereby fostering greater efficacy in

interpersonal and professional interactions. Complementing these initiatives, an English Language Lab has been established within the department, leveraging cutting-edge technology and interactive pedagogical methods to facilitate immersive language learning experiences. Equipped with state-of-the-art computing resources, audio-visual aids, and interactive tools, the lab serves as a nurturing environment for students to hone their English language skills in a supportive and conducive setting.

Moreover, faculty members within the department are actively engaged in scholarly pursuits, yielding a rich repository of research publications showcased in esteemed scientific journals and presented at both national and international conferences and seminars. These contributions span an array of disciplines, including Seerah Studies, Political Theory, Governance, Gender Studies, Environmental Ethnicism Islam, Economics, Monetary Policy, Islamic Banking and Finance, Islamic Studies, Islamic Law, English Linguistics and Literature, Public Economy, Politics, Management, Iqbaliat, and Ethics, reflecting the department's commitment to advancing knowledge and scholarship across multifarious domains.

# SERVICES AND COMMON FACILITIES

## 7 Library

### 7.1 Main Library

The Central Library of the University plays a vital role in dissemination of knowledge, teaching, research, and extension services. It has a seating capacity for about 400 readers at its different halls, which provide congenial conditions for study. The Library is stocked with encyclopedias, dictionaries, handbooks, standard specifications, yearbooks, almanacs, abstracts, indexes and a big reference collection of text and general technical books.

#### Library Timings

Monday – Friday: 08:00 am - 09:00 pm

### 7.2 Library Resources

Library has 69588 books and huge collection of journals pertaining to engineering and applied sciences. The members have open access to library collections arranged at reference and circulation sections.

### 7.3 Reference Section

Reference resources are located at the ground floor. They include the following:

- (a) **Reference Books:** This section consists of dictionaries, encyclopedias, manuals, technical/ industrial standards, plus one copy of each title pertaining to engineering disciplines etc.
- (b) **Thesis/ Dissertations:** Thesis of MSc. Engineering and PhD students are available in this section.
- (c) **Periodicals/ Journals:** Central Library has a vast variety of research journals, proceedings, magazines and newspapers.
- (d) **Computer Lab:** This lab consists of 50 computers with free access to internet and electronic resources.
- (e) **CD/DVD Burn Facility** is also available to

library users on providing a writable CD/ DVD.

Readers' advisory service, reference services are provided to students, faculty and research scholars. Library users can contact to the library personnel in the Journal/Periodical Section OR In-charge Evening Shift regarding their queries. Reference resources are not borrowable/ transferable resources to any library user, but one can borrow them conditionally with the permission of Chief Librarian.

### 7.4 Book Bank

This section consists of textbooks recommended by the faculty. Every faculty member can CHECK OUT (borrow) 10 (ten) books while every undergraduate student can CHECK OUT (borrow) 08 (eight) textbooks for an academic session from this section.

### 7.5 Circulation Section

This section plays a key role for providing books to readers. The readers may contact at Circulation Desk OR Senior Librarian (Circulation) at the ground floor regarding the matters relating to library membership, fine and clearance etc. This section consists of the following subjects:

- Engineering and allied sciences Social Sciences, Humanities, Literature and Religions
- Basic Sciences like Mathematics, Physics, Chemistry and Computer Sciences etc.

Library users can CHECK OUT (barrow) books under the library rules. Books holding (reservation) facility is also available for library users.

### 7.6 Central Library Automation System

Central Library has launched its online web OPAC using Koha (an integrated library system). This ILS has been prepared according

to international standards. Library users can check their CHECK OUTS, CHECK INs, borrowing status/history and fines. They also can prepare their private as well shared lists and can upload their own documents and much more through internet from anywhere, any time. To access the database please follow the link bellow:

<http://web.uettaxila.edu.pk/uet/Library.asp>  
OR Main university website >> Life at UET >> Library. Please email us at: [central.library@gmail.com](mailto:central.library@gmail.com)

## 7.7 Online Resources: Digital Library

To meet the requirements of students and researchers of UET, Taxila, the provision of quality scholarly information based electronic delivery through Pakistan Educational Research Network (PERN) is available in the Library. HEC has given the online access to online books of almost all major international famous publisher on a large number of subjects, hundreds of thousands of journals, millions of articles, thousands scholarly research thesis and many international databases free of charge through university intranet.

### ASTM

The ASTM Standards & Engineering Digital Library is a vast collection of industry-leading standards and technical engineering information. It covers a broad range of

engineering disciplines, including aerospace, biomedical, chemical, civil, environmental, geological, health and safety, industrial, materials science, mechanical, nuclear, petroleum, soil science and so-larengineering.  
**AMERICAN SOCIETY OF CIVIL ENGINEERING (ASCE)**

The ASCE Research Library provides access to more than 18,500 full-text papers from ASCE Journals and Proceedings.

### ASSOCIATION OF COMPUTING MACHINERY (ACM)

- The ACM digital library contains full-text from 28 ACM Journals and Transactions, 10 ACM Magazines, over 40 ACM Special Interest News- letters, 15 non-ACM journal and publications and over 100 annual conference proceedings.
- Content strengths include all areas of Information Technology, with full archival content for all ACM publications.

### INSTITUTE OF ELECTRICAL AND ELECTRONIC ENGINEERS (IEEE)

- IEEE database provides access to almost a third of the world's current Electrical Engineering and Computer Science literature.
- IEL provides full-text access to 132 IEEE and 45 IEE journals, magazines, transactions, and conference proceedings as well as active IEEE standards.

### AMERICAN PHYSICAL SOCIETY (APS)

- APS database provides access to 9 prestigious research publications
- Includes the five-specialist Physical Review Publications, and the PROLA archive.

### AMERICAN ASSOCIATION OF PHYSICS TEACHERS (AAPT)

- Two AAPT publications provide up to date physics knowledge, at a level comprehensible for many users.
- AAPT publications assist in the learning of new and traditional teaching methodologies and the use of modern

technology in Physics.

**AMERICAN INSTITUTE OF PHYSICS (AIP)**

- AIP database provides access to the full collection of highly rated of 11 Journals and conference proceedings.
- Covers developments in Physics, Industrial Applications (Applied Physics), and advances in Scientific Computing.

**OPTICAL SOCIETY OF AMERICA (OSA)**

- OSA database provides access to 8 peer-reviewed journals that set the publications standard for advanced optics research within each major sector of the field.
- OSA journals cover the full spectrum of optics research, including the fields of Physics, Materials Research, Atmospheric Studies, Visual Psychology, Biomedical Optics, Physiology, and Ophthalmology, as well as Mechanical, Computer, Electrical and Optical Engineering.

**JOURNAL OF THE ACOUSTICAL SOCIETY OF AMERICA (JASA)**

- Since 1929 The Journal of the Acoustical Society of America has been the leading source of theoretical and experimental research results in the broad interdisciplinary subject of sound.

- The Journal serves physical scientists, life scientists, engineers, psychologists, physiologists, architects, musicians, and speech communication specialists.

**ELSEVIER (Science Direct)**

- Science Direct is the world’s leading electronic collection of scientific journals.
- Renowned for the high-quality of its content in all branches of science, technology, and medicine. Subscribed subject Areas are:
  - Energy
  - Engineering
  - Computer Science
  - Materials Science

**ESDU - Engineering Solutions for Academia**

- ESDU collection is based on industry standard tools and software as part of teaching and research projects.
- ESDU provide validated design guides, introductions, methods, data, and software used in Industry and suitable for simple, rapid inclusion in these engineering programs:
  - Aerospace Engineering
  - Civil Engineering
  - Chemical Engineering

- Material Science
- Mechanical Engineering
- Process Engineering
- Structural Engineering

**SPRINGER LINK**

- Springer Link provides access to 503 full-text Springer-Verlag Journals and 738 full-text journals formerly published by Kluwer Academic Publishing.
- One of the world’s leading information services for Science, Technical and Medical journals.

**TAYLOR & FRANCIS JOURNALS**

- Taylor & Francis has grown rapidly over the last two decades to become a leading international academic publisher.
- More than 1000 journal titles including over 780 journals are listed in the 2010 Thomson Reuters, Journal Citation Reports® in a full range of disciplines like:
  - Engineering, Computing & Technology
  - Environment & Agriculture
  - Business, Management & Economics
  - Chemistry
  - Mathematics & Statistics
  - Physics
  - Library & Information Science
  - Media, Cultural & Communication Studies

- Social Sciences and more...

**WILEY-BLACKWELL JOURNALS**

- Since the Blackwell-Synergy merger with Wiley Interscience, all the journals available to HEC consortium are now available through Wiley Interscience.
- Online database containing over 1,234 journals in science, technology, medicine, humanities, and social sciences.

**FREE MEDICAL JOURNALS**

47 leading international medical Journals available through “Highwire Press”, without any registration.

**7.8 Video Conferencing Facility**

Video conferencing facility is available in accreditation with HEC. This facility is used to bring people at different sites together for a meeting. This can be as simple as a conversation between two people in private offices (point-to-point) or involve several sites (multi-point) with more than one person in Video conferencing hall at different sites. Besides the audio and visual transmission of meeting activities, video conferencing can be used to share documents, computer-displayed information, and whiteboards.

**8 Technical Journal**

Technical Journal is a quarterly publication of UET, Taxila recognized by HEC in “X” category.

It is being published regularly with a key objective to provide the visionary wisdom to academia and researchers to disseminate novel knowledge and technology for the benefit of society. Technical Journal is indexed with well recognized following international databases:

- AGRIS DATABASE
- Aluminum Industry Abstracts
- ANTE: Abstracts in New Technology & Engineering
- Ceramic Abstracts
- Civil Engineering Abstracts
- Computer and Information Systems Abstracts (Module)
- Copper Technical Reference Library
- Corrosion Abstracts
- Directory of Research Journals Indexing
- Earthquake Engineering Abstracts
- EBSCO DATABASES
- Electronics & Communications Abstracts
- Engineering Research Database
- Engineered Materials
- Environmental Engineering Abstracts
- Environmental Science and Pollution Management
- Library of Congress, USA
- Materials Research Database
- Mechanical & Transportation Engineering Abstracts
- Metadex
- OCLC World Cat
- ProQuest Products
- PASTIC SCIENCE ABSTRACTS
- Solid State and Super conductivity Abstracts

Submission of paper remains open round the year. Researchers and academia can submit their papers at any time which they deem fit. Presently there are no charges for publication of research paper in Technical Journal.

9

**Network Administration & Research Center (NARC)**

Network Administration and Research Center (NARC) was founded to provide better

support and services to the University. NARC is an outcome of University Computerization and Network Enhancement Program (UCNEP) project. Under UCNEP project, state of the art equipment was procured, and latest technology was introduced to enhance the quality of communication infrastructure, existing Lab facilities and processes of the University.

NARC is responsible for design and development of networking infrastructure within University campus and sub campuses. It also provides 24-hour internet facilities for the university. Wireless hotspots are available in campus of the university to use internet and Intranet services for students and researchers. NARC staff comprises of highly skilled, well qualified and technically competent workers who perform their tasks as a passion of their life.

NARC is not only limited to provide services to the University and its sub campuses, it also helps in providing technical assistance to other projects of national interest. NARC staff is actively involved in providing consultancy services to other universities and educational institutes, thus contributing towards the development of IT infrastructure of Pakistan.

NARC provides 24 hours research facilities to PhD scholars and researchers. All facilities provided by NARC are available round the clock. This includes Digital Library which provides free access to research papers and technical material from leading international forums and organizations around the world. It also provides High Performance Computing (HPC) facilities for students and researchers.

Necessary equipment required to complete the semester projects and final year projects is provided free of cost to the students. Moreover, technical guidance is also provided to them. NARC hosted the 17th International Conference on Microelectronics (ICM'05) held in December 2005 and ICOCN-07(International Conference on Optical Communication and Networks).

NARC is responsible for planning and management of IT related services of the University. It has successfully implemented Smart University and Safe Campus project, in collaboration with HEC and Huawei. This project provides:

- Wi-Fi blanket coverage
- Intelligent Video Surveillance (IVS) services
- All the departmental buildings, Hostels, Cafes, and Parking Areas are provided Wi-Fi hotspot services.
- Users can enjoy Wireless roaming services throughout the campus.
- UET, Taxila has a total Internet bandwidth of 513 Mbps through PERK and Smart University while an additional 100 Mbps is provided by PTCL as part of their MoU for 4G wireless services.
- All the buildings as well as boundary areas are covered by IP-based video cameras.
- The data generated by cameras will be stored locally at UET, Taxila as well as at HEC Data Center, Islamabad.
- Moreover, EDUroam (Educational Roaming) service is being provided with this project. UET, Taxila (Users can use their local domain username/passwords to connect with IT services at any institute including HEC within Pakistan as well as abroad.

NARC has its own web hosting setup, which enables it to host many web-based applications. These include UET, Taxila Technical Journal, learning management system (LMS), faculty management system, Management Information system (MIS) for alumni, and so on. NARC has also setup its online helpdesk to facilitate the faculty and students. In case of any issue related to IT services, faculty and students may submit their complaints 24/7 to the NARC helpdesk, where they are resolved immediately. NARC datacenter is powered by Genset which ensures 24/7 uninterrupted IT services to the University.

NARC has provided official email accounts to all the undergraduate as well as postgraduate

students. Students can use these accounts to coordinate among themselves, use Microsoft Teams to attend online classes during COVID-19 pandemic and access Microsoft cloud storage up to 2TB. It also enables them to access free Microsoft software made available through HEC/Microsoft Education Alliance.

### ERP Vision

The use of Enterprise Resource Planning (ERP) to attain the following goals:

- Improve productivity and efficiency of process within the university
- Enhance delivery of services to students, parents, faculty, and staff members

NARC is deploying “Campus Management System” namely (ERP@CLOUD), is a powerful, flexible, comprehensive, and cross platform web-based solution.

ERP@CLOUD comprises following modules:

- Admissions
- Fee Management
- Academics Management
- Outcome Based Education (OBE)
- Examinations (OBE Based & Traditional)
- Students’ Feedbacks
- Teachers’ Portal
- Student’s Portal
- Human Resource Management & Payroll
- Accounting & Finance
- Assets Management
- Students’ Help Desk

## 10 Directorate of Students Affairs

The primary function of the Directorate is to organize extra-curricular activities of the students and to foster their intellectual, literary and artistic potentialities, which remain untapped in the classroom. It functions normally through societies & clubs; each devoted to some sport or cultural and artistic activity. The students join these societies according to their inclinations and aptitudes. Another function of the directorate is to maintain liaison with a wide cross-section of students and to be responsive

to their needs and problems. Following are the societies/clubs functioning at UET, Taxila:

- Quaid-e-Azam Debating Society (QDS)
- UET Media Club
- University Art & Culture Society (UACS)
- UET Adventure Club (UETAC)
- Environmental & Horticultural Society
- Rashid Cheema Health & Blood Donner Society (RCHBDS)
- Al-Mohandis Literary Society
- Character Building Society (CBS)
- National Youth Assembly as student society
- Umeed-e-Subh (Student Welfare Society)
- Green Youth Movement (GYM)
- University Athletics & Sports Club
- Students' Counseling & Guidance Bureau (SCGB)

as indoor sports facility for Badminton, Table tennis, Basket ball, Snooker and gym. Female students avail this indoor facility and dedicated time is fixed for female students. Female students residing in hostel also avail this facility. Now university is planning to extend these sports facilities in female hostels so that female students can avail this facility on full time basis.

University has outdoor facilities for cricket , hockey, football volleyball. There are multiple grounds for cricket and football.

Infrastructure for archery and swimming are being planned. Similarly outdoor exercises machine are also planned to be installed in hostel as well as academic areas.

## 11 Directorate of Sports

University has focus about the health and wellbeing of students. Both boys and girls students are encouraged to participate in sports activities. University has directorate of sports to plan and manage sports infrastructure and facilities in the university. University has Multipurpose hall that serve

University has dedicated sports weeks in each semester. Tournaments are organized by directorate of spots. Prizes are awarded to winning teams. University also encourage students to participate in inter university competitions and facilitates students for participation in such events.

## 12 Halls of Residences

The university provides residence facilities to both male and female students. For Pakistani students, university has five halls of residence for male students and two halls of residence for female students. There is one dedicated hall of residence for international male students, while female students reside with Pakistani students. The accommodation is provided on sharing basis. The halls of residence are named as:

- Allama Iqbal Hall
- Quaid-e-Azam Hall
- Abu Bakar Hall
- Umer Hall
- Usman Hall
- Ali hall
- Jabir Bin Hayyan hall
- Muhammad hall
- Ayesha Hall (Girls Hostel)
- Fatima Hall (Girls Hostel)

Each hall of residence has multiple allied facilities such as mess, common room/study area, prayer room and laundry areas. Water coolers along water filters are installed in each hall of residence at multiple locations for convenience of students.

The university has dedicated support staff for cleanliness and maintenance of hostels and to resolve the complaints of resident students. Electrician, plumber, carpenter,

attendant and janitorial staff is available throughout the day to serve the residents. Likewise, university has dedicated staff for gardening and maintenance of lawns of halls of residences.

The university provides quality mess service in each hall of residence to serve standard food on non-profit basis. Four parameters are considered as quality measure for messes: taste, quantity, quality of ingredients, low cost. The messes had been approved by Punjab food authority and follow the guidelines of Punjab food authority.

The university has planned to provide study areas to students in halls of residences so that they can focus on their studies. Common rooms and messes are also declared as study areas during quite hours. Messes operate for six hours a day, therefore remaining time may be utilized for study purposes.

The university is planning to offer a dedicated workplace to resident students who are involved in online earning activities. Internet and air conditioning facility will be provided so that students can utilize their time efficiently in this productive activity. Self-service kitchens are also being setup so that students can cook at their own to meet their dietary requirements.

Details related to hostel allotment procedure,

hostel rules and regulations and hostel hierarchy have been described in hostel prospectus that can be downloaded from official website at time of allotment.

### 13 Estate Office

The University Campus spreads over 163 acres of land, and requires considerable efforts to keep the gardens, lawns, roadside rows of trees and flower-beds in good trim. The efforts of this office give the Campus a pleasing look, which attracts many visitors in the mornings and evenings. For the convenience of the students, a shopping center is located near the University hostels. This center has a laundry, a general store, stationery, and fruit shop. The office looks after security, sanitation, maintenance of lawns and gardens, and shopping facilities at the campus. It has a large squad of uniformed watchmen who guard the University buildings and property. Its sanitation staff keeps the buildings, roads, lawns, and other spaces clean and tidy.

### 14 Transport

Adequate transport facility is provided for students and the buses have routes for Rawalpindi, Islamabad, Hassanabdal, Wah Cantt. This facility is, however, not an obligation of the University and it can be reduced or terminated if the policy and/or the financial conditions so demand.

The university has following vehicles:

Type of Vehicle	No. of Vehicles
Buses	22
Faculty Vans	02
Staff Cars	11
Tractor Trolleys	03
Pickup Vans	03
Ambulances	03
Motor Bikes	03
Miscellaneous	04

### 15 Dues & Financial Aid Services

**Focal Person:**

Mr. Naeem Yousaf Cheema

Dues and Financial Aid Services section deals with all kinds of fee/dues, scholarships, stipends, loans, and fee concession on kinship basis under the charge of the Treasurer. The University provides generous financial assistance to the meritorious and needy students. At present following scholarships/stipends are available for the University Students.

#### List of Scholarships/Stipends

Sr.	Nature of Scholarships / Stipends	Funding Agencies / Departments/ Donors
1	University Merit Scholarship	UET, Taxila
2	University Welfare Scholarship	UET, Taxila
3	Benazir UG Scholarship	HEC, Islamabad.
4	Afghan National Students Scholarship	HEC, Islamabad
5	HEC – Sri Lankan Students Scholarship	HEC, Islamabad
6	Baluchistan & FATA Students Scholarship	HEC, Islamabad
7	OGDCL Need Based Scholarship Program	HEC, Islamabad
8	IOK Students Scholarship	Ministry of Federal Education & Professional Training, Islamabad
9	Stipend to Azad Kashmir Nationals/ J&K Refugees students	Ministry of Kashmir Affairs and Gilgit-Baltistan, Islamabad
10	PEEF Scholarship	The Punjab Educational Endowment Fund (PEEF), Lahore
11	Educational Stipend	Pakistan Bait-ul-Mal
12	PEF Scholarship	Professional Education Foundation (PEF), Karachi
13	The 66 Foundation Scholarship	The 66 Foundation, Lahore
14	Merit Scholarship/ Stipend	Govt. of Gilgit-Baltistan, Directorate of Education Colleges, GB.
15	IEP-SAC Scholarship	The Institute of Engineers Pakistan-Saudi Arabian Center (IEP-SAC), Riyadh, Saudi Arabia
16	Excellence Award for Higher Professional Courses	Fauji Foundation, Chaklala
17	Foreign (Palestinian) Students Scholarship	Ministry of Economic Affairs (PTAP Section), Islamabad
18	Board Scholarships	FBISE and other BISE boards
19	Graduate/MS Engineering students Scholarship	Pakistan Engineering Congress, Lahore
20	Diya Pakistan Scholarship	Diya Pakistan Foundation
21	FFC Scholarship Scheme for the Wards of Farmers	Fauji Fertilizer Company Limited, Rawalpindi
22	Workers Welfare Fund Scholarship	Punjab Workers Welfare Board, Lahore
23	Bestway Foundation Scholarship	Bestway Foundation, Islamabad
24	BEEF Scholarship	Baluchistan Education Endowment Fund (BEEF), Quetta

## 16 Health Facilities

The University provides medical facilities to its employees and students. Salient features of the existing health policy for students are listed hereunder:

- Students will be provided free consultation by the Medical Officer.
- Available medicines will be issued to students through authorized prescription only.
- Night dispensary service will be available in emergency only.
- In acute emergency, where a student cannot move, immediate report will be made to RT who will make arrangements for further treatment under rules (i.e. ambulance, consultation, admission etc.). The expenditure shall be borne by the student.
- Boarders will be required to fill in the proforma of previous medical history mentioning the disease he carries.
- Indoor treatment from unauthorized medical attendants is not allowed.
- Pathology Lab has been established by the kind cooperation of the Worthy Vice Chancellor and basic lab test facilities are being offered.
- Three well equipped ambulances are available for 24 hours for emergency cases.

## 17 Placement and Alumni Office

The Placement Office at UET, Taxila is established to search and develop contacts mainly with the national and multinational industries in public as well as in private sectors and R&D organizations with an aim to identify the prospective employers, jobs, scholarships and industrial training for university students.

Office assist current and potential graduating students and alumni in the overall process of self-evaluation, career assessment and job search. In this regard, our objective is to connect our graduating students with meaningful career prospects by strategically aligning their academic qualifications with their goals and interests.

This office offers our Students, Alumni and Employers the following services:

- Career Advisory Group (CAG)
- Career Counseling (One-to-One/Group)
- Resume and Cover Letter Assistance
- Workshop for Resume writing/skills
- Interviewing Skills
- Internship Guidelines
- Job Search Strategies
- Letter of Recommendations
- Career - Development Seminars

It plays the role of a bridge between university graduates and employers, scholarships donors, and to have financial assistance or loans etc. Hence placement office is committed to provide friendly and proficient services to the university students, graduates, employers and scholarship donors.

Facilitating fresh graduates of all degree programs of the university in finding their dream jobs and helps pursuits for lucrative career opportunities for the alumni. So, it serves as a platform for linkage of academia and industry and bridges the gap, thus making it possible for real-time industrial input in the engineering curricula.

The office matches the great talent coming out of various engineering departments at the university with highly sought-after Global employers. Placement office advertises the university product i.e. graduating engineers

in the job market. For this purpose, an annual mega event i.e. Open House and Career Fair is organized in which leading national industries are invited to visit the university to have

- A meeting place to the Institute's senior students and their prospective employers.
- An effective platform for industry-university interaction.
- An opportunity for the industry representatives to acquaint themselves with the academic environment provided to the students.
- Witness Final Year/Term Projects' exhibition
- Interview/evaluate graduating students for employment
- Visit lab facilities
- Discussion for industrial problems with faculty members of various disciplines
- Right possibilities of industry-academia collaboration

It provides career counseling and placement services and arranges an array of activities such as company profile presentations, on campus recruitment, organizing workshops on effective CV writing and interviewing skills, and job exploration seminars etc. The aim is to help the students/alumni and the corporate sector in choosing from the best available options and making the right match.

It also provides information to the students about the recent jobs and scholarships available by displaying the information on the official notice boards frequently. Students get to know the different areas where they can grow as engineers and enhance their natural and technical skills which they developed during their stay as students in the University. It frequently arranges visits of the prospective employers and their discussion with faculty members and students of relevant departments regarding the emerging need and training of the students in the same direction. The placement office facilitates various organizations in the process of pre-selection of students who are about to complete their studies by arranging tests and interviews of prospecting candidates for placement in the industry. As a result, the Placement Office maintains a mailing list of

major companies employing engineers who are constantly informed about the graduating classes at appropriate time.

A short list of industries in which our graduates are regularly employed:

- NESPAK
- PTCL
- Lafarge Cement
- Fauji Cement Limited
- WAPDA Academy
- OGDCL
- Attock Refinery Limited
- Nayatel
- ZTE
- Ufone
- Pakistan Ordinance Factories
- Heavy Mechanical Complex
- Heavy Industries Taxila
- Pakistan Aeronautical Complex Kamra
- KSB Pumps
- K-Electric
- Huawei

### Staff of Alumni Office

Ms. Sadia Shahbaz (Deputy Director Alumni)

Ms. Sameera Ambreen (Staff alumni office)

Our university has alumni office which is run for fostering a strong alumni network of UET Taxila. We organize annual reunions and providing a valuable platform for networking among our esteemed alumni. We extend warm invitations to our senior alumni, encouraging them to share their invaluable industry experiences with our current students. Additionally, we have curated a comprehensive contact directory comprising well-established alumni, which serves as a vital resource for liaising and facilitating job placements for our students.

In our pursuit of enhancing career support for our students, we actively engage with companies where our alumni hold senior positions. This proactive approach allows us to create opportunities for our fresh graduates and final-year students by connecting them with suitable employment prospects.

To this end, we have outlined a series of future plans aimed at fortifying our alumni office and enhancing its effectiveness. Some of our

key initiatives include:

- I. Expansion of Alumni Outreach: We plan to broaden our outreach efforts, encouraging more alumni to participate actively in alumni office's activities.
- II. Professional Development Workshops: We intend to organize workshops and seminars focused on skill development and continuous learning for our alumni.
- III. Mentorship Programs: Implementation of mentorship programs to facilitate valuable guidance and support for our students from experienced alumni.
- IV. Industry Partnerships: Strengthening ties with industries and corporations to create more avenues for internships, job placements, and collaborative research opportunities.
- V. Alumni Fundraising Campaigns: Initiating fundraising campaigns to generate financial support for scholarships, research grants, and infrastructure development.

These initiatives, among others, are part of university's strategic vision to elevate the alumni office of the University to greater heights. We are enthusiastic about the prospects and are committed to fostering a vibrant and engaged alumni community.

### International Linkages

UET, Taxila is a multi-disciplinary university involved in internationally relevant engineering developments, and International study is a very significant part of the educational goals and strategic plan of UET, Taxila. Globalization of the campus and the curriculum is specifically part of our core values. Through wide and ambitious portfolio of research capability, UET, Taxila is today connected with research institutions, industry, and businesses around the globe.

The Directorate of International Linkages (IL) expands the international scope of the University by developing official agreements with universities abroad. International linkages build knowledge and shape new schools of thought and discovery. In addition to this we are increasing the number of exchange institutions and expanding into

new countries so that opportunities for connections continue to grow to facilitate the exchange of students and faculty.

Internationalization advances through international Linkages at UET, Taxila by:

- Growing the number of UET students to study abroad and international students to study at UET.
- Facilitating faculty exchanges both here and abroad for collaborative research and professional development; and
- Providing weekly opportunities for campus and local community members to learn about the hottest topics on the global stage today.

### Taking Benefit of International Linkages

For students, participating in an exchange program is an exciting and challenging way of broadening their horizons. It provides an opportunity to gain experience of living and studying in a new culture and environment. During the program, students are provided a unique chance to:

- Globalize and enhance their educational experience
- Explore career opportunities through networking
- Broaden their personal and educational perspectives
- Explore, appreciate and understand different cultures
- Improve language skills and cultural understanding
- Eliminate fear and prejudice among nations

### UET, Taxila currently has signed MOUs with the following universities:

#### Europe

- Hasselt University, Belgium
- Fachhochschule Dusseldorf (FH-D), University of Applied Sciences, Germany
- Halmstad University, Sweden
- Lecberac, Czech Republic

#### Africa

- Alexandria University, Egypt
- Egypt-Japan University of Science and Technology, Egypt

### Asia and Asia Pacific

- Peking University, China
- Tsinghua University, China
- Wuhan University, China
- Huazhong University of Science and Technology, China
- Islamic University of Technology, Bangladesh
- Institute for Sustainable Energy Policies (ISEP), Japan
- Seoul National University, Korea
- Universiti Teknologi, Malaysia
- Universiti Tunku Abdul Rahman, Malaysia
- Asian Institute of Technology, Thailand

### International Alumni

UET, Taxila regularly attracts international students from Middle East and Africa including Palestine, Yemen, Jordan, Afghanistan, Bosnia, Thailand, Syria, India, Sudan, Somalia. Since 2009, about 130+ foreigner students got admission for their bachelor's degree at UET.

## 18 Planning & Development

The Planning and Development Directorate is the backbone of the University which plays a vital role in its growth and development. The planning and development department headed by Prof. Dr. M. Fiaz Tahir, in collaboration with the university leadership and worthy VC Prof. Dr. Inayatullah Khan Babar, strives to accomplish institutional goals including but not limited to obtaining academic excellence, improved research output, better student experience and infrastructure development.

P&D department works with faculties, departments, government agencies and other partners to lead the formulate and review the institutional policies and farmwork. The departments oversee the development projects such as new academic programs, infrastructure projects, academic programs, and technology upgrades to ensure in-time delivery. The upcoming projects include "Strengthening of lab facilities in five leading universities of Pakistan, and center for quantum computing applications and research

### Our Vision

To make UET Taxila vision a reality by providing and monitoring comprehensive physical planning and development through financial resources in support of teaching, research and services. We promote quality, transparency, efficiency, and merit for our institution.

### Key Functions

- Preparation of Public Sector Development Programs (Concept Papers, PC-I, PC-II)
- Liaison with HEC for submission & approval of newly Proposed Development Schemes
- Arrange/attend in-house review meetings, CDWP & DDWP meetings at Planning Commission & HEC Forums
- Review of PC-IVs submitted by Project Directors and onward submission to HEC
- Coordination with HEC, Monitoring Teams, Planning Commission & other stakeholders

### Monitoring Mechanism

Monitoring and follow-up of all development projects are conducted with the collaboration of Monitoring and Evaluation wing of HEC in order to ensure the smooth implementation of the projects through Progress Review meetings, Quarterly Progress Reports, Monthly Financial Reports on PMES, liaison with HEC for fund releases etc.

### Infrastructure Development Projects Funded by HEC

#### i. Ongoing Projects:

Following infrastructure development projects funded by HEC through PSDP are in process at UET Taxila:

1. Strengthening of Lab Facilities in 05 Leading Engineering Universities (UET Peshawar, Taxila, Lahore, Khuzdar & NED Karachi) **Admin Approval issued, Under Revision**
2. Commencement of 4 years undergraduate Program in Water Resource Engineering & Petroleum Engineering at UET Taxila

## ii. Project submitted to HEC/PHEC for Approval:

Following projects have been submitted to HEC/PHEC for approval to strengthen the R&D infrastructure of the university and to promote quality education in various streams.

1. Centre for Quantum Computing Applications and Research (QUCAR) under National Centre of Quantum Computing
2. Establishment of Sub Campus of UET Taxila at Tehsil Jand, District Attock
3. Establishment of Technical Resource Centre UET Taxila at Jand, District Attock
4. Establishment of Sub-Campus of UET Taxila at Pind Dadan Khan, District Jhelum
5. Launch of BS Architecture and Archaeology Programs at UET Taxila
6. Launch of Emerging Engineering Programs (Energy, Cyber Security, Bio Medical, and Mechatronics Engineering) at UET Taxila
7. Establishment of Centre of Excellence for Advanced Manufacturing, Automation and Testing at UET Taxila PHASE-I
8. Establishment of Centre of Excellence for Advanced Manufacturing, Automation and Testing at UET Taxila PHASE-II
9. Concept Paper: Establishment of Ghandhara Centre of Cultural Heritage at UET Taxila
10. Concept Paper: Boost up the capacity of Transportation Engineering facility at UET Taxila to cater for the industry demands
11. Concept Paper: Establishment of Main Auditorium Complex at UET Taxila
12. Concept Paper: Establishment of Product Design & Development Centre in Industrial Engg. Department UET, Taxila
13. Enhancing The Capacity of Surveying & Testing Labs at Civil Engineering Department UET Taxila

## 19 Quality Enhancement Cell

The Quality Enhancement Cell (QEC) was inaugurated at the University of Engineering and Technology, Taxila, in February 2011. Entrusted with the crucial mission of fostering excellence in educational standards and program management, the QEC plays a pivotal role in shaping the university's commitment to quality.

The QEC is devoted to the development and implementation of robust quality assurance processes and evaluation methods, ensuring the high educational standards that UET Taxila is renowned for are consistently maintained. These practices touch upon every facet of academic life at UET Taxila and span across all program levels.

In addition, the QEC serves as the cornerstone of UET Taxila's continuous improvement strategy. It works in close collaboration with the Quality Assurance Agency (QAA) of the Higher Education Commission (HEC), under whose diligent supervision academic activities at UET Taxila are regularly monitored.

Through the collective efforts of these entities, UET Taxila maintains its relentless pursuit of academic excellence, ensuring its place as a premier educational institution dedicated to producing well-rounded, competent graduates equipped to excel in their respective fields.

### Postgraduate Program Review and Institutional Performance Evaluation:

The University of Engineering and Technology, Taxila was chosen by the Higher Education Commission (HEC) of Pakistan for a review of its MS/MPhil & PhD Programs. A meticulous two-day on-site inspection took place on November 3rd and 4th, 2021. The review was conducted by an expert panel, strictly following the criteria and guidelines for MS and PhD level programs. This review, a historical first for the institution, concluded positively, with the panel expressing satisfaction over the quality of teaching and learning at UET Taxila and strongly endorsing the continuation of

all postgraduate programs.

In the same year, UET Taxila had the honor of its inaugural Institutional Performance Evaluation (IPE) visit, also facilitated by the HEC. A rigorous three-day on-site review, from December 7th through 9th, 2021, was conducted by an expert panel in adherence to IPE criteria and guidelines. This groundbreaking review left the panel impressed with the institution's performance, leading to valuable suggestions for even further enhancements. Both of these milestone reviews stand as testament to UET Taxila's ongoing commitment to quality education and continuous institutional improvement.

### Self-Assessment Reports:

UET Taxila ensures a rigorous evaluation of its postgraduate academic programs through an exhaustive self-assessment process, conducted by a specially nominated Program Team (PT). This group, chosen by the respected head of the academic department, comprises highly skilled professionals responsible for preparing the Self-Assessment Report (SAR) and serving as a focal point during the assessment period. Following this, the Assessment Team (AT) - another group of professionals, including external members from other universities - reviews the SAR and presents its findings in the AT Report.

### Accreditation Status and Outcome-Based Education:

UET Taxila strictly adheres to approved guidelines for its B.Sc. Engineering & Technology Programs, which have all received accreditation from their respective councils, including the PEC and NCEAC. The university also embraces an outcome-based learning education system, leading to all undergraduate Engineering programs receiving Level-II OBE accreditation by the PEC.

### NOC for MS / PhD Programs:

UET Taxila's MS/PhD programs comply with the guidelines approved by the HEC, and the university holds the necessary NOCs from the

HEC for all ongoing programs.

### Memberships:

UET Taxila proudly holds memberships with two quality assurance bodies - the Asia Pacific Quality Network (APQN) and the Pakistan Network for Quality Assurance in Higher Education (PNQAHE).

### QEC Achievements:

All praise be to Almighty Allah, the Quality Enhancement Cell (QEC) at UET Taxila has been blessed with an opportunity to play a role in the attaining the following milestones over the last three years for the university:

- UET Taxila stands as the top-ranked engineering university in Pakistan according to the Times Higher Education Ranking, and ranks 600-800 globally, reinforcing our status as the nation's premier institution for engineering education.
- In the Young University Ranking 2023 by Times Higher Education, for universities strictly 50 years old or less, UET Taxila achieved a commendable position in the 151-200 range.
- The institution secured 142nd spot in the Asia University Ranking 2023 by Times Higher Education.
- UET Taxila improved its position from 735th in 2021 to 695th in 2022 on UI GreenMetric World University Ranking which is focused on environmental sustainability.
- Based on the Yearly Progress Report (YPR), our QEC ranking improved drastically to the second-highest category, i.e., X-category by QAA HEC.
- QEC of UET Taxila also gained recognition in the annual conference booklet of the Pakistan Network for Quality Assurance in the Higher Education (PNQAHE).

These achievements, drawing heavily from the undeterred support by students, faculty, staff, and top management, underline UET Taxila's unwavering commitment to quality and excellence in higher education.

# ADMISSION PROCEDURES

## 20 General Instructions

- 20.1** The online application should be submitted as early as possible. Please do not wait for the last date.
- 20.2** The merit lists will be displayed showing the percentage of the applicants admitted in different disciplines against different categories on the notified date and time.
- 20.3** All documents to be attached with the Application Form (F-I) should be attested by a class-I gazetted officer of the government or a class-A officer of this University at the time of joining.
- 20.4** Any information regarding admissions can be obtained during working hours by calling Phone No: (051)9047412.
- 20.5** Members of the Admission Committee will also be available for consultation, in person, during the admission period.

## 21 Eligibility for Admission

- i. He should be a resident of the area from where he seeks admission.
- ii. He should meet standards of physique and eyesight laid down in the medical certificate.
- iii. For admission in Engineering programs and BS Computer Science, he should have appeared in the ECAT conducted by UET Lahore or any other designated entry test for engineering programs acceptable to PEC and UET Taxila.

### 21.1 HSSC Examination

- i. An applicant for admission to any of bachelor's degree course offered by the University must fulfil the requirements given in Table 21.1.
- ii. He should have passed (or expect to pass) up to the latest annual examination with at least 60% unadjusted marks in the examination based on which he seeks admission. However, for admission in BS Computer Science, Mathematics and Physics the candidate obtained (or expect to

obtain) at least 50% unadjusted marks will also be eligible. Marks of NCC and Hifze-Quran, where applicable, shall be added only for determination of merit and not towards eligibility. Rounding off percentage figure to make it 60% (or 50% in case of admission in CS, Mathematics and Physics) will not be considered towards eligibility.

Table 21.1

Sr. #.	Disciplines	HSSC/Equivalent Combination
1	<b>Engineering Programs:</b> Civil, Environmental, Electrical, Electronics, Mechanical, Mechatronics, Computer, Software, Telecom	1. Mathematics, Physics and Chemistry/Computer Science 2. DAE in relevant technology from the PBTE Lahore
2	Computer Science	1. Any combination in HSSC with Mathematics 2. HSSC (Pre-Medical) 3. DAE in relevant technology from the PBTE Lahore
3	Mathematics	1. Any combination in HSSC with Mathematics 2. DAE in relevant technology from the PBTE Lahore
4	Physics	1. Any combination in HSSC with Physics 2. DAE in relevant technology from the PBTE Lahore

### 21.2 Equivalent Examination

The university recognizes the following examinations as equivalent to the Intermediate (Pre-Eng.) Examination with Chemistry, Mathematics and Physics of the Pakistan Boards of Intermediate and Secondary Education:

- i. Intermediate (Pre-Eng.) Examination of the Board of Intermediate and

- Secondary Education, Azad Kashmir.
- ii. Intermediate of the Agha Khan University Examination Board.
- iii. Intermediate Examination of an HEC recognized / approved institution.
- iv. FSc. (Pre-medical) with Mathematics as an additional subject.
- v. \*Cambridge Overseas Higher School Certificate of Education (Advanced Level) with Mathematics, Physics & Chemistry.
- vi. \*British General Certificate of Education (Advanced Level) with Mathematics, Physics, and Chemistry.
- vii. \*American High School Graduate Diploma (HSG Diploma).
- viii. \*Any foreign equivalent certificate or diploma accepted by IBCC (Inter Board Chairmen Committee).

**\*Note:** Applicants (Sr. No. v to viii) are required to attach an equivalence certificate (Pre-Engineering) issued by the IBCC for percentage more than or equal to 60% in A-Level examination with relevant subject combinations, with the application for admission.

**The following is the address of the IBCC:**

Inter Board Committee of Chairmen, Plot No. 25, Street No. 39, G-10/4, Islamabad, Pakistan.

### 21.3 Diploma of Associate Engineer (DAE) and B.Tech(Hons)/BS/BSc/Bachelors, in Engineering Technology

- i) (DAE) Diploma holders are eligible to apply on open merit, in any category according to Supreme Court decision on Civil Petition No. 271, 293, 617 dated October 18, 2021. Holders of the Diploma of Associate Engineer should have passed the diploma examination from the Punjab Board of Technical Education, Lahore in the relevant technology, obtaining at least 60% unadjusted marks. Rounding off percentage figure to make it 60% will not be considered towards eligibility.
- ii) The candidates having B.Tech(Hons) /BS /BSc /Bachelors, in Engineering

Technology are also eligible to apply under admission category 'P'. The further details are provided in section 23.22 of this prospectus.

The relevant technologies are specified against each degree course given below:

#### Electrical Engineering

- i. Automation
- ii. Avionics
- iii. Computer / CIT
- iv. Electrical
- v. Electronics
- vi. Information
- vii. Instrumentation
- viii. Instrumentation & Process Control
- ix. Mechatronics
- x. Precision Mechanical & Instrument
- xi. Radar
- xii. Radio
- xiii. Telecommunication

#### Electronics Engineering

- i. Automation
- ii. Avionics
- iii. Bio-Medical
- iv. Electrical
- v. Electronics
- vi. Instrumentation
- vii. Instrumentation & Process Control
- viii. Mechatronics
- ix. Radar
- x. Radio
- xi. Telecommunication

#### Civil Engineering

- i. Architecture
- ii. Civil
- iii. Civil with any specialization
- iv. Environmental
- v. Land & Mine Surveying

#### Mechanical Engineering

- i. Aerospace
- ii. Auto & Diesel
- iii. Automation
- iv. Bio-Medical
- v. Dies & Mould
- vi. Mechanical
- vii. Mechanical (Automobile & Diesel)

- viii. Mechanical (Construction Machinery)
- ix. Mechanical (Foundry & Pattern Making)
- x. Mechanical (Metallurgy & Welding)
- xi. Mechanical with any specialization
- xii. Mechatronics
- xiii. Precision Mechanical & Instruments
- xiv. Refrigeration & Air Conditioning
- xv. Vacuum

### Industrial Engineering

- i. Auto & Diesel
- ii. Automation
- iii. Cast Metal & Foundry
- iv. Industrial
- v. Mechanical
- vi. Mechanical (Construction Machinery)
- vii. Mechanical (Production)

### Computer / Software Engineering/CS

- i. Automation
- ii. Computer
- iii. Computer Information
- iv. Electrical
- v. Electronics
- vi. Instrumentation
- vii. Instrumentation & Process Control
- viii. Radar
- ix. Radio
- x. Software
- xi. Telecommunication

### Telecommunication Engineering

- i. Automation
- ii. Avionics
- iii. Computer
- iv. Computer Information
- v. Electrical
- vi. Electronics
- vii. Instrumentation
- viii. Instrumentation & Process Control

- ix. Radar
- x. Radio
- xi. Software
- xii. Telecommunication

### Environmental Engineering

- i. Chemical
- ii. Civil
- iii. Environmental

**Note:** The above list may be amended from time to time depending on the notification of PEC.

### 21.4 BSc Degree

- i. A person is eligible for admission to the bachelor's degree courses at the University based on a degree of Bachelor of Science.  
For admission to the BSc courses in any engineering discipline, an applicant must have passed the BSc Examination with Physics and Mathematics.
- ii. A person possessing a BSc degree is NOT eligible for admission to any bachelor's degree course at the university unless he has also passed FSc. Pre-Engineering Examination.
- iii. To be eligible for admission on the basis of BSc degree the candidate must have obtained at least 60% marks both in FSc and BSc.

### 21.5 Gender

Both male and female persons are eligible to apply for seats shown in the Seats Allocation Chart in section 22. The general pronoun "he" and its derivatives imply for either of the sex.

## 22 Seats Allocation Chart

Number of seats allocated for various categories are tabulated below. Admission is granted in each category on merit, subject to eligibility under relevant Sections

Categories		Civil	Electrical	Mechanical	Computer	Software	Telecom	Electronics	Industrial	Environmental	Mechatronics	Computer Science	BS Physics	BS Math	Total
	Allowed intake	200	200	200	100	100	100	50	50	50	50	150	50	50	1350
A	Punjab	124	124	124	64	66	67	34	34	34	34	90	40	40	875
B	Sind	1	1	1											3
C	Balochistan	2	2	2											6
D	Khyber Pakhtunkhwa	1	1	1											3
<b>Azad Kashmir, Gilgit Baltistan, Balochistan &amp; FATA</b>															
E1	Azad Kashmir	2	1	2											5
E2	Kel Area	1													1
E3	Gilgit Baltistan	2	2	2	1	2	3		1						13

\*L 1. Attock, 2. Bahawalnagar, 3. Bahawalpur, 4. Bhakkar, 5. Chakwal, 6. D.G. Khan, 7. Jhang, 8. Jhelum, 9. Layyah, 10. Muzaffargarh, 11. Mianwali, 12. Rahim Yar Khan, 13. Rajanpur

### Notes:

1. The number of seats allocated for a program and categories may be revised/modified without prior notification.

2. Adjustment in seats of 'S' and 'X' categories between different departments be allowed, provided that total intake in any program does not increase the limit fixed by the PEC.
3. Fees is Subsidized for all categories except 'S' and 'X'. Moreover no any relaxation, concession or waiver in fee of 'S' and 'X' categories is available.
4. In Computer Science one third of seats of every category are reserved for candidates of HSSC with Pre-Medical combination (Category AM) and remaining seats of every category are reserved for other HSSC combinations. In case seats of either group remains unfilled due to non-availability of candidates the quota will be transferred to other group.

## 23 Categories and Symbols

### 23.1 Category A (Punjab Province)

The applicant should be a resident of the Punjab province. Leftover seats of this category can also be offered to candidates of other provinces (Category A1). The selection and allocation of disciplines are made according to merit.

### 23.2 Category B (Sindh Province)

The applicant should be a resident of the Sindh province. Applications for civil engineering are to be submitted to the Registrar of the Mehran UET, Jamshoro. For electrical and mechanical engineering apply to the Registrar of N.E.D. UET, Karachi. The last date for receipt of nominations at UET, Taxila (irrespective of the mode of communication or the date of postage) is 7 days before date of closing of admissions. Unfilled seats (if any) will be cancelled after the prescribed date for receipt of nominations. Nominations and allocation of disciplines are made by the Department of Education, Government of Sindh, Karachi.

### 23.3 Category C (Balochistan Province)

The applicant should be a resident of the Balochistan province. Applications are to be submitted to the Secretary, Department of Education, Government of Balochistan, Quetta. Nominations and allocation of disciplines are made by this Department. The last date for receipt of nominations at UET, Taxila (irrespective of the mode of communication or the date of postage) is 7 days before date of closing of admissions. Unfilled seats (if any) will be cancelled after the prescribed date for receipt of nominations. Diploma holders are not

eligible to apply in this category.

### 23.4 Category D (Khyber Pakhtunkhwa Province)

The applicant should be a resident of the Khyber Pakhtunkhwa Province. Applications are to be submitted to Registrar, UET, Peshawar. Nominations and allocation of disciplines are made by the Department of Education, Government of Khyber Pakhtunkhwa, Peshawar. The last date for receipt of nominations at UET, Taxila (irrespective of the mode of communication or the date of postage) is 7 days before date of closing of admissions. Unfilled seats (if any) will be cancelled after the prescribed date for receipt of nominations.

### 23.5 Category E1 and E2 (Azad Kashmir and KEL Area)

The applicant for the Azad Kashmir and Kel Area seats should be a national of Azad Kashmir. For the seats reserved for Azad Kashmir and Kel Area, applications are to be submitted to the Secretary Education, Azad Jammu & Kashmir, Government of Muzaffarabad. Nominations and allocation of disciplines are made by the Nomination Board for the Azad Kashmir. The last date for receipt of nominations at UET, Taxila (irrespective of the mode of communication or the date of postage) is 7 days before date of closing of admissions. Unfilled seats (if any) will be cancelled after the prescribed date for receipt of nominations.

### 23.6 Category E3 (Gilgit Baltistan)

The applicant for the Gilgit Baltistan seats should be resident of these areas. For these reserved seats the applications are to be submitted to the Director of Education, Gilgit

Baltistan. Nominations and allocation of disciplines are made by the Nomination Board for the Gilgit Baltistan. The last date for receipt of nominations at UET, Taxila (irrespective of the mode of communication or the date of postage) is 7 days before date of closing of admissions. Unfilled seats (if any) will be cancelled after the prescribed date for receipt of nominations.

**23.7 Category E4 (HEC Nominees from Baluchistan and FATA)**

The applicant should be a resident of the Baluchistan province or FATA. Applications are to be submitted to the Higher Education Commission (HEC), Islamabad. Nominations and allocation of disciplines are made by HEC. The last date for receipt of nominations at UET, Taxila (irrespective of the mode of communication or the date of postage) is 7 days before date of closing of admissions. Unfilled seats (if any) will be cancelled after the prescribed date for receipt of nominations.

**23.8 Category E5 (FATA)**

The applicant should be a resident of the Federally Administered Tribal Areas (FATA). The applications are to be submitted to the Home and TAs Department, Government of Khyber Pakhtunkhwa, Peshawar. Nominations and allocation of disciplines are also made by this department. The last date for receipt of nominations at UET, Taxila (irrespective of the mode of communication or the date of postage) is 7 days before date of closing of admissions. Unfilled seats (if any) will be cancelled after the prescribed date for receipt of nominations.

**23.9 Category F (Foreign Nationals)**

Applicants from category F1 to F5 are required to get their applications sponsored by their government, and sent in triplicate to the Ministry of Finance, Revenue, Economic, Statistics and Privatization (Economic Affairs

Division), Government of Pakistan, Islamabad, through the Pakistan's representative accredited to their country. The applications should be accompanied by the following documents:

- i. Educational Certificates (attested photocopies) and details of syllabi and courses of study of the examinations passed with English translation if these are in a different language.
- ii. Domicile/Nationality Certificate
- iii. Passport
- iv. Character Certificate
- v. Health/Fitness Certificate

Information regarding the class and discipline in which admission is required. Nominations/Allocation of disciplines is made by the Ministry of Finance (Economic Affairs Division) Islamabad. The prescribed application forms may be obtained from the ministry.

The applicants of category F6 to F8 are required to submit their applications through HEC Islamabad, Pakistan.

**23.10 Category G (Children of Armed Forces Personnel)**

Applications are to be submitted to the Headquarters of the Army, Air Force, or the Navy (depending upon the service to which the parent belongs) in accordance with the procedure notified by them. Diploma holders are not eligible to apply in this category. The last date for receipt of nominations at UET, Taxila (irrespective of the mode of communication or the date of postage) is 7 days before date of closing of admissions. Unfilled seats (if any) will be cancelled after the prescribed date for receipt of nominations. Nominations and allocation of disciplines are made by the respective Headquarters.

**23.11 Category J (Disable Persons)**

The applicant should be a resident of Punjab Province. The applicants will have to furnish a certificate from Concerned Social Welfare,

Women Development and Baitul Maal (Provincial Council for the Rehabilitation of Disabled Persons), Government of Punjab or Federal Government. Verification of his disability in view of provided certificate in relation to engineering education will be done by the Chief Medical Officer, UET, Taxila. The selections are made by the University according to merit. The blind, deaf and dumb persons are not eligible to apply in this category.

### **23.12 Category L (Backward Areas of Punjab)**

The backward areas of Punjab include districts of Attock, Bhakkar, Bahawalnagar, Bahawalpur, Chakwal, D.G. Khan, Jhang, Jhelum, Layyah, Mianwali, Muzaffargarh, Rahim Yar Khan and Rajanpur. The applicant should be a resident of any of these districts. The selection and allocation of disciplines are made by the university according to merit.

### **23.13 Category M (Children of University Employees)**

Real children of those university employees who have completed five years of service being physically present are eligible to apply as per following details.

- i. The first 7 seats are allocated to the wards of employees who were appointed before 1993 (the inception of UET, Taxila) for the programs being offered at that time. If these seats are not filled due to unavailability of wards of such employees, the seats shall be open for admission of the wards of employees who were appointed after the establishment of the university in the year 1993.
- ii. The remaining seats of this category shall be open for all the employees of UET, Taxila.
- iii. University employees who have completed 5 years of regular service may also be offered admission on this category, subject to the availability of

seats after the exhaustion of the wards of the university employees.

- iv. The applicants must furnish with their applications a certificate from the Registrar of the University on Form F-IX (available in Registrar's office). The selection is made by the university according to merit.

#### **Notes:**

1. The children of those university employees are not eligible to apply under this category who have been dismissed/terminated/removed from the university on any ground except medical grounds or have left the university other than the retirement.
2. Candidates once admitted in previous sessions under this category in the university or in its affiliated institutes will only be considered in current session after the exhaustion of fresh candidates, subject to the availability of seats. Admission will be granted on the merit position of candidates without taking care of 1993 bar.

### **23.14 Category N (Children of Graduate Engineers)**

The applicant should be a resident of the Punjab province. The selection and allocation of disciplines are made by the university according to merit. Applicants should furnish with their applications attested photocopies of their parent's Bachelors' Degree in Engineering and renewed PEC Registration card. Other qualifications such as AMIE (Pak) are not recognized for inclusion in this category.

### **23.15 Category O (Children of University Alumni)**

The applicant should be a ward of university alumni. The applicant should furnish with his application an attested photocopy of the Degree/ Provisional Certificate of his parent as an evidence of the fact that he (the parent) is a graduate of this University or its parent institution, that is, the former University College of Engineering Taxila. The selection

and allocation of disciplines are made by the University according to merit.

**23.16 Category Q1 (Tribal Areas of D.G. Khan)**

The applicant should be a resident of the Tribal Areas of D.G. Khan. The selection and allocation of disciplines are made by the University according to merit. Applicant must furnish a certificate from the District Coordination Officer of DG Khan verifying that he is a resident of the Tribal Areas of D.G. Khan District and his domicile should also depict the same.

**23.17 Category Q2 (Tribal Areas of Rajanpur)**

The applicant should be a resident of the Tribal Areas of Rajanpur. The selection and allocation of disciplines are made by the University according to merit. Applicant must furnish a certificate from the District Coordination Officer of Rajanpur verifying that he is a resident of the Tribal Areas of Rajanpur District and his domicile should also depict the same.

**23.18 Category T (Tehsil Taxila)**

The applicant should be a resident of Tehsil Taxila. The selection and allocation of disciplines are made by the university according to merit.

**23.19 Category R (Religious Minorities)**

The applicant should be a resident of Punjab and having a non-Islamic religion. He must have to provide a valid document stating his religion.

**23.20 Category S (Partial Subsidized)**

The applicant should be a Pakistan National. However, candidates from Punjab province will be given preference over other provinces. Selection and allocation of disciplines are made according to merit. The fee is partial subsidized for this category.

**23.21 Category X (Children of Overseas Pakistanis, Partial Subsidized)**

Applicant should be a ward of overseas Pakistani. Selection and allocation of disciplines are made by the University

according to merit. The fee is partial subsidized for this category. The applicant is required to submit along with his application:

- i. A certificate on Form F-VIII (can be downloaded from the university website) regarding his parent's employment in a foreign country issued by the Pakistani Embassy in that country.
- ii. A photocopy of his parent's valid resident visa for that country attested by the Pakistani Embassy.

**Notes:**

1. Only real children of overseas Pakistanis are eligible to apply. However, in case of an orphan, he may apply on his guardian's documents. Guardian can be real brother, real paternal or maternal uncle. In this case following additional documents are required:
  - (i) Father's death certificate issued by NADRA
  - (ii) Proof of relationship with the guardian in the form of CNIC of all family members and NADRA Family Registration Certificate (FRC) highlighting the Tree structure of the applicant
  - (iii) Copy of Nikahnama in case the guardian is the maternal uncle of the applicant.
2. Scanned / photocopied / Faxed documents will not be accepted. Only original attested copies from the concerned Pakistani embassy will be accepted.
3. The residence permit / visa must be valid at least up till the closing date of submission of applications.

**23.22 Category P (B.Tech (Hons)/ BS/BSc/ Bachelor of Technology)**

The applicant should be resident of the Punjab province. A candidate possessing four years degree/\* qualification of B.Tech (Hons)/ BS/BSc/ Bachelors, in Engineering Technology (with relevant discipline) or equivalent qualification duly recognized by HEC/ NTC will be eligible for admission under this category.

- \* Qualification of BTech (Hons)/BS/BSc/

Bachelors, in Engineering Technology refers to four years technology degree/ program.

## 24 Determination of Merit

### 24.1 Examinations Considered for Merit

For admission to all the bachelor's degree courses and determination of merit the following examinations are considered:

- Higher Secondary School Certificate Examination (HSSC) Pre-Eng. or equivalent.
- Bachelor of Science (BSc)/B.Tech (Hons)/ BS/BSc/Bachelors, in Engineering Technology.
- Diploma of Associate Engineer.
- SSC (Matric)
- Entry Test.

### 24.2 Weighted Percentage

The comparative merit of applicants will be determined based on weighted percentage marks obtained by the candidates in these examinations.

- For Applicants with HSSC (Pre-engineering) or equivalent foreign qualifications (A-Level etc.) as the Highest Qualification:

Entry Test	33%
HSSC (Part-I)	50%
SSC	17%

- For Applicants with BSc OR BASc as the Highest Qualification:

Entry Test	33%
BSc	30%
HSSC	20%
SSC	17%

- For applicants having B.Tech (Hons)/ BS/BSc/Bachelors, in Engineering Technology as highest qualification:

Entry Test	33%
B.Tech (Hons)/BS/BSc/Bachelors, in Engineering Technology	30%
HSSC/DAE	20%
SSC	17%

- For Applicants Having Diploma of Associate Engineer as the Highest

Qualification:

Entry Test	33%
DAE 1st & 2nd Year	50%
SSC	17%

- In case of foreign qualifications (A-Level etc.):

Entry Test	33%
O level	67%

- For admission in BS Mathematics and BS Physics

SSC	30%
HSSC (Part-I)	70%

### Notes:

- In case the candidate has already completed his/her intermediate or equivalent qualification, their Part-I result would be used in computation of aggregate.
- In case of foreign qualification, letter grade will be converted to marks by IBCC formula.
- Since admission is offered before the declaration of result of HSSC part-II and other equivalent examinations, therefore, admission of candidates, who are unable to earn 60% (in case of engineering programs) and 50% (in case of BS in CS, Mathematic, Physics) in their HSSC or equivalent qualifications or DAE or B.Tech (Hons)/ BS/BSc/Bachelors, in Engineering Technology, will be cancelled and their dues will be reimbursed in full without any deduction.

### 24.3 Merit of FSc (Pre-medical) with Mathematics

In determining the merit of an applicant having FSc (Pre-medical) with Mathematics as an additional subject, the marks obtained in the subject of Biology are replaced by those obtained in Mathematics.

### 24.4 Credit for NCC

Twenty marks are added to the marks obtained in the highest examination of an applicant who has successfully completed the NCC training. An applicant gets the benefit only if

he submits with his application an attested photocopy of the original certificate issued by the Director General National Cadet Corps & Women Guard. No substitute for the original certificate is recognized.

**24.5 Credit for Hifz-e-Quran**

Twenty marks are added to the marks obtained in the highest examination of an applicant who is Hafiz-e-Quran. He gets the benefit only if he:

- a. fills in the necessary column provided in the online application Form (F-I)
- b. appears before the "Verification Committee" appointed by the Vice-Chancellor and the Committee accepts his claim of being a Hafiz-e-Quran.

The Verification Committee will meet for this purpose in the Jamia Mosque Bilal UET, Taxila on the notified date and time. No separate call letters will be issued in this connection.

**24.6 Determination of Merit in case of Equal Percentage of Admission Marks**

If two or more applicants have equal percentage of admission marks (up to three decimal places), they shall be treated at par for the purpose of admission. Explanation: In case there is a tie for the last seat in a Discipline/Category, then all the candidates who have secured equal percentage of Admission Marks (up to three places of decimal) shall be admitted. No transfer or new entry into that Discipline/Category shall, however, be considered unless the actual number of candidates already admitted falls below the number of allocated seats for the Discipline/Category.

**24.7 Merit Determined Category Wise**

The seats for admission to the bachelor's degree courses at the university are distributed over various categories. These categories are discussed in Section 23. The details are available in the Seats Allocation Chart in Section 22. The eligible

applicants for each category are grouped separately. Then based on the weighted percentage of marks obtained in the relevant examinations, comparative merit of the applicants comprising the group is prepared. The applicants belonging to a category thus compete for admission amongst themselves for the seats allocated to it.

**24.8 Transfer based on given Preferences and Merit**

a. **Transfer to higher preferences**

In case a seat in any Discipline/Category of higher preference given by a candidate falls vacant and he is eligible for transfer to that Discipline/Category based on his merit, he shall be automatically transferred to that Discipline/Category. He will have no right to retain his admission in the Previous Discipline/Category because the seat vacated by him shall be simultaneously allotted to the next eligible candidate on merit.

b. **Downgrading based on Preferences and Merit:**

If an applicant requests in writing on the prescribed form to downgrade his admission to the lower preference, he will be allowed to avail this facility only once depending on the merit and availability of seats in that department. Further his admission will be frozen simultaneously to the downgraded discipline/ category.

**24.9 Freezing in any given Discipline and Category**

If an applicant requests in writing to retain the discipline and category in which he has been selected for admission on merit, then he will not have any right to claim his admission in any other discipline and category of higher or lower merit even if a seat falls vacant in any discipline. Applicant desiring to freeze category / discipline must have to apply in person on the prescribed form for this purpose.

### 24.10 Variation in Seats

- The university authorities may exercise their right before the closing of the admission cycle to increase or decrease the number of seats allocated to any category and there shall be no appeal against such a decision.
- All candidates eligible for admission under M-category will be admitted within the prescribed upper limits of M Category in each program. The remaining seats will be made available for open merit admissions.
- Unfilled seats due to unavailability of applicants in the category 'X' will first be transferred to category 'S'.
- Unfilled seats due to unavailability of applicants in the categories J, L, M, N, O, P, Q1, Q2, T and S will be transferred to open merit seats (category 'A')

### 24.11 Typical Examples for the Calculation of Weighted Percentage for Admission

#### CASE 1:

Applicants having HSSC (F.Sc.) or Equivalent as the highest qualification

#### Formula:

$[33 \times (\text{Entry Test marks}/\text{Entry Test total marks}) + 17 \times (\text{SSC Mars} / \text{SSC total Marks}) + 50 \times (\text{HSSC-Part-I marks} + \text{NCC} + \text{HIFZ-E-QURAN}) / (\text{HSSC Part-I total marks})]$

#### Example

An applicant who has obtained 300/400 in Entry Test, and 700/1100 in SSC, 500/550 in HSSC-Part-I. He has obtained Haifz - E - Quran Certificate as well. % Admission Marks =  $[33 \times (300/400) + 17 \times (700/1100) + 50 \times (500 + 20)/550] = 82.841$

## 25 Merit Position Entry – 2024

Sr.	Department	A	J	L	O	N	Q1	Q2	R	T	S	X
		Open Merit	Disable Persons	Bakward Districts of Punjab	Children of University Alumni	Children of Graduate Engineer	Tribal Areas of DG Khan	Tribal Areas of Rajanpur	Religious Minorities	Tehsil Taxila	Partial-Subsidized	Overseas Pakistanis
1.	Software	79.435	68.323	--	--	--	--	--	61.055	--	68.501	65.448
2.	Computer Science	77.979	--	--	--	--	--	--	--	-	53.375	59.127
3	Computer	70.824	--	--	--	--	--	--	56.933	--	55.082	--
4	Mechatronics	63.563	--	--	--	--	--	--	--	--	57.452	61.503
5.	Telecom	59.547	--	--	--	--	--	--	--	--	56.084	--
6.	Mechanical	59.009	--	--	--	62.096	--	--	--	68.667	51.318	61.303
7.	Civil	65.519	--	68.440	--	68.112	--	--	57.637	--	52.025	53.443
8.	Electronics	62.334	--	--	--	--	--	--	--	--	60.584	--
9.	Electrical	58.063	--	64.225	--	53.568	--	--	--	67.268	48.802	--
10.	Industrial & Manuf.	53.781	--	--	--	--	--	--	--	--	--	--
11.	Environmental	53.071	--	--	--	--	--	--	--	--	--	--
12.	Computer Sc. (Pre-Medical)	78.184	--	--	--	--	--	--	--	--	70.863	--

**Note:** This merit position is based on the complete result of HSSC/ A-level/ DAE or equivalent examinations.

**CASE 2:**

Applicants having BSc as the highest qualification

**Formula:**

$[33 \times (\text{Entry Test marks/Entry Test total marks}) + 17 \times (\text{SSC Marks / SSC total Marks}) + 20 \times (\text{HSSC part-I marks/HSSC Part-I total marks})] + [30 \times (\text{BSc marks} + \text{NCC} + \text{HIFZ-E-QURAN}) / (\text{BSc total marks})]$

**Example:**

An applicant who has obtained 700/1100 in SSC, 400/520 marks in HSSC, 624/800 marks BSc and 284/400 marks in Entry Test, having also NCC certificate: % Admission Marks =  $[33 \times (284/400) + 17 \times (700/1100) + 20 \times (400/550) + 30 \times (624 + 20 + 20)/800]$  = 72.94

**CASE 3:**

Applicants having Diploma of Associate Engineer as the highest qualification.

**Formula:**

$[33 \times (\text{Entry Test marks/Entry Test total marks}) + 17 \times (\text{SSC Mars / SSC total Marks}) + 50 \times (\text{Diploma 1st and 2nd year marks} + \text{NCC} + \text{HIFZ-E-QURAN}) / (\text{Diploma total marks})]$

**Example**

An applicant has 800/1100 in SSC, 240/400 marks in Entry Test, and 1700/2000 marks in Diploma. % Admission Marks =  $[33 \times (240/400) + 17 \times (900/1100) + 50 \times (1700/2000)]$  =76.209

## 26 Domicile Requirements

### 26.1 Domicile Certificates to be submitted by All Applicants

All applicants are required to submit with their applications an attested photocopy of their domicile certificate failing which their applications shall not be considered for admission.

### 26.2 Applicants Required to Submit Additional Documents

Applicants for categories A, J, L, N, 'G', Q1, Q2, and T who have passed the

Higher Secondary School Examination from any Board of Intermediate and Secondary Education not included in the Punjab Province or Federal Capital Area, Islamabad, will have to submit additional documents described in section 26.3 in support of their domicile.

### 26.3 Additional Documents Required

The applicants who are required to submit additional documents may fall into the following three categories:

#### a. Children of Government Servants

If the parent of the applicant is a government servant who belongs to Punjab but is serving in any other province of Pakistan, then the parent should produce a certificate on Form F-II (can be downloaded from admissions. uettaxila.edu.pk) from the head of his department affirming that he is a permanent resident of the Punjab. It shall be necessary in such cases that the period of the applicant's study corresponds with the period of the posting of the parent in that province.

#### b. Others

Applicants other than those at para must submit the following additional documents in support of their domicile certificate

- i. An attested Photocopy of father's/ mother's domicile certificate of the Punjab Province or the Federal Capital Area, Islamabad.
- ii. Documentary Proof in the form of a certificate on Form F-III (can be downloaded from university website) from the election officer of concerned area of the Punjab Province/ Federal Capital Area, Islamabad to the effect that name of the father/mother of the applicant appears in the electoral rolls.
- iii. An attested Photocopy of the relevant page of the electoral rolls on which the name of the father/ mother of the applicant appears.

- iv. An attested Photocopy of the identity card of the applicant's father/mother.
- v. An undertaking from the candidate on Form F-IV. (Can be downloaded from admissions. uettaxila.edu.pk)

**c. Applicant Whose Father is not Alive**

In case the applicant's father is not alive and the above documents cannot be produced, the applicant should submit

- i. Documentary evidence of his father's/ mother's immovable property in Punjab or Federal Capital Area, Islamabad.
- ii. Documentary proof of his father's death.

**26.4 Domicile Requirements for Children of the Armed Forces Personnel**

In addition to the seats reserved for the category 'G', the children of the Armed Forces personnel can apply for admission on basis of merit against seats reserved for their province of domicile or the seats reserved for the province in which their parent (the member of the Armed Forces) is posted. Thus, an applicant who is domiciled in Sindh, but his parent is posted in Punjab can apply against seats reserved for Sindh or against seats reserved for Punjab. However, if he applies under category 'A', he will have to submit with his application a certificate from the GOC of the area regarding the place of his parent's posting.

**27**

**Documents to be attached with Form (F-I)**

An applicant must exercise great care in ensuring that his application form (F-I) is complete and submitted online on or before the closing date. If an applicant secures admission in a particular merit list, he will have to submit the following documents along with the printout of application form (F-I) when he will report to the admission office for joining:

**27.1 Documents to be submitted by All Applicants: (Attested Photocopies)**

- i. CNIC/Form-B Documents to be attached with Form (F-I)
- ii. Certificate of Secondary School Examination (Detailed Marks Certificate).
- iii. Degree, Diploma or Certificate of the examination based on which admission is sought (i.e., FSc, BSc, or DAE etc.). Result cards issued by the board/ university are acceptable. Provisional Certificate in place of Degree/ Diploma will not be accepted.
- iv. Detailed Marks Certificate of the examination based on which admission is sought.
- v. Domicile Certificate.
- vi. Entry Test result.

**27.2 Additional Documents (Mandatory)**

To whom applicable:

- i. If you have passed HSSC (Pre-medical), you must submit an attested photocopy of the certificate for additional Mathematics.
- ii. If you are seeking admission based on BSc Degree you must submit an attested photocopy of the HSSC Certificate as well.
- iii. If you are applying for 'J' category seats, you must submit a certificate from concerned Social Welfare, Women Development and Bait ul Maal (Provincial Council for the Rehabilitation of Disabled Persons) Government of the Punjab or Federal Government.
- iv. If you are applying for 'M' Category seats, you must submit in original a certificate from the Registrar of the university on prescribed Form F-IX (Available in the Registrar's office).
- v. If you are applying for the 'N' Category seats, you must submit an attested photocopy of the relevant degree of your father or mother and renewed PEC registration Certificate.
- vi. If you are applying on 'O' category seats, you must submit an attested photocopy of the educational degree/

- certificate of your parent as evidence of the fact that he (parent) was a graduate of this university or its parent institution, i.e., the former University College of Engineering Taxila.
- vii. If you are applying for Q1 or Q2 category seats, you must submit a certificate from the District Coordination Officer verifying that he is a resident of the tribal areas of respective districts.
  - viii. If you are applying for 'R' category seats, you must submit an undertaking duly attested by Oath commissioner on Rs. 50 stamp paper, affirming that you belong to the scheduled religious minority non-Islamic group.
  - ix. If you are applying on 'X' category seats, you must submit
    - a) A Certificate on Form F-VIII (can be downloaded from university website) regarding his parent's employment in a foreign country issued by the Pakistani embassy in that country.
    - b) A photocopy of his parent's valid resident visa for that country attested by the Pakistani Embassy.
    - c) In case of orphan visit section 23.22 for information about additional documents required.
  - x. If you have successfully completed the NCC training and wish to claim 20 marks you must submit an attested photocopy of the certificate issued by the Director General National Cadet Corps and Women Guards.
  - xi. If you are claiming 20 marks for being Hafiz-e-Quran, read clause 24.5 of the prospectus carefully.
  - xii. If you are son of Armed Forces Personnel and are seeking admission not against the seats reserved for the province of your domicile but against the seats reserved for the province where your parent is posted, you must submit in original certificate from the GOC of the area about the place of your parent's posting.
  - xiii. If you are applying for any category requiring the Punjab domicile and you

have passed the Higher Secondary Examination from a Board or Institution not included in the Punjab/Federal Capital Area, Islamabad, you should read section 26.2 and 26.3 carefully to find out the additional documents, you must submit along with Form F-I.

## 28 How to Complete and Submit the Application Form (F-I)?

Only online filled application forms will be accepted. A candidate can fill the application form (F-I), available online at:

[admissions.uettaxila.edu.pk](http://admissions.uettaxila.edu.pk)

While filling the FORM (F-I) please read the following instructions carefully:

### Instructions for Online Filling of Application Forms:

- On the web-link admissions.uettaxila.edu.pk, click on My UET button.
- Enter your CNIC/B Form No. issued by NADRA, set password, and then click Register button for registration with UET to access the application Form.
- The Candidate can Sign in now.
- Fill the personal information, applicable options, educational information, and preferences and submit it online.
- The candidate can sign in again and again to see/edit his/her data until the closing date of submission of application forms online. After that editing access will be disabled.

**28.1** Separate applications are required to be submitted for Group 01 and Group 02 programs along with a specific application processing fee.

**28.2** All entries should be in BLOCK LETTERS.

**28.3** Fill the column for preferences very carefully. The order of preferences once given shall be final and cannot be changed subsequently, after the submission of the application form online.

**If any change in preference order or correction of information in the submitted application is desired by**

**any candidate; it can only be done by withdrawal of current application and to file a fresh application with new registration fee.**

**28.4** Under Column 'Disciplines' use the following abbreviations:

Civil Engg.	Civil
Computer Engg.	Computer
Electrical Engg.	Electrical
Electronics Engg.	Electronics
Mechanical Engg.	Mechanical
Software Engg.	Software
Telecom Engg.	Telecom
Industrial Engg.	Industrial
Environmental Engg.	Environmental
Mechatronics Engg.	Mechatronics
Computer Science	Computer Sc
BS Physics	Physics
BS Mathematics	Mathematics

**28.5** Under the Column 'Category' the candidate will choose only among 'A' (open merit), 'S' (partial subsidized) or 'X' (children of overseas Pakistani). The other categories will be adjusted automatically depending upon his applicable options.

**For Example:**

A candidate whose father is an engineer, alumnus of UET, Taxila and the candidate also belongs to the Tehsil Taxila and his first choice is Mechanical Engineering then ideal way to fill preferences is as follows:

Sr. No.	Discipline	Category
1.	Mechanical	A
2.	Mechanical	N
3.	Mechanical	T
4.	Civil	A
5.	Civil	N
6.	Electrical	A
7.	Electrical	N
8.	Electrical	T
9.	Electrical	O
10.	Mechanical	S
11.	Civil	S

and so on.

- 1<sup>st</sup> preference is Mechanical open merit.
- 2<sup>nd</sup> preference is Mechanical for engineer's son seats.

- 3<sup>rd</sup> preference is Mechanical Tehsil Taxila.
- 4<sup>th</sup> preference is Civil open merit.
- 5<sup>th</sup> preference is Civil for Engineer's son seats.
- 6<sup>th</sup> preference is Electrical for open merit.
- 7<sup>th</sup> preference is Electrical for engineer's son seats.
- 8<sup>th</sup> preference is Electrical for Tehsil Taxila.
- 9<sup>th</sup> preference is Electrical for children of university alumni seats.
- 10<sup>th</sup> preference is Mechanical in partial subsidized category.

**28.6 Deadline for Receipt of Applications**

The application form complete in all respects should be submitted online on or before the last date notified for submission of applications.

**28.7 Incomplete Applications**

Incomplete applications shall not be entertained, and application fee shall also not be returned on any ground.

**29**

**Procedure for the Selected Candidates**

**29.1 Notification of Selection**

Admissions are granted on merit and according to preferences given by the applicants.

A list of selectees will be displayed on official University website (admissions.uettaxila.edu.pk). The applicants can check the merit lists according to the schedule given in Section 33.

**29.2 Depositing of Dues and Documents**

- If the name of applicant appears in the merit list, he will report to Admission Office within the prescribed time limit for the particular merit list.
- He will submit the printout of application form F-I along with documents mentioned in section 27 of the prospectus. His eligibility will be determined according to the eligibility criteria for a discipline/ category laid down in the prospectus.

- **The admission offers to “Not Eligible” candidates will be cancelled whereas the “Eligible” candidates will be issued call letters and bank challan.**
- After depositing fee in HBL, UET, Taxila branch the candidate will submit the following documents in the Admission Office within the time period of a particular merit list:
  - i. Bank Challan receipt in support of the University Dues deposited in the Habib Bank Ltd., UET, Taxila Branch
  - ii. Medical Certificate (F-V) duly signed and stamped by the District Medical Superintendent or the Medical Officer of the university or a Commissioned Medical Officer
  - iii. Original degrees, certificates, and result cards of SSC, HSSC, BSc, GCE(A), Diploma of Associate Engineers or the equivalent qualifications and their duplicate attested photocopies
  - iv. Original Marks Sheet of Entry Test
  - v. Original NCC certificate (If applicable)
  - vi. Original Domicile certificate
  - vii. Attested copy of National CNIC/Form B
  - viii. Bio-Data Sheet (F-VI) duly completed.
  - ix. Undertaking (F-VII) on a Stamp Paper of Rs. 50/-

**Important: Consideration in next merit lists: Admissions are granted on merit and according to preferences given by the applicants. An applicant who secures admission in a discipline of his lower preference and he desires to be considered in next merit lists, MUST submit all the UNIVERSITY dues and ORIGINAL documents. If he fails to do so, his name would be excluded from any future merit lists and his admission would be cancelled.**

### 29.3 Relaxation in Time Limit

If a selectee is prevented by unavoidable circumstances from timely fulfillment of the requirements

laid down in 29.1 and 29.2, he should intimate the Convener Admission Committee about it within the prescribed time limit along with relevant documentary proof. The Convener Admission Committee may, at his discretion, grant relaxation in the time limit, which shall not exceed Three days.

### 29.4 Forfeiture of Right for Admission

A selectee who fails to fulfill the requirements laid down in 29.1 and 29.2 within the prescribed time limit shall forfeit his right of admission and will not be considered in subsequent merit lists.

However, such candidates may be considered as per following:

Initially they will be offered admissions in the disciplines in which their names appeared 1st time in merit list at the end of the current merit list, based on merit and subject to the availability of seat **and on submission of fresh application processing fee.** Moreover, they will be eligible to be transferred in the disciplines of their higher preferences, if further merit lists are displayed.

### 29.5 Provisional Admission

On fulfillment of the obligations mentioned in 29.1 and 29.2 a selectee will be admitted to the university. This admission shall however, be 'provisional' until all the original degrees or certificates, submitted by him, have been verified for their veracity. In case any document proves to be false, fake, fabricated or do not comply towards eligibility criteria mentioned in section 21 found at a later stage, a provisionally admitted student shall be liable to expulsion from the university and to any other disciplinary or legal action the university may deem fit. Moreover, all the fees and charges deposited by him shall stand forfeited in favor of the university.

**29.6 Notification of Selection of Categories B, C, D, E, F, and G**

The applicants for the seats reserved for these categories will be informed about selections by the authority responsible for their selection. After that the university will issue them call letters with a target date to report in the Admission Office to complete the remaining admission formalities.

**29.7 Late Admission**

The students who will join after the mid semester examinations of 1st semester (because of late nominations and/or 2nd, 3rd cycles of admissions) will be awarded “W” grade in all subjects of the result at the end of 1st semester of his regular session and their makeup classes will be arranged by the respective Chairman after the 1st semester examinations. The mid semester and end semester examination will be taken afresh of all such students and their result will be forwarded by the Chairman to the Controller of Examinations later. The result of 1st semester of such students will be revised by the Controller of Examinations.

**29.8 Withdrawal of Original Documents:**

The student may be allowed to withdraw their original documents (SSC/HSSC/Domicile) for some other use/purpose but he will not be allowed to withdraw all three original documents (SSC/HSSC/Domicile) at one time. At least one of his original documents will be retained in admission office as security deposit. In this regard the student will submit a written request to the convener admission stating the purpose (with documentary proof), duration and date of return duly signed by the respective chairman.

**29.9 THE ADMISSION MADE AS A RESULT OF AN ERROR, OMISSION OR MISTAKE SHALL NOT CONFER ANY RIGHT OF AN APPLICANT**

**30 Fees and other Charges**

**30.1** The fees and charges to be paid by the admitted students are mentioned in Table 30.1. The same are subject to revision/ modification by the University authorities at any time without any prior notification.

**Table 30.1**

Sui Gas charges**	1,500	
<b>Total for First Semester (Resident)</b>	<b>24,000</b>	

\* These charges will be paid with the fee of 2nd, 3rd and 4th Semesters of Civil Engineering students only

\*\* These charges are dependant on the prevailing rates of fuel, electricity and gas fixed by the government. At the start of every semester these charges will be decided by the VC on the recommendations Treasurer and PD.

Notes:

1. In case of admission withdrawal fee will be refunded as per Fee Refund Policy given in clause 30.11 of this prospectus.
2. In case a candidate of partial-subsidized category is promoted to some other subsidized category during admission cycle then the total fee/charges deposited by him/her will be adjusted in the fee of next subsequent semesters.

**30.2** For different type of certificate fees and other examination related charges, contact Examination Branch.

**30.3**

- i. The University also grants fee concession on merit as well as need basis.
- ii. Students should maintain their own personal record of original receipts of dues till clearance including receipt of refundable security to avoid problems in future. Non-production of original dues receipts on demand can be considered as non-deposit of fee.
- iii. All the admitted students are advised to open their bank accounts in Habib Bank Limited at UET Taxila branch.

**30.4** The Chairman of the concerned department may grant extension in payment of dues to the needy students on cogent reasons recorded in writing for a maximum period of 30 days beyond the schedule of the dues circulated by Treasurer. He may also allow the payment of dues in two installments. The remission of late fee fine or re-admission fee cannot be waived off if extension is not allowed by the Chairman beyond the extension period. However, the Competent Authority can waive off late fee fine, on the provision of special case.

**If such student fails to deposit the fee upto expiry of this extension, then all relevant clauses starting from 30.10d and onwards will be applicable (Semester Registration/**

**Fee).**

**30.5** University dues received in favor of students under loan scheme of National Bank of Pakistan will be adjusted against his/her outstanding dues. In case, the university has extended fee concession to a student, the same will not be withdrawn. The amount equal to fee concession will be paid to the concerned student to enable them to return the amount to NBP themselves to reduce their loan liability.

**30.6** Financial assistance / Scholarship received from UET or any other agency/organization, the fee will be adjusted for his/her outstanding dues. The amount will not be refunded to the student. In case he/she has already been granted Half/ Full fee concession for the said period, it will stand canceled automatically and he /she will deposit the fee concession amount in favor of the university or financial assistance will be adjusted against outstanding dues. Student can avail one financial assistance/ scholarship from any agency at a time.

**30.7 Periods of Fees and Other Charges**

The Non-Recurring fee are charged at the time of admission while the recurring fee are charged per semester. The hostel charges are payable for the whole semester. Electric heaters are **not allowed** in hostel room for all students. A hostel resident found in violation of the rule by using heater in hostel room will be fined Rs 10,000 along with cancellation to of hostel residency for rest of his/her studentship in the university.

**30.8 Securities**

All kind of securities mentioned above remaining unclaimed for two years from the date of becoming due for refund shall lapse to the university for transfer to the Welfare Fund.

**30.9 Refund of Securities**

- i. The mess security will be refunded when a student leaves the university

or the hostel, after deduction of outstanding dues of the university, subject to the submission of clearance, completed in all respects.

- ii. The refundable university security, library security and hostel security, however, shall stand forfeited if a student withdraws from or leaves the university before completing the first year.

### 30.10 Semester Registration / Fee

- a. Regular semester fee & charges are payable before the start of every semester (Fall or Spring). The Treasurer will notify the fee schedule for all sessions one month before the start of every new semester in accordance with the Academic Schedule notified by the Director Academics. The last date of semester registration will be the last date of regular semester fee & charges submission.
- b. The registration of the students (forms or online) for each semester will be done by the Chairmen of the academic departments.  
The notified regular semester fee and charges for each semester shall be managed by the Treasurer. The registration and fee submission shall be completed ten (10) days prior to the start of the semester.
- c. In case of a regular semester, if a student fails to register himself and/or to deposit the regular semester fee & charges (Defaulter Students' List to be notified by the Treasurer) for some cogent reasons, a fine of Rs. 100/- per day will be charged till one month of the commencement of classes. During this period chairman of the department can permit such candidate for late registration with payment of fine till that date.
- d. If a student fails to get himself registered for a regular semester and/or does not deposit the regular semester fee & charges (Defaulter Students' List to be notified by the

Treasurer) till one month after start of semester, he will be treated as suspended from the department. The Chairman will notify his suspension to all concerned. The Chairman can lift this suspension after the payment of re-admission fee and a fine of Rs. 4,000/-.

- e. After one month of start of a regular semester, chairmen of all academic departments will notify the complete lists of registered students to all the concerned. These lists also include the students who have frozen their semester or who have registered themselves for additional courses with junior sessions and the names of students whose admissions have been suspended.
- f. The student who fails to register for a regular semester and/or to deposit regular semester fee & other charges (Defaulter Students' List to be notified by the Treasurer) till the mid-semester examinations, his admission shall stand cancelled which will be notified by the Chairman. Such students will not be allowed to sit in the classes and to attempt the end semester examination of the semester.
- g. The student whose admission has been cancelled can apply for re-admission. In this case application will be routed through Departmental Semester Committee (DSC) of the department and will be placed before the Dean for the final decision. The Dean will notify this decision to all the concerned. Re-admission fee, fine of Rs. 8,000/- and any other penalty imposed by the Dean will be applicable.
- h. For all the above-mentioned cases, the student will not claim any other relaxation in the rules governing for teaching, attendance, and examinations etc.
- i. The student who fails to register himself and/or to deposit the regular semester fee & charges before the end semester examination of the semester,

he will be treated as dismissed from his regular session. If he is willing for re-admission, he shall apply for forced relegation with the junior session explained in relevant clause of UG Rules & Regulations.

**30.11 Fee Refund Policy for Admission Withdrawal case:**

The following fee refund policy will be applicable in case of admission withdrawal (Revised National Level Fee-Refund Policy for Higher Education Institutions of Pakistan notified by HEC vide No. 10-1/HEC/A&C/2015/6542 dated December 7, 2015 and UET, Taxila adopted vide notification No. UETT/A&R/S-5/(51)/1969 dated November 28, 2019):

%age of Fee	Timeline For Semester
Full (100%) Fee Refund	Up to 7th day of commencement of classes
Half (50%) Fee Refund	From 8th – 15th day of commencement of classes
No (0%) Fee Refund	From 16th day of commencement of classes

- i. Percentage of Fee shall be applicable on all components of fee, except for security and admission charges.
- ii. Timeline shall be calculated continuously covering both weekdays and weekend.

**31 University Dress Code**

The students shall wear dress that ensures modesty, sobriety, and dignity. The dress must neither be offensive to social norms and ethical values of society nor injurious to feminine grace and gentleness. Female students shall, preferably, wear a scarf and an overall sufficient to conceal their posture.

**32 Miscellaneous**

**32.1 Liability for Injury Damage and Loss:**

The University teaching programs include training in its workshops and laboratories, places of engineering

interest, industrial concern, and construction jobs. The University or other concerns shall not be responsible in the event of an injury, damage or loss to a student resulting from any cause whatsoever during such training.

**32.2 Modification of Rules and Regulations:**

The rules and regulations governing various aspects of students’ life at the University (such as discipline, admissions, examination, migrations, fees, and charges etc.) are given in this prospectus or elsewhere as they stood at the time of its publication. There is no guarantee that these rules and regulations will remain unchanged throughout a student’s stay at the University; nor does it, in any way restrict or curtail the inherent powers for the University authorities to modify them whenever in their judgment any modifications are called for, and to implement the modified rules and regulations from a date which they deem appropriate.

Treasurer	051-9047413
<b>Admission Office Staff</b>	
Mr. Abdul Waheed Assistant	051-9047412
Mr. Usman Khalid Qureshi Jr. Programmer	
Mr. Ghulam Dastgir Jr. Clerk	

**36 | IMPORTANT NOTICE: ADMISSION POLICY****ADMISSION SCHEDULE**

For updated admission schedule please keep visiting  
[admissions.uettaxila.edu.pk](http://admissions.uettaxila.edu.pk)

**ELIGIBILITY FOR ADMISSION**

The candidate should have obtained at least 60% unadjusted marks in examination based on which he seeks admission. Marks of NCC and Hifz-e-Quran, where applicable, shall be added only for determination of merit and not towards eligibility. Rounding off percentage figure to make it 60% will not be considered towards eligibility. The candidate having 50% marks will be considered for Computer Science only.

**PREFERENCE TABLE**

Only one F-I is required for all disciplines of interest in UET, Taxila. The applicant should precisely and carefully fill the preferences table. The order of preferences once given shall be final and cannot be changed subsequently after the submission of Application Form online.

**FORFEITURE OF RIGHT FOR ADMISSION**

A selectee who fails to fulfill the requirements laid down in 29.1 and 29.2 within the prescribed time limit shall forfeit his right of admission and will not be considered in subsequent merit lists.

**TRANSFER ON THE BASIS OF GIVEN PREFERENCES AND MERIT**

In case a seat in any Discipline/Category of higher preference given by a candidate falls vacant and he is eligible for transfer to that Discipline/Category based on his merit, he shall automatically be transferred to that Discipline/Category. He will have no right to retain his admission in the previous Discipline/Category because the seat vacated by him shall simultaneously be allotted to the next eligible candidate on merit.

**FREEZING IN ANY GIVEN DISCIPLINE AND CATEGORY**

If an applicant requests in writing to retain the discipline and category in which he has been selected for admission on merit, then he will not have any right to claim his admission in any other discipline and category of higher or lower merit if a seat falls vacant in any discipline. Applicant desiring to freeze category/discipline must have to apply in person in the admission office on the prescribed form for this purpose before the next merit list is displayed.

**UNIVERSITY OF ENGINEERING  
AND TECHNOLOGY, TAXILA**
